## **New High Voltage** Line To Be Built Through the Town

**Town Of Washington Signs** Contract For Power With the VEP

The power potential in this area will be increased from 33,000 to 110,000 volts within the next twelve or eighteen months if plans proposed by the Virginia Electric and Power Company are carried to their final conclusion, according to information released this week by Vice President R. H.

Goodmon from his offices here. While present indications point to the successful conclusion of the proposed project, there are a few technicalities to be handled, it

It is proposed to extend the 110,000-volt line from Suffolk to a point near Greenville where the Virginia Electric and Power Company will connect with the Carolina Power and Light Company. The line, as a part of a current age 82, and Walter Holliday (a the VEP Company to a point near nephew of Leonard Holliday) age Aulander. The latest proposed 73, are not members of the 4-H project would extend the highclub, but have organized a new powered line to Windsor, and on corn club called the 2-H club, through Williamston, thence to Washington and finally to the In March 1950 the two Mr. Hol- point near Greenville for the con-

Herbert Whitley is to report to Fort Bragg next Monday for his physical, and Drs. Himmelwright and Llewelyn are to go to Greenville Sunday for theirs. Billy Biggs is having his physical in Rocky Mount today. There are quite a few other reservists in this immediate area, but as far as it could be learned none of them has been instructed to report for the examinations.

#### Firemen Called Out Here Last Evening

Firemen were called to the Brown's Community Hospital parking lot on West Main Street last evening at 7:45 o'clock when fire threatened Farmer Leggett's automobile.

Someone had accidentally flipped a cigarette into the rear seat the time firemen reached there.

It was the second call received by local firemen this week.
