Injunctions Sustained. The Co-ops Win Out

Harrell and Jones Permanently Restrained From Selling Their Tobacco Outside The Association.

FIRST ROUND TO CO-OPS

Judge Daniels Gives His Decision at Plymouth Yesterday Afternoon. Association Members Elated.

(Special to the Southerner)

Raleigh, N. C., Oct. 18.—The injunction restraining the two members of the Tri-State Tobacco Growers Cooperative Association from selling to outsiders was Wednesday afternoon ordered continued by Judge Frank Daniels in substantially the same form as the temporary injunctions, which were secured by the Cooperatives several weeks ago.

The order was signed by Judge Daniels at Plymouth, where he is holding court this week. He heard the cases argue at length by opposing counsel at a hearing in Nash County last week, but withheld his decision until today.

Z. A. Harrell, an Edgecombe county farmer and W. T. Jones, a Nash county farmer, both of whom sold tobacco outside of the association, under the order are permanently restrained from selling their tobacco outside of the association. The suits were instituted by the Cooperatives who have won a complete victory in the first round of the legal battle establishing the force of the membership contract.

WAR MEMORIAL IS A USEFUL HIGHWAY

(By The Associated Press)

Pittsburgh, Oct. 19.—Pittsburgh has officially dedicated a \$2,200,000 memorial to its sons and daughters who served in the world war.

The memorial is a municipal highway called The Boulevard of the Allies. It extends from the business section to the Oakland district, approximately two miles.

When city officials discussed ideas for a suitable memorial, public opinion was accepted as favoring a generous appropriation for any monument which might perform valuable public service, and in this way perpetuate the effort of Pittsburgh's service men and women.

At the time the city faced a serious problem. A tremendous amount of automobile traffic between the residential sections and the business district was compelled to use a single boulevard.

Insistent demand for a second artery of travel, punctuated by hundreds of accidents—minor and fatal—caused the city council to decide up the boulevard-memorial.

The highway built chiefly of concrete, is forty feet wide. Construction was begun in September, 1921. Starting at Grant street and Second Avenue, the boulevard stretches up a hill to the Bluff and follows the Bluff to Forbes street and Craft Avenue. An extensive system of retaining wall construction was necessary.

There are no streets crossing the Boulevard proper, and officials expect that early morning and late afternoon traffic problems in the downtown sections, will be eased considerably.

Last month 32 persons were killed in traffic accidents in Pittsburgh and the fatality record during the summer averaged 25 per cent.

Baseball and tennis are the national sports of Japan.

REHABILITATION OF STATE'S CRIPPLES

By NELL BATTLE LEWIS

Raleigh, Oct. 19.—Although so badly crippled in both legs from paralysis that he is obliged to crawl or be pushed about in a wheel chair, and with partial paralysis of the left hand and arm, young maulinier of his state is, nevertheless, at present an interested and hard-working cobbler, making good at his vocation.

This is the fortunate result of rehabilitation accomplished by the Department of Vocational Rehabilitation at the State Board of Education. Cripple Census Week, to be observed October 30th through November 4th has been instituted by the Rehabilitation Department in conjunction with the Bureau of Child Welfare in order that many other disabled persons in North Carolina may be equally benefited and may be rendered productive units of society rather than drags upon their communities.

On the records of the Department of Vocational Rehabilitation there are many cases similar to that of the young paralytic who became a cobbler. From guarding convicts on a county road to keeps books for one of the largest power companies in the south is a big step, but it is one which has been successfully taken by one Forest with the aid of the Department.

The accidental discharge of the shot gun which he herded men in striped uniforms deprived Forest of his left arm and his means of livelihood. Five months after the accident with the aid of the Department of Vocational Rehabilitation, Forest entered a business college, where, at the head of his class, he successfully completed a course in bookkeeping. Immediately following the completion of his course he secured employment with a large light and power company. Today he is a happy, self-supporting citizen, filling a more higher sphere of usefulness in his community than he did prior to his help from the Rehabilitation Department.

During Cripple Census Week this department will seek out the disabled in North Carolina in order that with the aid of training and necessary appliances they may be restored to usefulness and content. The Department of Vocational Rehabilitation not only provides training but helps the physically handicapped person to find suitable employment. By being launched into a vocation for which he has been fitted and at which he can succeed the disabled man or woman may overcome the handicap of his disability, and is thus usually transferred from a helpless, dejected, and discouraged person, dependent upon friends or society for a living, to a self-supporting, self-respecting citizen, happy in the knowledge that he is busy and useful in the affairs of life.

