When the farmers in Sampson can talk as independent as some of the papers say they do about the boll-weevil they must be all right. Why, one farmer has made the statement that if every producer got 20 cents for every pound of cotton this year he would realize more on the huckleberry crop than he would on his cotton crop. When folks talk like this, the boll-weevil had better find other accommodations, for in Sampson his rations are liable to be short.

EDITORIAL

The Virginia papers are carrying the news that the Lily Blacks of that state in their meeting at Buckrow Beach, near Norfolk, will declare in favor of Mr. Henry Ford for the presidency. Wonder what the Georgia Peach has to say about this?

The ku klux klan is always coming in for some good as well as evil report. Whenever a fellow now adays gets beat at the polls for an office he either contributes it to the primaries where he says some republicans got into the fold or else he puts the blame on the ku klux klan, when the whole trouble is that the poor devil just could not get the votes in his own party.

After all, the railroad strikers still have some heart left in them, even though some folks think to the contrary. Some newspapers think it a great thing when these strikers actually went on a week train to help to clear the tracks for the passenger and freight trains. The strikers are human beings after all, and yet know their duty to suffering fellowmen.

Governor Morrison and a party of the state's leading citizens are this week on the coast of North Carolina inspecting the fishing industry. To pass laws for the fishing business of eastern North Carolina is about as hard a job as to pass a state-wide game law. Attempts have been made before every session of the legislature since the year 1 and but little so far has been accomplished. The governor is to be highly commended for his endeavors to get at the truth of the eastern situation and the Southerner wishes him great success in his efforts in this line.

Everybody is expected to go out to Bryan Park tomorrow and see Tarboro clash in the initial game of the second half of the league series.

Hall's Catarrah Medicine

Those who are in a "run down" condition will notice that Catarrah medicine does them much more than when they are in good health. This fact proves that while Catarrah is a local disease, it is greatly influenced by constitutional conditions.

HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.

All druggists. Circulars free.
