"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there. I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did. This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble. I feel it was Cardui that cured me, and I recommend it as a splendid female tonic.

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.

GOOD WILL ONLY DIVIDENDS FROM SALVATION STORE

No; the Salvation Army has not gone into the wholesale grocery business. The picture shows merely one of the Army's relief stations. It is just like scores of others scattered through the cities and towns of the country at strategic points where quick relief can be given in emergency cases.

Not limited in their stock to groceries only, these Salvation Army relief depots carry clothing, underwear and other necessities for men, women and children. It is the aim to have at hand for immediate distribution food and clothing for any kind of a case of need. More than 700,000 destitute people were served temporary relief from these stations last year.

And Salvation Army relief details. It is systematic as well as sensible. The industrial department gears neatly with the relief department. In the industrial homes the broken down

reliefs of humanity are put to work rejuvenating broken down household goods—chairs, tables, beds, benches—and shoes and other wearing apparel. It is a 50-50 proposition, for the down-and-outers are reviving their faith in themselves and in God at the same time they are repairing the furniture and other articles. They get back, too, their courage. The Salvationists tonic them up with honest encouragement and sympathy. They go back into industry, valuable to themselves and to the nation.

What becomes of the remade furniture? Families in distress obtain it at the Salvation Army relief department. Because the relief work dovetails with the industrial department the Salvation Army is able to supply impractical families with household goods at absurdly low prices or without any charge at all, according to the circumstances.
