GOLD! GOLD!

BACK in the '40's it took months for the thrilling news of California's gold strike to cross the continent. Today, a few hours after so important a discovery, the entire story would be known to newspaper readers throughout the country.

In the early days, news spread by word of mouth. Today, the telegraph and telephone speed the message into the newspaper office; it is rushed into type, the paper is printed and shortly the news becomes public property.

There are two kinds of news in the paper. One consists of the affairs of other people; their sayings, doings and what they're going to do; things that have happened, may happen and didn't happen.

The other kind of news is about YOUR AFFAIRS. That's the part you'll find in the ADVERTISEMENTS. There's a lot of valuable news there about things you want or will want; things that have to do with your own personal comfort, convenience and every-day efficiency.

Every advertisement carries a personal message to some one. Many advertisements carry messages of vital interest or value to you.

That's why you can't afford to miss the advertisements.

READ THEM—THE ADVERTISEMENTS ARE

DECIDEDLY VALUABLE TO YOU.

PINETOPS, Aug. 19.—Conspicuous among the social affairs of the season was the beautifully planned and perfectly carried out party, at which Mrs. Harry Fagan entertained Saturday afternoon to announce the engagement and approaching marriage of Miss Mary Alice Cobb to Mr. Richard Bynum.
