### PAST DUE SUBSCRIPTIONS

In this issue of the Southern Farmer is a notice, calling on all delinquent subscribers to pay what they owe on back subscriptions. Some of these subscribers are a year or more behind and it will be impossible for the manager of the outthener to continue sending the paper unless these subscriptions are paid. It takes much money to meet the weekly pay roll of the Southern Farmer and we will be more obliged for those who are behind to send in their subscriptions at once. We want to keep our old friends on our list, as long as we can but unless these friends assist us by paying for the paper they should not blame us for taking their names from our subscription list. With many, this has been simply an oversight and the only thing needed is to sail their attention to this matter.

### Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions. All druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

F. Eagles, thence north 75 degrees 40'

Terms, spot cash. J. A. HUSKE, Route Agent. A. C. L. R. R., Fayetteville, N. C. Oct. 16 23

## STATE'S DISABLED TO RECIEVE HELP

### Cripple Census Week to Bring Opportunity For Training and Treatment.

Raleigh.—On the records of the Department of Vocational Rehabilitation of the State Department of Public Instruction are many cases of disabled persons who by aid of this Department have been transformed from hopeless, helpless drags upon their communities into productive units of society. Cripple Census Week, which will be observed October 30-November 4 has been instituted by the Rehabilitation Department in conjunction with the Bureau of Child Welfare of the State Board of Charities and Public Welfare in order that many other physically handicapped persons in North Carolina may be restored to usefulness and content.

H. L. Stanton, State Supervisor of the Department of Vocational Rehabilitation, states that during the past 12 months 51 persons have been helped to employment by his department; 49 have been provided with training, and 54 cases are pending further action. Many who are now in process of rehabilitation will be restored to economic independence within the next months, says Mr. Stanton.

One of the most striking cases handled by this Department was that of a paralytic so badly crippled in one hand and arm and in both legs that he is obliged to crawl about in a wheel chair, but who, through the aid of the Department of Vocational Rehabilitation, is now an interested and hard-working cobbler, making a success of his vocation. Other disabled persons will have the chance to avail themselves of the help of the Rehabilitation Department during Cripple Census Week.

To Aid Crippled Children. Cases of crippled children will be referred to Miss Emeth Tuttle of the Bureau of Child Welfare of the State Board of Charities and Public Welfare. Whenever possible and practicable, treatment will be secured for such children, either at the State Orthopedic Hospital at Gastonia, or in local hospitals. The Bureau of Child Welfare is anxious to get the names of all crippled children in the State, but particularly of those between the ages of 14 and 16 years. The State Orthopedic Hospital cannot admit children over 14, and aid from the Department of Rehabilitation is not available for those under 16, so that the Bureau of Child Welfare may render valuable service to children between these ages who are ineligible for help from other agencies.

By securing treatment for crippled children, the Bureau of Child Welfare looks towards the prevention of the development of the crop of professional beggars in the future. Many people do not know that much can be done for crippled children, — sometimes even complete cure can be effected, and frequently marked improvement of their state of disability. This is a chance for good Samaritan work on the part of public-spirited citizens of the State. Those who know of cripples are urged to give the names of these to some one of the various social agents in the county who will forward them to H. L. Stanton, State Supervisor of the Department of Vocational Rehabilitation.

### OIL THROWN FROM A MACHINE MAY BE THE CAUSE OF A FIRE

An oil soaked floor, whether in a factory or woodshed may be all that is needed to kindle a tiny blaze into a serious fire. Fire hazards are often present in many forms that are easily overlooked.

There is no substitute for sound insurance in a good reliable company. This is a Hartford Fire Insurance Company Agency

## KEEP YOUR HOGS HEALTHY

### Clean and Careful Feeding Essential in Successful Hog Raising

Here is a secret of successful hog raising practiced by many stock raisers and prosperous farmers. Don't feed your hogs sour or ill-smelling garbage.

The swill should first be sweetened with Red Seal Lye. Take one tablespoonful of Red Seal Lye and dissolve it in a pint of water. Mix this solution thoroughly with sufficient feed for 10 hogs. One half a can of Red Seal Lye dissolved in one quart of water will sweeten a 50-gallon barrel of swill. Feed twice daily, night and morning.

Ordinary garbage ferments, forming an acid which is injurious to the hog. Red Seal Lye will remove this acid and make the feed more wholesome.

Swill which has been first sweetened with Red Seal Lye and fed to the hogs, will help make healthy, sturdy animals.

Make a strong solution of Red Seal Lye, sprinkle around your pens and wash out the feeding troughs. Use at least once a week. Be sure and get the old original, highest test, granulated Red Seal Lye. Accept no substitute.

## ASSOCIATION WILL NOT DUMP COTTON ON MARKET

(Special Correspondence)

Raleigh, Oct. 24.—Relief from recent congestion of cotton delivered to the North Carolina Co-Operatives has been provided through securing of additional storage facilities at Norfolk and Wilmington shipments are now being diverted both these points, it was announced today.

Rainy weather during the week caused a slackening up of deliveries for several days, according to General Manager U. B. Blair, who expects much heavier receipts this week and has already made arrangements to move shipments promptly.

The headquarters staff of the operatives has been swamped with work since the season opened month ago, but now has its machinery in smooth running order and anticipates no further difficulty of a sequence in handling cotton for members.

While the cotton now being diverted to Norfolk and Wilmington probably be exported, it is announced that the general policy of the operatives will be to sell as much cotton at home as the market can absorb conveniently. The best market for the cotton will be sought but is not planned that during the season any considerable quantity of cotton will be marketed.

While a great deal of cotton has been picked, the deliveries to the operatives are expected to continue to be heavy for several weeks. Many of the members delayed picking in order to get their cotton picked, and the recent bad weather many sections has held up picking.

The thirty-odd thousand members of the Cotton Growers Association have been asked to plow under their cotton stalks or to have them cut pieces as soon as picking is over, in order to diminish the supply of weevils to be carried over during winter. General Manager Blair has sent out a personal appeal to each member, and has backed it with his personal experiences in combating the weevil.

It is the announced purpose of the association to promote the growing of better cotton and arrangements being made to provide means of getting improved cotton seed for members who will buy them.

The cotton growers will be encouraged to standardize the cotton grown by them with a view to increasing the association's reputation for good service, it is stated, and a campaign of education is to be run up right away.

### NOTICE

North Carolina, Edgecombe county, In the Superior court, October 26, 1922.

W. E. Armstrong, Trading as W. Armstrong & Company, vs. W. McNair Drug Company.
