

### HIXTY SIGE

—he wants ter know,

Ef one law makes you pay yer tax, and summo laws pervesents you frum usin yer property sos to raise yer tax; aint ther laws dun made you into a double-X betwixt a Dang-Phool, and Phool-be-Dang?

I sees by ther papers that ther U S A Munitions-Board is ter-ably short on thay stock-pile of wool, and is so critical low, that ther Army is fishin round fer Australian wool, sos to be able to proper clothe ther soldier boys endurin ther cumin cold winter in ther fitin field. Whilst ther soldier boys Dady's back home air devotin thay layin-out lands to Prowlin-Dog runs. Lands that mout be turned into Sheep-raisin runs that would perduce all ther wool and muttin needed to warm-up and feed-up thay soldier-sons in ther snow covered fitin fields. Now aint that a purty good piece of us Wise-Guys wastful ways? I was ridin on ther train one time up in ther Peedmont section of North Caliny, and got to talkin to a man in ther seat frunt of me. And he said—I was jest a-thinkin that I owns several hundred acres of cut-oner lands nigh to where we air ridin thru, that aint good fer nothin but graze sheep thatud be a benyfit to man-kind, ef it want fer ther prowlin-dogs that loid to run loose and wud git to feedin on their flocks. But that he reckoned he wud git put in ther Penyventry by a avalanch Seneter Vestes ef he was to start ther biznes, so he was stayin out, and tax-listin his dog-runs as waste-lands at 18 a acre, whilst a good sheep biznes mout call for a 100\$ listin.—Now dont all that look lak thar is sum sorry Brain-Trusters in ther Legislaty? Thar aint no law a-ginst a mans havin a Best-friend Tiger, ef he takes keer of im. But when he turns im into a Prowlin-Tiger, thats a-nuther propersition. And hit ort to be likewise fer Prowlin-Dogs.

Ef fer ther want of a brain, ther head was lost—And fer ther want of a head, ther driver sped on the perdition—Don't that pitch lifes battle on a brink? Well ther papers air full of picturs of artemobile wrecks of yistidy, to day, and all ther tomor-rers. Hits half ther news of all ther days. 3 kilt here—5 kilt yander — Pig-scaled in this'un — Burnt up in that'un—A buterful young girls butifal face scard up and uglier fer ther rest of her miserable life—Mamas Darlin Doll minus both legs sos to wheel-eher round fer meby 75 years to rum—Hundred of em evy month—Growin into 1000s of em evy year —And all ther years to cum—All this in ther land of ther God-blest Macs, and all them that aint Macs. All this in ther land of ther god-blest nation of all ther nations on all ther earth, or so this nation

claims, god-blest by ther delev of destruction, not by Him above. Rite in the land of flitter and fly—Git thar berfore you do, sos I kin beat'cher on ther die. AND WHAT ERBOUT IT? Peers lak ther only way out is to git ther folks in Zulus, sted of a 1000 a day fer ther how hit would show us more ed-yecated to jest kill one a month by caryin em thru ther canbie-kettle—one to evry 100 hungry Zulus, sted of a 1000 a day fer ther benyfit of ther buryin boys. All this whilst havin to stint our stumicks sos to raise ther spondulix to buy one ther 100 mile Hummers, jest to be busted up fer ther junk man to sell to ther Eruvli-ution factry sos hit kin git borned ergin into a new See-dan, See? Jest a nuther 2000 frum stumick-savins. All this in ther land that tryin to lead ther world because of our hi-edvucation. Thar was a feller once that had brains ernuf to put out that—Whar ignance is blis, hits folly to be wise. Now dont it look lak we-uns air tryin to bumperang that saying into—Whar folly is blis, hits agnant to be wise? No wonder ther Judges air a-sayin thay cant git a drunk-driver convicted in cote, caus ther jurys dont want to take ther driv-licens way frum ther po-killers. And most of that is becaus—all ther drunk-driver has to do it to git'im a lawyer that knows how to pick'im a drunk-drivin-jury, and thay sho wont risk thay own lis-ense by no sich conviction. And bout ther only way outn this is to let ther Judges be ther Jurys.—