Eligibility for the benefits of the Vocational Rehabilitation Act is based on disability, vocational handicap, feasibility of training, age and residence. Those eligible must be totally or partially incapacitated for remunerative occupation. The provisions of the act do not apply to aged, blind or helpless persons requiring permanent custodial care, to the epileptic or feeble-minded. The applicant must have been a bona fide resident of the State of North Carolina at the time his disability was incurred or have lived in the State at least one year prior to the time of application for aid. Disability need not have been incurred during or from employment. The man or woman who is injured by an accident occurring in the home or on the street, or the person who has been crippled from childhood are fully entitled to the benefits of the law. Beneficiaries are not limited as to age or sex. Children under sixteen are not eligible for rehabilitation, but their cases will be referred to the Bureau of Child Welfare which will investigate them in order to secure treatment wherever possible.

PREMIER LLOYD GEORGE RESIGNS

London, Oct. 19.—The Lloyd George Coalition received its death blow at the hands of the Conservative Party. When the Conservative Members of the House of Commons and the government ministers voted 186 to 87 to appeal to the country as a Conservative Party.

This creates a situation, the greatest political confusion and uncertainty the country has known for many years.

The next move, now certain to be made, will be the resignation of Austen Chamberlain and his associates, and the removals of Lords Balfour and Birkenhead from the Cabinet.

It is expected that Premier Lloyd George will then present his resignation to the King and will advise his Majesty to summon the Conservative leader to form a government.

LATER

London, Oct. 19.—The government of Premier Lloyd George resigned this afternoon. King George, who has been on a holiday at Sandringham has returned to London.

It is expected that Lloyd King late today. Austen Chamberlain will be received by the berlain and other Cabinet Members conferred with the Premier immediately after the Unionist meeting.

TARBORO HIGHS TO PLAY WARSAW ON HOME GROUNDS

Our people should remember the game of football to be played at Bryn Park next Friday afternoon, between the Tarboro High School boys and the team from Warsaw.

From what we are able to learn the home team has been greatly strengthened and will put up a game well worth the price of admission. The home boys say that cannot play football to empty seats, and they are asking the home people to give them a good audience.

LIFE FOR A LIFE TO BE DEMANDED

(By The Associated Press)

Los Angeles, Oct. 19.—Life for a life, it was learned from the district attorney's office, will be demanded by the State at the trial of Mrs. Clara Phillips for the murder of Mrs. Alberta Tremaine Meadows, a twenty-year-old widow. The trial opens here tomorrow.

Eligibility for the benefits of the Vocational Rehabilitation Act is based on disability, vocational handicap, feasibility of training, age and residence. Those eligible must be totally or partially incapacitated for remunerative occupation. The provisions of the act do not apply to aged, blind or helpless persons requiring permanent custodial care, to the epileptic or feeble-minded. The applicant must have been a bona fide resident of the State of North Carolina at the time his disability was incurred or have lived in the State at least one year prior to the time of application for aid. Disability need not have been incurred during or from employment. The man or woman who is injured by an accident occurring in the home or on the street, or the person who has been crippled from childhood are fully entitled to the benefits of the law. Beneficiaries are not limited as to age or sex. Children under sixteen are not eligible for rehabilitation, but their cases will be referred to the Bureau of Child Welfare which will investigate them in order to secure treatment wherever possible.

21 COMMUNISTS TO STAND TRIAL

(By The Associated Press)

St. Joseph, Mich., Oct. 16.—Twenty-one alleged Communists, arrested as a result of a raid on a meeting held in the sand hills twenty miles south of here last August, will be arranged here tomorrow, charged with violating the Michigan anti-syndicalism law.

Among the prisoners are W. Z. Foster, leader of the 1919 steel strike; Charles Ruthenberg, executive secretary of the Workers Party, legal branch of the underground Communist organization in this country; and William F. Dunn, Worker's party candidate for governor of New York. Foster has denied that he attended the meeting.

Barrels of Communist literature, documents and manuscripts will be produced in court by O. L. Smith, assistant attorney general of Michigan, who is in charge of the prosecution.

When Sheriff Bridgeman, his deputies and federal agents swooped hours of August, 22, all of the papers on the meeting in the early phenomena of the alleged national Communist convention had disappeared, but a country boy who saw some men buying several barrels in the woods led the raiders to the spot, machine, a half dozen leather briefcases, between seventy and eighty portfolios of papers, piles of printed matter and stationery and other alleged Communist property were recovered.

