## KEEP YOUR HOGS HEALTHY

Clean and Careful Feeding Essential in Successful Hog Raising

Here is a secret of successful hog raising practiced by many stock raisers and prosperous farmers. Don't feed your hogs sour or ill-smelling garbage.

The swill should first be sweetened with Red Seal Lye. Take one tablespoonful of Red Seal Lye and dissolve it in a pint of water. Mix this solution thoroughly with sufficient feed for 10 hogs. One-half a can of Red Seal Lye dissolved in one quart of water will sweeten a 50-gallon barrel of swill. Feed twice daily, night and morning.

Ordinary garbage ferments, forming an acid which is injurious to the hog. Red Seal Lye will remove this acid and make the feed more wholesome.

Swill, which has been first sweetened with Red Seal Lye and fed to the hogs, will help make healthy, sturdy animals.

Make a strong solution of Red Seal Lye, sprinkle around your hog pens and wash out the feeding troughs. Use at least once a week.

Be sure and get the old original, highest test, granulated Red Seal Lye. Accept no substitute.

## What Will Be His Health?

WHEN your Executor falls ill—and he is the one who takes your place when you are gone—he looks after his health, before he looks after your affairs. While he suffers physically, your Estate may suffer financially.

SICKNESS attacks most men at some time or other. But a Arust Company is never ill. If you name us Executor of your Will, you know ill health on the part of your Executor cannot cause your Estate loss.
