

The Simplicity of a
MAXWELL
is Due to Special Steels

A Maxwell is a simple car. Its engine, axles, clutch, transmission and gears are the utmost in simplicity, which is the goal of scientific engineering. Special steels have made this possible. They are steels made to Maxwell's own formulae, the result of thousands of tests and years of analysis. These steels give a Maxwell the remarkable combination of extra strength and lightness in weight. In this way complicated construction has been avoided. Simple design has naturally followed and to this simplicity rare strength

has been added by the use of these special steels. Strains, twists, thrusts, shocks and blows are protected against in many other cars by reinforcements, extra weight in metals used, and a design that obviously is anything but simple. In a Maxwell this simplicity has made the car easier to build, and it therefore is better built, easier to drive, and easier to care for. That this should win friends for Maxwell is almost too obvious to call attention to. Nearly 400,000 persons now drive a Maxwell, which is a very definite endorsement.

**OF INTEREST TO AUTOISTS
IN AND ABOUT THE TOWN**

Do you know that the right rear tire wears faster than the others? Well it does. Tire experts of the Diamond Rubber Co. say that it usually becomes worn out and ready for the scrap heap when the other tires, put on at the same time, are good for many more miles of service. It is generally understood that the rear tires get harder wear than the front tires because they supply the power and traction. Of the rear tires the right one wears out first because when the car goes along the road it is usually slightly tilted because of the pavement grade. More weight therefore falls on that side and the right rear tire takes hold first and bears more traction than the left rear. The tire receiving the next-hardest usage is the left rear, then the right front, and last the left front. To get the maximum wear of a set of tires the right rear should be moved to left front when it begins to show signs of wear and the left rear should be moved to right front. This will make the tire wear out uniformly.

HEALTH NEWS.
Typhoid Fever: Yes, I know you, the public, are sick of seeing articles upon the subject, but each day we are receiving a report here and there of a case. Tarboro has been hit. It therefore is very important for every person who has not had the serum within the past three years to come for it. The question in regard to Tarboro arises, how about the water supply. So far as we are able to determine it is not at fault, as we are making tests twice a week now. Do not hesitate and do not delay, now is the time, take the step for safety or otherwise. For the convenience of any who may wish to avail themselves of the treatment at once, will say that I plan to be in the office Wednesdays from 4 to 5:30 p. m., in addition to the regular hours on Saturday. Other days by appointment. It is so easy to obtain the treatment that no one can have the slightest excuse along that line. From the county we have four cases reported in the same family. Remember my offer Mr. Landowner. Twenty-five people get me on your farm at once, for the purpose of giving treatments.—C. L. Outland, M.D., health officer.

Bank Vice-President
Tells How Ziron Iron Tonic Helped His Daughter After Operation for Appendicitis.

AFTER any serious illness, the first thing you notice when you begin to get around is your lack of strength and energy—a tired, weak feeling. The sooner you get your strength back the better. The thing to do is to eat plenty of good, nourishing food, get all the fresh air you can, exercise conservatively, and take Ziron Iron Tonic three times a day. Your doctor will tell you this is sound advice, and urge you to follow it.

Read this letter from Mr. J. B. Kelly, vice-president of the First National Bank, Graceville, Fla.: "My daughter had been in bad health since last April. She was operated on for appendicitis. She has been taking Ziron for two weeks. Her appetite is better than it has been. Her nerves are better, and she says she feels better. . . I know that Ziron is good for weak and feeble people." Ziron is a scientific, reconstructive tonic, prepared from valuable strength-building ingredients, for weak people with thin blood. Druggists sell Ziron on a money-back guarantee. Try it.

East Carolina Teachers Training School
A State school to train teachers for the public schools of North Carolina. Every energy is directed to this one purpose. Tuition free to all who agree to teach. Fall Term begins on September 29, 1920.

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was . . ." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side. . . . My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there. I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did. This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble. I feel it was Cardui that cured me, and I recommend it as a splendid female tonic." Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists NO-13.

BETTER DEAD

Life is a burden when the body is racked with pain. Everything worries and the victim becomes dependent and downhearted. To bring back the sunshine take

NOTICE TO WATER CONSUMERS.
At a regular meeting of the Board of Commissioners of the Town of Tarboro, N. C., held on June the 14, a resolution was adopted carrying a 25 per cent increase in all water rates, effective July 1st, 1920, beginning of the 3rd quarter.
On all water connections the minimum charge will be \$3.75 per quarter, with the exception of such connections that use water from one spigot only for household purposes, the minimum charge on such connection will be \$2 per quarter.

MORTGAGEE'S SALE OF LAND.
Under and by virtue of the power of sale contained in a certain mortgage deed executed by Ella R. Culley to the Edgecombe Homestead & Loan Association on the 31st day of October, 1917 and recorded in Book 191, page 96, Edgecombe Registry, the undersigned will offer for sale to the highest bidder for cash, before the court house door in the town of Tarboro, Edgecombe county, at 12 M. on Monday, the 19th day of July, 1920, the following property:
Beginning on Granville street 80 feet from St. Andrews street, a corner, thence along Granville street 75 feet, more or less, to Cherry's corner, thence south along Cherry's line 153 feet, more or less, to Macnair's line, a corner, thence west 73 feet, more or less, along Macnair's line to corner of lot allotted to Sarah Banks,

a corner, thence north 153 feet, more or less, to the beginning; being lot No. 4, town of Tarboro, and being same lot conveyed by W. F. Dancy to Ella R. Culley by deed in Book 145, at page 124, Edgecombe Registry.
This sale is made for the purpose of satisfying the terms of the aforesaid mortgage from Ella R. Culley to the Edgecombe Homestead & Loan Association, default having been made therein.
