

SIXTY SIGE - he wants ter know.

If you wants ter find out whats bitin yer, hadnt yer better zam-in ther under-cover of yer wrap, sted of dustin off ther shoulder of yer coat?

John Jonson was over to Squire Bens X-roads grocery tuther night, and was talkin bout sum folks thinkin ther farmers was jest rollin in money from ther hi-prices thay was a-gittin fer thay craps. And that hit sho was a mis-took idee. That ther farmers was a-gittin less fer thay craps, cordin to how much more thay had to pay fer what thay had to buy sot to make thay craps, that hit put ther farmers in a wus fix than thay uster be when thay got less fer thay craps. Squire Ben said — You dont hav to argy that with me. I hav got ther reckods rite here that proves you air rite. — And he retched up and puld down a Pathfinder Magazine and said— Hers what ther Govment is up er-gin in perparin fer this new war. And you and me and all ther rest of ther tax payers air ther Govments money-puppies that gits calld on fer ther spondulix to hand over to them greed-grabbin manefacters at what ever price Mr. Truman sees fit to let em charge. And hit seems lak thay incline to roll upards in wussen Congres rollin thay Pork-Barrel round ther pig-lot trappin up ther seeds of perduction, fer as future increse is consarned. And heres ther recked rat from ther book.— A Bummer-Plane that cost ther Govment 330 thousand \$ in 1939 when hit was prepared fer World-War 2, now in 1950 will cost 3 milyun in perparin fer World-War 3. Thats rite—in 1939— 1/3 of a milyun—in 1950, 3 whole milyun—Jest 9 times up. A Destroyer 7 milyun in 39, and 40 milyun in 50—Yerbout 6 times up. A light Tank, 27 thousand in 39, and 225 thousand in 50—Morn 8 times up. Armin a Infantry Division, 14 1/2 milyun in 39, and 74 milyun in 50. 5 times up. A Armerd Division—30 milyun in 39, and 199 milyun in 50—Bout 6 times up. Now all that shows how ther Big-

Over-All Debt Is \$442,000,000,000

Public and private debt in the United States, on December 31, 1949, amounted to \$442,000,000,000. This represented an increase of about two and one-half per cent for the calendar year, 1949.

Of this indebtedness, the Federal Government owed about \$218,500,000,000 and state and local governments owed \$18,000,000,000. The rest of the sum represents indebtedness incurred by the people and corporations of the United States in their own business affairs.

This tremendous total of indebtedness would have scared financiers to death thirty years ago. Nobody would have believed that the nation and its people could carry such a financial burden except in the greatest distress. Nevertheless, something like prosperity seems to be abroad in the land and few seem to be concerned about the amount owed or how it will be paid.

Boys air rollin up ther prices of thay manufactured craps. And then lets see sumthin bout ther farmers roll-up.—Ther Agercultural Department says here on this sheet that ther farmers got fer thay—

Flu curd Tobacker 3 times as much in 1949 as in 1939; Cotton 3 times as much in 1949 as in 1939; Corn 2 times as much in 1949 as in 1939; Wheat 2 times as much in 1949 as in 1939; Milk 3 times as much in 1949 as in 1939; Beef Cattle 3 times as much in 1949 as in 1939; Veal Calfs 3 times as much in 1949 as in 1939. Now dont that show that fer evy one-round rise up ther price-ladder ther farmers climbs fer follerin a life savin perduction biznes, ther merniplaters takes a 5 to 10 climb fer manufacturin Death and Destruction? And when hit cums to ther house-wifes prices at ther grocery grand-stand, thay ort not to lay thay mountin cost of livin to ther clod-hoppers in ther vally, caus them peak-prices growd up on ther hill-top, not down in ther vale.

Now Is The Time to go to COURTNEY'S For FURNITURE

What does **MILDNESS** mean to you, Mr. Pinza?

EZIO PINZA,
WHO STARRED IN "SOUTH PACIFIC", SAYS:

MILDNESS TO ME MEANS THE CIGARETTE THAT AGREES WITH MY THROAT— CAMEL!

Milestone in a Career!

We see it happen over and over again—and it's one of the greatest satisfactions we enjoy in this happy business of selling Cadillac cars.

It's when a man comes into possession of his first Cadillac—and we witness the wonderful, wonderful things it does for him.

We see his happiness as he places his order—not as the result of a sudden inspiration, but because he has gradually reached the conclusion that he has earned the right to the unquestioned best. A Cadillac buyer has his mind made up when he starts to move.

And then we see him on that happy day when his car is available for delivery—and he settles himself so proudly behind the wheel.

He's a little quizzical, we sometimes note. Could it be, he wonders, that he's anticipating a bit too much?

And then he's out in the street—headed for home the long way round. There are some things a man wants to try for himself—with no one near to watch him!

Those are thrilling days that follow. There's the first long ride with the family

... the first trip to the office, with a waiting delegation to admire his choice... and there's the time he learns, in an emergency, that his car is worth its whole price in safety alone.

And then, almost before he knows it, the odometer registers a thousand miles—and he's back to tell us all about it. And, perhaps, to grumble a little bit at giving it up for a checking over. It's hard to part from a great new love, even for a little while!

Yes, it's a priceless privilege to watch all this. Makes a man feel that he's doing good.
