Hague and the American embassy at Tokio. A native of New Jersey, he received his academic education at Princeton university and his training for the legal profession at the Harvard law school. When the United States entered the war he joined the 165th infantry. He was promoted to major in 1917 and served until 1919, receiving the distinguished service cross for extraordinary heroism in action. During the peace conference he was military aide and private secretary to former Secretary of State Lansing.

'OLD TIGER' POSES FOR A MONUMENT

Paris, July 2.—Clemenceau is shown at the front, standing at the edge of a trench, with his friends, the French poilus, below and about him, in the monument to be erected in his native country, the Vendee, early next year.

Francois Sicard, the sculptor, is chiselling the group work out of hard Burgundian stone. Unfinished, the work is already said to visualize with great character the scene so often pictured of the old "Tiger," mentally and almost physically, fighting for France.

The Premier's figure stands eight feet high. He is, as always in the war days, wearing the long, loose overcoat and the soft, slouchily crumpled hat, leaning on a cane. His face is toward the enemy, his eyes watching the horizon, following indications given him by a seated officer with maps, beside him. On his right are grouped soldiers in the trench, below are more of the men in the ranks, looking with mingled astonishment and admiration at their Minister of War.

The scene is said by critics to be vividly natural, rough and muddy, but heroic and full of the color and character of war days.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful. I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui. . . . I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. . . . I decided I would try Cardui. . . . By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone. I shall always praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial. NC-132

"Felt Like Eating" Man and Wife, All Run-Down from Farm Work, Were Greatly Helped by Ziron.

"MY WIFE and I, after a hard spring on the farm, were tired and run-down," says Mr. E. B. Mulkey, of Route 1, Acworth, Ga. "We neither felt well. I knew my blood was bad, as I had little boils on the back of my neck. "We felt we needed a builder. We had heard of Ziron and thought it must be what we needed. It certainly was. We took it faithfully, and after a week or such a matter we began to feel better. My wife felt like cooking, and I sure felt like eating. "Ziron sure did us good. It made us both feel stronger and better for the fall work, which everyone knows is "some work" on a farm. My boils began to dry up, though just at first they seemed worse. "We are much better and can highly recommend Ziron, and gladly do so for it sure did us good." Ziron is a safe, reliable, tonic medicine good for men, women and children, when an iron tonic is indicated. It is easy to take and contains no habit-forming drugs. Ask your druggist or dealer
