ANTONIO MORENO

Inspired by the advice of an American actress, Antonio Moreno joined a stock company at Northampton, Mass., after completing his course at Willistown Seminary. Soon he was engaged by Leslie Carter and later appeared with Constance Collier in "Thais." Then he went into silent drama and played with Edith Storey, Irene Castle and Pearl White. Then Albert E. Smith, president of Vitagraph, placed him under a long-term contract and introduced him to the serial. His fiery black eyes, black hair, complexion of "golden pallor" and a talent for expression make him the ideal type for the screen.

"Our Yield Larger than any Other in this Vicinity."

Mr. Thomas Earle, Steelton, Pa., says: "This season we used Bowker's Pyrex on about half an acre of potatoes. We had an exceedingly dry season, but we had a large yield per acre than any other in the vicinity—due largely, we believe, to the use of Pyrex—the plants kept green and healthy longer than those that were not sprayed."

This voices the experience of potato growers everywhere. Pyrex kills the bugs; prevents blight and, as it sticks like paint on the leaves, one application does the work of several applications of Paris Green. Follow the lead of the big potato growers and orchardists—there is no sentiment about their enthusiastic use of Pyrex—it gets them the money. We sell Pyrex—any quantity you want, in small crocks, kegs or barrels. Ask for the new and interesting Pyrex booklet.
