

Disciples Meet In Wilson Church

Disciples of Christ from two states will assemble at the First Christian Church of Wilson for an Area Assembly of that religious group October 3 and 4. The assembly will be one of 17 being held throughout the United States in place of the annual International Convention which is not being held this year. States included in the Wilson Assembly are North Carolina and South

Carolina. The theme for the Assembly is "The Assurance of Things Hoped For". This emphasizes the fact that the Christian faith offers a positive note which brings assurance for the future. "The content of the program from beginning to end will be the forward look," it was stated by Dr. Gainse M. Cook of Indianapolis, executive secretary of the International Convention of the Disciples of Christ. "Plans in five major areas will be considered: evangelism, missions, education, stewardship and the ministry," Dr. Cook continued.

Farm Fires Hurt Defense Efforts, Kill 3500 A Year

Farm Property Fire Loss Is Estimated At \$100 Million Annually

With America again the granary as well as the arsenal of democracy, it has become imperative to save farm buildings, production and storage facilities and food from destruction by fire, the National Board of Fire Underwriters says.

Fires on farms take an estimated 3500 lives annually, as well as destroying about \$100,000,000 worth of property.

A large percentage of farm fires result in total or nearly total losses, because the fires are not discovered in time, water supplies are insufficient, or good fire fighting equipment is too far away.

To reduce the danger of fire on farms and rural properties, the National Board suggests:

1. See that exposed buildings are equipped with lightning rods approved by Underwriters' Laboratories. Lightning is the leading cause of farm fires in most areas.
2. Inspect your lightning rod system to make sure it is in good repair. Have rusted smokeships and cracked chimneys fixed by a competent repairman.
4. Have electric wiring inspected. Avoid "home made" wiring or temporary installations.
5. Instruct every member of your household in the dangers of using kerosene to start fires in stoves. Be sure that kerosene is used in approved heaters, stoves or lamps built especially for it.
6. Prohibit smoking in barns, machine sheds and oil storage houses.
7. Provide an emergency water supply near a road near your farm buildings. If you build a cistern, be sure it holds at least 3000 gallons.
8. Cooperate with your neighbors to support a rural volunteer fire department.
9. See that every member of

The assembly will be presided over by Dr. D. Ray Lindley, vice president of the International Convention and president of Atlantic Christian College of Wilson. Serving as co-director of the 17 Assemblies with Dr. Cook is Dr. C. O. Hawley of Indianapolis.

PRINCESS MARGARET COMES OF AGE

BRITAIN'S PRINCESS MARGARET poses for her 21st birthday portrait in the music room of Buckingham Palace in London. The daughter of King George and Queen Elizabeth wears a five-rose pearl necklace with her dress of white taffeta. Appliqued petals and silver sequins form the flowers decorating bodice, shoulder straps and band of the full-length skirt. The birthday was spent with the royal family. (International)

Brief Events On National Front

About ninety percent of all exchange money in the United States is by check, and about fourteen million checks are cashed each day.

The Commodity Credit Corporation reports that in carrying out the administration's farm-price-support programs in the year ending last June 30 it had a net loss of \$345,599,000.

The Immigration Service cleared 663,509 aliens for entry into the United States during the past fiscal year. In the same period 12,253 aliens were deported and 673,159 deportable aliens left voluntarily.

According to federal reports, International Revenue collections last year were \$50,445,686,315, almost thirty percent above the previous year. At the same time state taxation reached the new high total of \$8,932,000,000, a 12.6 percent increase.

The Treasury department reports that the government's deficit for the first two months of the present fiscal year—July and August—was \$3,661,000,000. Expenditures were \$9,826,000,000.

The Defense department has increased its October draft call from 41,000 men to 44,600. The additional 3,600 men are to go to the Marine Corps.

The government on September 5 ordered further reductions in the manufacture of automobiles, TV sets, refrigerators, and other durable goods, effective October 1.

To make sure that your farm is safe from fire, inspect it annually with an underwriters' form. This form can be obtained from local insurance agents or by writing to the National Board of Fire Underwriters, 222 West Adams Street, Chicago, Ill.

State College Tips To the Housewife

By Ruth Current
State Home Demonstration Agent

Stews are natural-born meat-stretchers and any low-cost cut of meat plus vegetables at hand will make a fine stew. Remember, too, it is good managing to make enough for two meals, then skip a day in serving.

Allow 1 pound clear meat for 1 1/2 servings. Trim bits of fat from meat and heat slowly in heavy deep skillet or kettle. Use kettle that can be tightly covered. Cut meat in uniform pieces (about 1 1/2 inches), dredge well with salted flour, and brown well in fat in kettle, turning to brown all sides. Add water to cover meat, cover kettle tightly, and let simmer until meat is tender. Do not boil. Veal, pork, and lamb take 1 1/2 to 2 hours; beef, 2 1/2 to 3 hours.

To add vegetables, cut onions,

potatoes, celery, carrots, or other vegetables in slices, cubes, or strips. Add to stew to cook with meat during last 30 to 45 minutes. Add seasoning to taste. Cooked vegetables may be used, but should be added only during the last 5 minutes of cooking.

Good flavor combinations:
Beef Stew: Choose cuts from neck, brisket, flank, shank, chuck, or heel of round. For vegetables: Choose from onions, carrots, turnips, celery, potatoes, green beans, cabbage. Or use tomatoes as part of liquid. For seasonings: Choose from pepper, green pepper, minced celery tops, carrot tops, or parsley, garlic, paprika, chili powder, Worcestershire sauce, ketchup, vinegar, clove, basil.

Veal stew: Use cuts from neck, shoulder, shank, breast, flank. For vegetables: Choose from onions, green beans, parsnips, cauliflower, carrots, potatoes, celery, tomatoes, celery root. For seasonings: Choose from green pepper, bay leaf, celery tops, paprika, nutmeg, marjoram, savory.

NOISY
(Fuquay Independent)
The landlord was quizzing the prospective tenant. "You know," he said, "we keep it very quiet and orderly here. Do you have any children?"
"No."
"A piano, radio, or victrola?"
"No."
"Do you play any musical instruments? Do you have a dog, or parrot?"
"No, but my fountain pen scratches sometimes."

Gaston County farmers are producing more than 40,000 turkeys this season. Production has been increasing steadily for several years.
