Southern Albemarle's Opportuniy

Never was there a greater Let Credit Be Given opportunity to do work, than Where Credit Is Due now lies before the Southern Albemarle Association. It has been saddled with a few more handicaps than it had before, Truly, the statement made last by reason of the waters mud-week by President Melvin R. Dan-tests will be followed by a tubercudied by the Northern Albe- iels of Manteo, concerning the acdied by the Northern Alberarle Association (Greater), but more's the credit to it.

Hence a safe bet for the fishnames that represent the best College extension service. a fishern in can expect on the markets. Then give them your patronage.

Power Back Home

A proposal to organize the North Carolina coast towns into a unit for the development of our waterways, seems to us quite in order. In union there is strength, and it is quite unfair to the Congressmen and Senators to expect them to do everything, when other sections are strongly organized and lobbying for projects of advantage.

If every town and village that wants harbor improvements in this state, would join
