## Bear Grass Club Installs Officers

The Bear Grass Ruritan met Monday night, December 4th and installed new officers for 1951: President, Clayton Revels, Vice President, Ralph Mobley, Secretary, Clifton Malone, Treasurer, Virgil Wobbleton, Sgt.-At-Arms, Delmus Rogerson, Chaplain, Eli Bowen and Reporter, Pete Rogeis. President A. B. Ayers gave a resume of the work performed during 1950. Donations were made to the following: \$20.00 to Aged Women, \$37.00 to families whose homes were burned, \$10.00 to 4-H Club Livestock Show. They reorganized the Boy Scout Troop and sponsored the purchase of tents for them amounting to \$130.00. Aid was given to four people entering college. The club has taken much interest in sponsoring a better road program and Mr. H. G. Shelton, Highway Commissioner, met with us at one of our regular meetings. The club is providing recreation equipment for Bear Grass school and has been a strong support in the community.

## Boy Scouts Report Their Activities

**Troop 27**  
The regular meeting of Troop 27 B. S. A., was called to order by Jerry Savage who took up dues. Every boy who was present paid.

Joe Clayton, Apache Patrol leader, read a chapter from the Bible to the boys of the troop. Billy Thornton led us in the Lord's Prayer.

Jerry Savage gave us a thorough map sketching demonstration, with Joe Clayton helping. After Joe had finished we welcomed a new boy, Jimmy Carraway, who did a campsite for us.

The Green Bar Patrol will not have another meeting until the first of the year.

We have not yet set a definite date but we are going to draw names and have a Christmas party. We are also going to deliver baskets to some of the needy.

We closed with the Scoutmaster's Benediction.

Scribe James Pittman.

## Housewife Has Tremendous Job

The amount of work performed annually by the average housewife is staggering when the statistics are added up. With the accent on labor-saving her job is becoming easier. Time was when the typical home maker walked seven miles a day inside her own house. Modern, compact kitchens have reduced that by several miles. Automatic dishwashers have removed much of the drudgery from cleaning the 20,000 or more dishes that the family of four would use in a year. Now a company adds a new statistic based on the fiber milk containers it manufactures. The six and a half billion one-trip paper containers being produced by the industry this year weigh about an ounce and a half each, while round-trip types of containers tip scales as much as 22 ounces. Measured in quart size containers alone it is estimated that about 10 billion pounds is saved in trips between home and grocery store. That gross tonnage approximates the weight of more than 16,000 main line locomotives of 300 tons each — quite a load off mother's back!

### DARDENS CLUB

The Dardens club met with Mrs. James Stalls, Dec. 8 on Friday. We transacted very little business, as the entire time, was devoted to a Christmas Program Party. We had 16 members present. Our program was a "Take me back to the days of my youth", type, as we were called by our maiden names to recite little recitations, dialogues and several Christmas Carols were rendered. Christmas at day-break in the barn-yard was played. Renda Daniel was the winner, Miss Parker at this time came over with a devotional service. The 2 chapters of St. Luke, were read and the Lord's Prayer was repeated. After this the fun really began, with contests, and prizes. Knowing Miss Parker thinks she landed in a den of Ignoramuses and should be put on the program, "It Pays to Be Ignorant". We managed to capture a lots of prizes. The hostesses had arranged a beautiful Christmas tree. Then gifts were exchanged everyone was so cheerful and happy. Our next step was to a table, that was completely loaded with home made candies, cookies, grapes, apples, everything you can think of, with hot chocolate drinks. The feast was really enjoyed by all.
