## Youths Abandon Borrowed Auto

Three Bertie County youths, believed to have been involved in a store robbery at Merry Hill last Tuesday night, abandoned their borrowed car at the State sand pit just off the Hamilton Road near here yesterday morning and started traveling south. They were picked up near New Bern late in the afternoon and returned to Bertie by members of the highway patrol for questioning.

Two of the three, the Byrum boys, worked with the State Highway Commission forces here at one time. They borrowed the car in Tillery last Saturday and were seen in the Merry Hill section Tuesday night, according to reports reaching here.

When picked up, the boys said they had no definite destination.

## County's Tax Values Gain More Than Million Dollars

While little or no material gain was expected, county tax valuations continue to climb steadily in this county, according to a preliminary report released this week by the office of the tax supervisor, M. L. Peel.

The report is not yet complete, but word from eight of the ten townships says the increase has already exceeded a million dollars, that the listings in the other two townships, Jamesville and Hamilton, are expected to show increases and boost the total considerably.

Tax lister O. W. Hamilton has completed all the individual listings but the North Carolina Pulp Company, again running late with its listings, is holding up the works, it was learned. A complete report is expected shortly.

## Red Cross Fund Drive In Chapter Nearing Its Goal

### Approximately \$3,200 Of The Quota Been Raised And Reported

The annual Red Cross fund drive is pushing on toward its quota in this chapter, according to a report released late yesterday by Chairman Iverson Skinner and Pete Austin.

Supplemented by \$192.37 from Bear Grass and \$44.25 from the little Rodgers School district, the fund now has right at \$3,200. If Griffins raises its \$250 quota and there is every reason to believe it will, along with reports from the other colored schools and the remainder of the Williamston residential districts, the \$4,200 goal will be met, Mr. Skinner said. Reports from these districts are expected shortly, and the chairmen are hopeful the drive can be completed within the next week or ten days.

LeRoy Harrison, heading the drive in Bear Grass, submitted the following report:

## Funeral Friday In Local Church For Mrs. Mobley

### Highly Respected Resident of Everetts Died at Home There Last Night

Mrs. Caddie Wynne Mobley, highly respected citizen of Everetts, died at her home there at 10:15 o'clock last night after years of declining health. A victim of arthritis, she had been an invalid twenty years, spending about ten of those years in bed. Her condition became worse last fall and had been critical during the past two weeks. Although she suffered much, she bore her affliction without complaint, choosing to see the bright side of life even in her long affliction.

The daughter of the late James R. and Charlie Leggett Wynne, she was born in Cross Roads Township 66 years ago on March 19, 1886. In 1902, she was married to Edward Mobley, and except for two years spent near Williamston she lived all her life in Cross Roads Township, most of it in Everetts.

In early life she joined Christian Chapel Church at Cross Roads, later transferring her membership to the Pentecostal Holiness Church in Williamston where the funeral will be held at 3:00 o'clock Friday afternoon by the pastor, the Rev. E. W. Downing, assisted by the Rev. J. N. Ward a former pastor, and the Rev. Preston E. Cayton, pastor at Christian Chapel. Interment will be in Williamston's Woodlawn Cemetery.

Surviving are her husband; seven sons, John, Leamon, Earl and Sannie Mobley, all of Everetts, Andrew of Robersonville, Everett of Williamston and Russell Mobley of Richmond; four daughters, Mrs. Minnie Wynne of Everetts, Mrs. Katherine Nelson of Hertford and Mrs. May Dell Gardner and Mrs. Rosa Faye Sabrum of Wilson; three sisters, Mrs. Emma Taylor of Everetts, Mrs. Sallie Pierce of Poplar Point Township, and Mrs. Annie Cullipher of Williamston; two brothers, James Stanley Wynne and Willie M. Wynne, both of Everetts; thirty-six grandchildren and eleven great-grandchildren.

**CORRECTION**  
In announcing the promotion of Duolon Heath to corporal in Korea this week, The Enterprise referred to Mrs. Heath as the daughter of the late Mr. and Mrs. John Williams. She is the daughter of Mr. and Mrs. James Williams who live in Jamesville, and Mr. Heath is the son of the late Mr. and Mrs. John Hermit Heath.

## SPEAKER

Twelve club members are entering seventeen calves in the show, and thirty-one boys and girls will exhibit fat hogs in the swine department, Assistant County Agent S. A. Tuten, Jr., announced.

## Many Are Called, Few Are Chosen By The Services

### No Final Induction Call Received for April; Pre-Induction, April 14

The armed services are accepting mightily few of the many men being called from this county, according to unofficial but reliable information received here.

Of thirty-seven men reporting for pre-induction examinations the early part of last week, only three were accepted, including one white and two colored men. The outcome of the examinations, while apparently causing no great concern, is most puzzling. The percentage of rejections is said to be the greatest ever charged against a pre-induction group from this county.

No final induction call for April has been received in this county, and unless more men pass the preliminary tests there'll be few available for calls in the months to come.

Another pre-induction call has been received, and fifteen men are to report on Monday, April 14.

