ing chair, palmato fan brigade than to go down on their knees and hold on to God until they plow a hole through the skies and get in touch with heaven. When the churches of Tarboro travail, sons and daughters will be born. Who, in Tarboro, is in concern?? Who is in closets with forms bowed and eyes weeping over men falling into hell? What Nem-hiah is there who surveys a desolate Jerusalem with tears? What Moses is crying 'save these people?' What Knox falls on his face and sobs.

This revival at Pentecost was not a self-generated, self originated, self evolved, man made, mechanical, perfunctory pitcher pump revival. It was one sent down from the throne of God.

The general manager was God. So it is with all heaven born revivals. No arrangements were necessary at Pentecost. No cut and dried schedule, no pharisaic of towns, no music committees, no financial committees, no tenacious committees, no usher committees. There was no program.

Today we are so conventional that we program singing, praying, sermons, offerings—everything from a natural standpoint. If you deviate from the old cut in order to give the Holy Ghost a chance to work and come out to shout some old Pentecost will look like he has a hair shirt on and will roll his eyes and say "Invention! Sensation!" You are killing the man and resurrecting the church by your stiff, staid, starchy conventionalities. The Holy Ghost is a street boy and independent. He is not a member of any committee.

These people expected a revival. They had a faith—when the revival was over, the revival was over. They were not in a groove and established; they were not in a groove and established; they believed God, heaven and earth might pass away but His Word was true.

What we need today is more prayer, more church members. Men who know how to prevail with God and bring things to pass. They say prayer is a lay instead of praying and they were to hear them they would be alarmed and shocked beyond description because they didn't expect anything. They don't rely on prom-

**SERMONETTES**

(By Cyclone Mack)  
 You very often hear people say "Why can't we have a revival like the one they had at Pentecost?"  
 We can, but we must meet the conditions. A god sent Pentecostal revival don't come easy. You don't rather take it easy and let everything run smoothly and get along slipshodly in a kind of a lackadaisical way and go to hell in a rock-

you don't want to be caught in it, you had better get your duds and get out of town.  
 I don't see why we can't have a cyclone of redemption in Tarboro. We have the same God, the same Christ, the same Holy Spirit, the same preaching, the same Devil. Now the trouble today is that the people are not willing. They had rather take it easy and let everything run smoothly and get along slipshodly in a kind of a lackadaisical way and go to hell in a rock-

 Indiana Lady Had Something Like Indigestion Until She Took Black-Draught, Then Got All Right.

Seymour, Ind.—"Some time ago I had a sick spell, something like indigestion," writes Mrs. Clara Peacock, of Route 6, this place. "I would get very sick at the stomach, and spit or vomit especially in the mornings."  
 "Then I began the use of Theodor's Black-Draught; after I had tried other medicines. The Black-Draught relieved me more than anything that I took, and I got all right."  
 "I haven't found anything better than Black-Draught when suffering from trouble caused by constipation. It is easy and sure. Can be taken in small doses or large as the case calls for."  
 "When you have sick stomach, indigestion, headache, constipation, or other disagreeable symptoms, take Black-Draught to help keep your system free from poison."  
 Theodor's Black-Draught is made from purely vegetable ingredients, acts in a gentle, natural way, and has no bad after-effects. It may be safely taken by young or old.
