

How's Business?

That's the universal greeting of one business man to another.

We hope yours is as good as ours. We're going to tell you what makes ours so good, and let you use the information any way you please.

In the first place we "took our medicine" when we had to, and took it quickly.

Then we reduced expenses to the minimum so as to give our customers full benefit of all wholesale reductions.

We are going still further and forgetting profit to bring prices down; we can't do that forever, of course, but it's "good business now" and it makes business good.

It's "good business," too, to do the part. We have the kind of clothes a business man demands—HART SCHAFFNER & MARK clothes—our prices are one-third lower than a year ago.

You'll be amazed at the values we offer at

\$35. to \$49.50

Other Suits

\$25. to \$40.