Four men are to report for final induction at that time, not to answer a regular induction call but either because they are listed as delinquent or they transferred to the Martin County board from other parts of the country. William Grimes and Malvin Hodge, listed as delinquent, are to report on the 14th. Listing his address as RFD 1, Bethel, when he registered, Grimes was last heard from in Sanford, Florida. Hodge, formerly of 623 Church Street, Williamston, listed his last address at 2022 Beanbrier, Detroit, Mich. Hodge cleared the FBI one time, and it now looks as if the agency will get on his trial again. A third man is being transferred to the board in this county for final induction, and another is listed as delinquent by a board outside this State.

If the delinquents report and pass the tests, they will be retained for service without the privilege of any grace period.

## Telegraphers Go On Strike Today

Denied a 5-day week, Western Union telegraphers throughout the country went on strike early today.

The local office was opened a short while this morning to clear up messages filed late yesterday and last night. A short time later the door was locked and the machines were silenced.

It could not be learned when or how the strike is to be settled. Finding telephone rates too high, many telegraph patrons are turning to the mails for relief.

In addition to the speeding charges, two defendants were booked for speeding and careless and reckless driving, the court imposing a \$50 fine on each. In only one other case was a fine imposed by Judge R. T. Johnson during the all-day session of the court, Madge I. Holliday of Washington, D. C., was fined \$35, plus costs, for speeding 70 miles an hour.

The speeding cases had accumulated over a two-week period while the superior court was in session.

Proceedings, other than those involving speeding and liquor law cases, follow:

George Miner was taxed with the court costs for allowing an unlicensed driver to operate a motor vehicle.

Charged with assaulting his sister's child, Leonard Boston pleaded not guilty, explaining that he had been working on the railroad in New York for more than four years and had returned home for a rest. Adjudged guilty, he was sentenced to the roads for thirty days, the court suspending the road term upon the payment of a \$25 fine and costs. He is to remain away from the premises of Joe Jefferson.

Charged with operating an over-loaded truck, Wesley Williams pleaded guilty and was taxed with the cost.

Pleading guilty of assaulting a female, J. Riley Mizelle was taxed with the court costs.

Robert Turner King, going into court on crutches and charged with careless and reckless driving, pleaded guilty and was sentenced to the roads for twelve months, the court suspending the sentence upon the payment of a \$200 fine and costs. He is to operate no motor vehicle in the State during the next eighteen months. King, a Bertie County colored boy, was involved in an accident near Gardner's Creek on Highway 64 several months ago, causing serious injury to several persons, including himself.

## Former Resident Dies In Alabama

George C. Beard, a former resident of Jamesville, died in an Anniston, Alabama, hospital last Saturday following a short illness.

A native of Manning, South Carolina, Mr. Beard, after spending his early life there, engaged in the timber business and came to this section back in the thirties, living in Jamesville six or seven years. He made many friends there, and while his business interests carried him to various parts of the country, he still maintained his home in Jamesville.

Funeral services were conducted in Sumter, S. C., last Monday afternoon, and interment was in the cemetery there.

Surviving are his widow, the former Miss Vida Powell of South Carolina, who makes her home with one son, Wayne, in Jamesville, one other son, George Beard of Raleigh and a daughter, Miss Dorothy Beard, of Sumter.

## Fines Added Up to \$2,295 And Set A New High Record

### Twenty-eight Cases Carried Over For Trial On April 7 and 28

All previous records were broken last Monday when the Martin County Recorder's Court handled eighty-one cases, imposed fines amounting to \$2,295 and continued twenty-eight other cases for trial next Monday and on April 28. On a few occasions the court had imposed fines adding up to \$1,000 and more, but never before had the "take" passed the \$2,000 mark.

When the court opened its regular Monday session at 9:30 o'clock it had 109 cases on its docket. Shortly before six o'clock that afternoon, 81 had been cleared from the docket. Seventeen of the eighty-one cases involved liquor law violations detected by undercover agents for the State ABC Board. Twenty-eight others involved speeding, but in only one case was a fine imposed.

The bootleggers, holding their first big "convention" in the courthouse in about fifteen years, accounted for \$1,250 of the \$2,295 fines. Alleged liquor law violators are to hold additional sessions later in the month.

Proceedings, other than those involving speeding and liquor law cases, follow:

## Little Business Before Officials

According to reports coming from the board clerks, the Martin County and Williamston commissioners have very little business before them at this time for discussion at their regular monthly meetings next Monday morning and evening.

Other than routine matters, there isn't a thing on the county board calendar, Clerk J. Sam Getsinger said.

Nothing official has been announced, but the town board is expected to study the latest developments in the county court as they relate to licenses held by taxi operators here.

The county board of education will not meet next Monday, but it is scheduled to hold a session Tuesday, April 16, when several delegations plan to make various requests.

## CONCERT TONIGHT

Following a full dress rehearsal last night and a brief concert for the Grammar Grade students this afternoon the Green Wave Band of Williamston High School will present its annual Spring concert in the high school auditorium tonight beginning at 8:15 sharp.

A varied program of music has been arranged for the event including three featured numbers. Despite the loss of some two dozen veteran players last spring, Director Butler has welded a strong unit again this year and they can be depended upon to give a good account of themselves. The annual birthday party is to follow the concert and visiting band directors are to view the new band room.
