Some formerly eminent vocalists  
 have not been heard to open their  
 mouths, since they were asked to sing  
 "the old oaken bucket" in place of  
 "the little brown jug."

Millions of people who object to  
 high food prices will never blister  
 their own hands on a hoe handle.

Some of the children of the people  
 who used to attend spelling schools,  
 are making their living writing bad  
 spelling rube stuff for the newspa-  
 pers.

Formerly they built fences along  
 the highways to keep the cows in the  
 road, now they build them there to  
 keep the speeding motorists out of  
 the surrounding fields.

The people who think that interna-  
 tional peace is not a live issue, are  
 the same ones who are growling over  
 their federal taxes, 93 per cent of  
 which go for war purposes.

**THE SECTIONAL SPIRIT.**  
 President-elect Harding has said  
 that he hopes while president to wipe  
 out the last vestige of the sectional  
 feeling that in past years has intro-  
 duced division of feeling into this  
 country. If so he will have to silence

those republicans who are pushing a  
 resolution in congress, to reduce the  
 representation of the Southern states  
 under a strict interpretation of the  
 14th amendment to the constitution.

The Southern states, which are al-  
 leged to suppress the negro vote, are  
 of course the ones aimed at in this  
 proposal. But Northern states that  
 require a literacy test of candidates  
 for registration would be equally lia-  
 ble to reduction of representation.  
 Thus the effect would be to penalize  
 any state that south to restrict suf-  
 frage to those competent to exercise  
 it.

When you base representation on  
 population you get the fairest pos-  
 sible basis. Some states have great

**Exclusive Cabinet Designs**—The handsome straightline cabinets are always in perfect harmony with modern furniture. For the lover of the antique Columbia Grafonolas are made in Period Designs . . . . . \$500.00 to \$2,100.00

**THE STRAIGHT TONE ARM—NO HINGES—NO ABRUPT ANGLES—TO DEFLECT THE TONE WAVES:** The straight, metal, one-piece tone arm allows the music to develop fully and naturally. The Grafonola's scientific acoustic design makes distorted tone impossible.

**THE TONE LEAVES**—The tone leaves, another exclusive feature, and the system of Columbia interchangeable steel needles enable you to control tone and tone volume without sacrificing tone quality or any of the beauty of the record.

**THE ONLY NON-SET Automatic Stop**—No other phonograph has it—no other phonograph can get it. Built right into the motor. Invisible. Automatic. Nothing to move or set or measure. Operates on any record, long or short.  
 With the Non-Set Automatic Stop all you need do is to put your records on the turn table, use the start lever merely to start the Grafonola, put the needle on the record, and—the Non-Set Automatic Stop does the rest.  
 Think what this feature means to you in comfort, convenience and the real enjoyment of good music. When your friends stop in for a little music, you no longer have to jump up to stop the Grafonola at the end of a record. The Grafonola knows when to stop.  
 When dancing to the Grafonola, you need not leave your partner abruptly to dash over and stop it. The Non-Set Automatic Stop takes care of that. You can dance to the very last note. Ask today for a demonstration of the Stop that needs no setting.
