BIBLE GEMS

He that loveth his brother abideth in the light, and there is no occasion of stumbling in him.—1 John 4:7.

Owe no man anything but to love one another; for he that loveth one another hath fulfilled the law.

For all law is fulfilled in one word even in this, thou shalt love thy neighbor as thyself.—Gal. 5:14.

The most talked of thing in Washington today is the agricultural bloc, that has made a block-head out of the republican administration. For the hand that guides the plow to have a hand in writing the tax laws of this government is very obnoxious to protection experts. It is now bloc against bloc.

With the Gardner forces on the lookout and the McClean followers laying plans for the future, we wonder where Lt. Gov. Cooper will come in. And then again there is Mr. Ayedlett of Elizabeth City. It is said the democratic voters in the extreme east want Ayedlett for governor.

A "slapperitis" is a board with a cartridge in it, used for spanking initiates in the Fraterian Order. When Mrs. Osborn of Ohio was taking the Queen degree, she was spanked with the slapperitis with the cartridge side, that caused her damages for she is suing the order. This is a warning to the orders to keep everything on the right side.

Henry Ford is like a saying in the Bible, that no man knoweth what a day may bring forth. So it is with Mr. Ford. He has recently thrown a bomb shell into the railroad world by calling for a reduction of 20 per cent in reduction on coal along his lines. The Interstate Commerce Commission disallowed that request on the ground that the reduction would constitute a discrimination against other mining territory whose coal product is sold in Toledo, Detroit and other cities along the Ford railroad. The commission has allowed all other reductions in interstate rates on the Ford railroad which he has made on other commodities.

NEW TYPE OF CRIMINAL.
Hardly is there a paper issued from the press that does not contain one or more accounts of some highway robbery on some back alley or on the public thoroughfares of our cities and towns.

Some bold bandit in the broad open day time walks into a bank and walks out with his loot.

Some bold thief appropriates to his own use some handsome automobile standing in a public place and makes a clean get-away.

The U. S. mail cars are held up and robbed and big pay rolls are snatched and stolen. It is seldom that burglary is reported. The old-fashioned way of breaking into houses and blowing up safes has almost disappeared, and the country is face to face with a new type of criminal, so made, it is claimed, by the war.

It is reported that there are in the state 25,000 automobiles operating without licenses or with license belonging to other people, and known as borrowed licenses. The

secretary of state is empowered to appoint inspectors to visit the towns and cities and report such violations of the automobile laws.

NOTICE.

HALF A CENTURY

Oklahoman Praises Black-Draught, Having Used It "Can Safely Say for 50 Years."

Grandfield, Okla.—One of the best known farmers of Tillman County, Mr. G. W. Tisdale, who owns and manages a wagon yard here, says:

"I have used Theford's Black-Draught—I believe I can safely say for fifty years.

"I was born and reared in Texas, Freestone County, sixty-four years ago. I have been married forty-four years. My father used Black-Draught before I was married, and gave it to us . . .

"For forty-four years of my married life. It has had a place on our medicine shelf, and is the only laxative, or liver medicine, we use. We use it for torpid liver, sour stomach, headache, indigestion . . . I don't think we could get along without it, knowing what it has done for us, and the money it has saved. It is just as good and reliable today as it was when we began its use. My boys use it and they are satisfied. It's the best liver medicine they have ever used."

Theford's Black-Draught is purely vegetable, not disagreeable to take and acts in a prompt and natural way. So many thousands of persons have been benefited by the use of Theford's Black-Draught, you should have no hesitancy in trying this valuable old well-established remedy, for most liver and stomach disorders. The President of the Ford Motor Co. Mr. Edsel B. Ford, says:—
"We are taking advantage of every known economy in the manufacture of our products in order that we may give them to the public at the lowest possible price, and by so doing we feel that we are doing the one big thing which will help this country into more prosperous times. People are interested in prices, and are buying when prices are right."
