CRIMINAL OFFENSE TO HAVE ARMS

Dublin, Oct. 25.—It is a criminal offense in Ireland to have arms without a permit. The Sinn Feiners have plenty of weapons and pay no attention to permits. When caught they are sentenced to terms of imprisonment of from six months to a year. They have obtained their arms by taking them in raids from the people who have permits.

Permits have been more numerous in Dublin than anywhere else in the South and West. But by a special military order all permits in the Dublin district have now been withdrawn and the holders have been required to hand up all arms in their possession. Hereafter any person having arms, ammunition or explosives will be prosecuted.