Federal agents, specialists in radical matters, have been working for weeks at the jail here classifying the documents and questioning eleven of the prisoners who were unable to raise the \$10,000 bonds required.

The Communist Party of America, according to its program and constitution, dozens of copies of which were seized, is an "underground, illegal organization," officially representing the Russian Soviets in this country, and formed for the purpose of "systematically and persistently propagating the idea of the inevitability of and necessity for violent revolution."

"By the use of force," the program says, the proletariat will destroy "the machinery of the bourgeois State and establish proletarian dictatorship based on Soviet power."

Under the sub-head of mass action the program says:

"The revolutionary epoch upon which the world has now entered forces the proletariat to resort to militant methods—mass action, leading to direct collision with the bourgeois state. Mass action culminates in armed insurrection and civil war. Mass action is the proletarian revolt against the oppression of the capitalist class. It develops from spontaneous activities of the workers massed in large industries. Among its initial manifestations are mass strikes and mass demonstrations."

While the federal agents have declined to make public the entire list of 70 or 80 delegates who attended the secret conference in the woods, it has been reported that one of the delegates was an emissary from Moscow who had arrived in the United States only a few days before the convention.

Sixteen men were arrested in the midnight raid. Foster and two other were extradited from Chicago, and two more were arrested in New York.

The defendants, with the exception of Foster, will be represented by Sybrant Wessellius of Grand Rapids. Foster has retained Clarence Darrow, well known Chicago labor attorney, to defend him.

FOURTH DAY OF THE AMERICAN LEGION'S NATIONAL MEETING

(By The Associated Press)

New Orleans, Oct. 19.—Today, the fourth day of the National Convention of the American Legion, was marked by the arrival of the commander of the American Expeditionary Forces, General John J. Pershing, who reached here from Washington after a day spent in Atlanta.

Tomorrow the Legion will select a successor to Hanford McNider. Alvin M. Owsley of Texas, appears to be the outstanding candidate.

U. N. C. FRESHMEN TO PLAY MARYLAND

(Special Correspondence)

Chapel Hill, Oct. 19.—There is a lot of unqually good football material in the eleven which is to represent the University when the Carolina freshmen go up against the Maryland freshmen in Washington next Saturday.

Despite the fact that the main interest here now is centered in the Carolina-State College game on Thursday, there is considerable interest remaining for the freshmen team. And after Thursday it will hold the center of the stage, for the varsity has no game Saturday.

The freshman team held coach is Alexander, who was an all-American when he played at Washington and Jefferson and who coached Bingham last year. It is much pleased with the quality of men he is working with. They showed good capacity in a scrimmage with the scrubs the other day.

A number of the men on the squad themselves—North Carolinians. It is not from Virginia schools, though no secret that the presence here of Bob Feizer, formerly a coach at these schools, has had something to do with drawing players here. They became attached to him and liked the idea of being where he was.

Bra-well, of Rocky Mount, a tackle, played at Woodberry Forest and also Devin of Oxford and Gold of Greensboro, both backs, Highsmith of Fayetteville, a tackle, and Griffin of Goldsboro, a back, were at the Fishburne school in Virginia. Nash of Tarboro, an end, was at the Episcopal High School.

Five men from the Asheville High School are on the squad. Charlotte has four, Greensboro three, New Bern two, Fayetteville one besides Highsmith, Tarboro two besides Nash and Raleigh two. All but three men on the squad are North Carolinians. The heaviest candidate is Shields of Huntersville, who weighs 211 pounds.

EMERGENCY CONFERENCE CALLED

(By The Associated Press)

London, Oct. 19.—The announcement made that the National Unionist Association had issued a summons for an emergency conference dropped with a bang into the troubled arena and made everybody jump. None seems to have been more troubled than the government ministers who gathered in Downing street to discuss this sensational development.

Ninety per cent of all the motion picture films shown in Australia are United States productions.

Mammoth Tobacco Sales At Both The Warehouse

THE JEFFERSON DAVIS HIGHWAY

Mrs. Jackie Daniels Thrash Morrison handed to the Southerner certain resolutions that were passed by the State U. D. C. Convention last week in Wilmington.

These resolutions were presented to the North Carolina U. D. C. in convention in connection with the report from the Jefferson Davis Highway Committee of which Mrs. Morrison is the State director.

It is the intention of the U. D. C. to have the State Highway Commission designate the route as the Jefferson Davis Highway.

The efforts of Mrs. Morrison and her committee are to be commended and we hope that this resolution will bear fruit worthy of the name that is suggested by the committee.

