A GIRL'S WILD MIDNIGHT RIDE

To warn people of a fearful forest fire in the Catskills a young girl rode horseback at midnight and saved many lives. Her deed was glorious but lives are often saved by Dr. King's New Discovery in curing lung trouble, coughs and colds, which might have ended in consumption or pneumonia. "It cured me of a dreadful cough and lung disease," writes W. R. Patterson, Wellington, Tex., "after four in our family had died with consumption, and I gained 87 pounds." Nothing so sure and safe for all throat and lung troubles. Price 50 cents and \$1.00. Trial bottle free. Guaranteed by the Standard Pharmacy.

PEOPLE DOUBT THAT DR. COOK DISCOVERED THE NORTH POLE

However, no sane person can doubt the fact that Mitchell's Department store discovered what really low prices are and are putting their discovery to good use to the great benefit of their neighbors.

Be sure and come to see the great sale, starting 9 A. M. Wednesday, January 10th, 1912, Elizabeth City, N. C.

A HERO IN A LIGHTHOUSE

For years J. S. Donahue, So. Haven, Mich., a civil war captain, as a lighthouse keeper, averted awful wrecks, but a queer fact is, he might have been a wreck himself, if Electric Bitters had not prevented. "They cured me of kidney trouble and chills," he writes "after I had taken other so-called cures for years, without benefit and they also improved my sight. Now, at seventy, I am feeling fine." For Dyspepsia, indigestion, all stomach, liver and kidney troubles, they're without equal. Try them. Only 50c at the Standard Pharmacy.

THE JACKSON DAY BANQUET

Coming in with the new year 1912, a year in which the Democratic party confidently expect to elect a president and march into the promised land, the Jackson day banquet in Washington January 8th marks a triumph in the ascendancy of the Democracy that has not been signified by any similar gathering in many years.

With an array of leaders at the banquet board such as the party has not boasted for perhaps a half a century; with 700 prominent party men present from far and wide to add importance and brilliance—this coupled with the knowledge of all that the enemy is hopelessly divided and dumbfounded, makes the Jackson day gathering an auspicious occasion to every Democrat.

On the list of speakers are to be found the names of Norman E. Mack of New York, Chairman of the National Democratic Committee; Champ Clark of Missouri, Speaker of the Democratic House; John R. Polk, ex-governor of Missouri; James T. Lloyd, chairman of the National Congressional committee; William J. Bryan of Nebraska, three times Democratic candidate for president; Woodrow Wilson, governor of New Jersey; John W. Kern, United States senator from Indiana; William R. Hearst of New York; Alton B. Parker, of New York; and United States Senators Charles F. Johnson of Main and Atlee Poffene of Ohio, with Senator James A. O'Gorman of New York as toastmaster.

When the banquet was first mentioned it was not expected that it would grow to the proportions of importance that it has. Much of the credit is due National Democratic Committeeman Edwin A. Newman of the District of Columbia, who, because of the selection of Washington as the meeting place has been practically wholly in charge of the arrangements.

Mr. Newman, however, has had the assistance of two advisory committees of prominent Democrats, one named by Chairman Mack of the National committee, consisting of National Committeeman J. Taylor Ellyson of Virginia, John T. McGraw of West Virginia, J. F. C. Talbot of Maryland, and another named by Chairman Lloyd of the Congressional committee, consisting of Senator Wm. J. Stone of Missouri; Senator Robert L. Owen of Oklahoma; Representative Lincoln Dixon of Indiana; Representative Ed. T. Taylor of Colorado and Representative Ed. J. Peters of Massachusetts.

"WORLD WIDE" CAUSES

Already during this session of Congress many of the orators among the standpat Republicans have tried to explain the prevailing high prices with the argument that the high-price wave is world-wide. This is another of the half-truths which the Republicans seek to have the people accept as a whole excuse.

Mr. R. H. Hooker, of London, read a paper before the Royal Statistical society of England recently, in which he showed that the increased cost of "all commodities" was twice as much in high-protection Germany and high-protection United States, as in free trade England.

"Comparing food prices for this year with 1898," said Mr. Hooker, "we find there has been an increase of one per cent in France; 8 per cent in England; 25 per cent in Germany; 28 per cent in Canada, and 34 per cent in the United States." Why is it that "world wide causes" result in an increase of 1 and 8 per cent in France and England, and 34 per cent in this country?

A STINGER IN THIS ONE

The Reciprocity act passed last summer provided for the removal, in part, of the duty on paper imported from Canada. This provision did not require Canada's endorsement. Since then more than 80 independent paper companies have started business in opposition to the paper trust. Notwithstanding the Reciprocity act, with the single exception of the paper provision, became dead and defunct when Canada declined to accept it. Senator Heyburn has introduced a bill for the repeal of the whole act. Were this bill to pass unamended it not only would uselessly repeal an inoperative act, but would put the duty back on paper. There is a stinger in the Heyburn repealer that will bear watching.

Mrs. J. J. Harris, of Norfolk, has spent this week here in attendance upon her father, Capt. B. F. Spence, who has been very ill.

Dr. J. H. Hathaway and family have returned from a trip to Hyde county, where they have spent the holiday visiting relatives.
