Presbyterian Sunday School Gathering.

The fifth annual gathering of the Presbyterian Sunday schools in and around Tarboro was held here Tuesday morning. Eight Sunday schools were represented, and between three and four hundred people were present. The exercises began in the morning at half past ten o'clock.

Rev. S. K. Phillips and Rev. Frank H. Scattergood of Greenville were present and took part in the program. This was most interesting.

Brief sketches of each one of the Sunday schools were read, and short talks were made on different aspects of Sunday school work. The eight schools were then checked up by the "Standard of Efficiency." Pinetops leading the other schools with a total of 58 out of 100 possible points.

The exercises were held in the new Sunday school building at the Presbyterian church. The whole lower floor was thrown open and the crowd easily and comfortably seated. A bountiful dinner was served in the basement of the building after the morning exercises had been concluded. The Tarboro Sunday school as the host of the occasion furnished lemonade and ice cream for all who were present, and also presented each member of the schools with a ticket to a moving picture exhibition, which was the event of the afternoon. A special reel had been obtained through the kindness of Mr. Paul McCabe.

The day was thoroughly enjoyed by all who were present. This is an annual event in Presbyterian circles, and it is always looked forward to with much pleasure. Nearly everyone said that we had this year "The best day we have ever had."