The following is a copy of the resolutions as passed:

Resolved:—Whereas to further honor the name of that great statesman and soldier, whose memory should be engraved on the hearts of all true sons of the south, the N. C. Division U. D. C., request the State Highway Commission of North Carolina to designate the route and officially recommend the name of same to be "The Jefferson Davis Highway" to the State Legislature.

That a copy of this resolution be sent to the honorable body with the earnest request that it be acted upon at its next meeting.

Resolved:—That the House of Representatives and the Senate, concerning here, approve the action of the State Highway Commission in designating and naming the North Carolina route of the Jefferson Davis Highway.

Resolved:—That a copy of these resolutions be sent each chapter of the N. C. Division requesting it to use its influence with its respective county representatives in the Legislature that this may be accomplished.

Respectfully submitted, Jackie Daniel Thrash Morrison, State Director Jefferson Davis Highway Committee.

DARROW—HOWELL WEDDING

The old historic Calvary Episcopal Church of Tarboro was the scene of another beautiful wedding last night at 8:30 when Mr. William Carter Darrow of Rocky Mount and Miss Hattie Sherrod Howell of Tarboro were united in the Holy bonds of Matrimony with Rev. Bertram Brown and Rev. Mr. Hale officiating at the ceremony.

The bride wore a wedding gown of white duchess satin, embroidered in pearls, and with train. Adding to the beautiful effect of the gown, she carried an exquisite bouquet of orchids and valley lilies. She was attended by her sister, Miss Maggie Stator Howell, who wore a lovely evening gown of electric blue sequins, and who carried an arm full of American Beauty roses.

As the bride entered the church with her father, she was preceded by her nephew, Master Biscoe Howell, Jr., who carried the wedding ring in the heart of a lily, and who wore a white embroidered suit of satin.

The bride is the eldest daughter of Mr. and Mrs. Britton Brinkley Howell of Edgecombe county and is from one of the oldest and best-known families in North Carolina. Miss Howell is a charming and lovely

Thousands of Pounds of the Golden Weed Rolling in all The Morning. Probably the Biggest Breaks of the Season.

HOUSES OVERFLOWING

Tobacco From All Sections of Edgecombe and Neighboring Counties.

Never before this season has there been such a crowd of wagons and carts in Tobacco Town as was seen there this morning.

Trucks were coming in late yesterday afternoon and all the morning the farmers were crowding to the warehouses to get their products on the floor.

Both the Clark's and the Farmers' Houses were scenes of activities and the managers and floor men were kept as busy as bees getting things ready for the sales.

The folks came so thick and fast this morning, that at one time there were as many wagons and carts on the outside of the warehouses as there were on the inside, and the busiest place in Tarboro today was down in Tobacco Town.

The weather had turned off cool and today was an ideal day for the sales.

Dan Taylor, Haywood Foxhall, Alphin and Sugg, were in a strain today yet they had a broad smile on their faces, as they were here and there, greeting their patrons with a handshake and bidding them welcome to Tobacco Town.

While everything and everybody was in a rush, yet the unloading and weighing and placing on the floors were carried on a most orderly and business-like manner.

150,000 Pounds of Tobacco

In conversation with one of the warehousemen, the Southerner was informed that there were on the markets here today, 150,000 pounds of tobacco.

The first sale began at the Farmers at eleven o'clock and at midday it looked as if it would be late in the day before all the sales would be over.

The prices throughout the day were satisfactory to all and today's sales of tobacco will go down in history as a record breaker.

ly character and has a host of friends to wish her happiness.

The groom, who is the traffic manager of the Carolina Telephone and Telegraph Company, is the eldest son of Mr. W. B. Darrow, for many years a prominent official with the Atlantic Coast Line railroad. Since coming to Tarboro Mr. Darrow has taken an active part in the religious work of the church and in the musical world.

Mr. J. Richard Riggles, Jr., of Washington, D. C., acted as best man. Mr. Riggles is a member of the Committee on Claims in the office of the Solicitor of Internal Revenue, Washington.

The music was rendered by the full vested choir of the church, with Mrs. George Pennington at the organ. The ushers were Messrs. Sam Jenkins, Rawls Howard, Brinkley Howell of Tarboro, and Mr. Frank Spruill, Jr., of Rocky Mount. The wedding ceremony was attended by a large gathering of friends and out-of-town guests.

Mr. and Mrs. Darrow left home, stately after the ceremony on a private car for an extended honeymoon in the north.

Immediately preceding the ceremony, Mr. and Mrs. Britton Brinkley Howell gave a delightful buffet supper to the members of the wedding party and their out-of-town guests.
