

# Forty Thousand Tons of Fish Shipped Annually from this Market.

The Globe Fish Company Prime Leaders in the Sea Food Industry. Ship in Car Lots and Packages to Distant Points.

Elizabeth City is one of the great fish markets of the North Carolina sounds country. To it are brought the catches of the fishermen of the lower Northeastern counties, and from it nearly forty thousand tons of water products are handled annually. The Globe Fish Company, Incorporated, is one of the leading whole sale concerns here. They ship in car lots and packages to points as far distant as Kansas City and Chicago. The big shad season is from February 1 to May 1, and it is at the same time that herring "run best." From May 1 to June 1 great shipments of sea trout, blue fish, mackerel spots, butterfish, etc., go north and west. Kingfish, bluefish and splendid trout are shipped all the year nearly to December 1. Fresh water fish are handled from November 15 until April 15, including carp, catfish, etc. The "hauls" of the largest nets operated by many men these of individual fishers' nets and the catches of small boys in the rivers and creeks are all brought to the Globe house for sale at the prevailing market prices.

The officers of the company are E. R. Daniels, president;

A. S. Foreman, vice-president and manager, and A. S. Daniels, secretary and treasurer.

Mr. Foreman was in Norfolk with a big concern in this line before coming to Elizabeth City. He has been in the fish business 22 years, and knows every species of the finny tribe in the waters of Virginia and Carolina. His expert knowledge is one of the big factors for the success that the company is attaining. The other officers are prominent men, identified with public affairs and the business life of the city as closely as any.

The Globe Company operates the Wanchese boat line with a large steamer for passengers and freight, four gas boats etc., making connections at all points in the fishing field and employing a large number of agents. Buyers are sent out in all parts where fishing is carried on extensively. Nets are operated under the direct supervision of the company's agents at Cape Hatteras.

The Globe Fish Company is one of the concerns that is doing much to advertise the Picture City. Its products go into every important center in the great territory, bearing testimony of the diversity of

Eastern Carolina's marine products and putting 'Betsy' more and more on the map. Hundreds of people find employment in it's interest, for their mutual benefit. Elizabeth City market prices are invariably good, and the Globe Company has done a great deal to boost them.

# "TRUTH"

It is always our first consideration in advertising, also in selling our goods. This is one of the things that has helped us grow this season and we thank the Public for helping us. If you haven't visited our store lately it will pay you to pay us a visit to see how we conduct our business, how we sell our goods and above all to see what a pleasure it is to trade here and to be waited on by salespeople "who know how." One of the strongest points about our business is our "which" we sell, we know all about them, how they are made, where they are made, and we can tell you how they will wear. Whenever you see an announcement in the paper of "Sale" or Special Bargains that we are advertising you may know that every word we say is true and the goods will be found at our store same as advertised. Another strong point about our Cut Price Sales is this: We never change tickets on our goods, never mark them up and if they are last season's suits or whatever the article may be we will tell you so. This is a reputation we have always prided ourselves on attaining. The store that stands back of everything it sells and above all "Truth" is our first consideration.

# PAIGE

## PAIGE

"The Standard of Value and Quality"

Six 46 PAIGE MODEL FAIRFIELD

### LITTLE BROTHER

Little brother is now at Detroit, he is not old enough to leave home but he will be with us sometime soon. Little brother is just the same ideal of a motor car as the larger one. He is small but has as much power in proportion to his weight. Mr. and Mrs. Paige say he is a wonder. Look out for Little Brother, he is coming, expected any day.

Big and Little Brother compose the Paige Line for the coming Season, they are both sixes.

Little Brother \$1095.

### BIG BROTHER

You have seen him running down your streets. You have stopped, looked, and admired him. You have said that is my ideal of a motor car, powerful, roomy, silent, a car that takes the ruts of the road like a boat takes an ocean wave. Beautiful lines, the best that could be produced by one of the greatest body designers in the world. He looks and is a throughbred, the ultimate in a big roomy light powerful six.

This is Big Brother, born in Detroit at the Paige-Detroit Motor Car Plant.

Big Brother \$1395
