

STATE CONVICTS FOR PUBLIC ROADS

Asheville, March 24—The Asheville Board of Trade, again strongly urges the working of all state convicts on public roads of the state, except such number as may be required for the proper maintenance of the State prison at Raleigh, and for the State farms, an equal division of the convicts to be made between the Coastal Region, the Central and Piedmont Regions, and the Western or Mountainous region of the State, taking into consideration, of course the greater difficulty of building roads in the mountains than in the level country.

The people are also urged to call on the candidates for the legislature and senate to declare themselves on this important subject before the election in November, and demand that such legislation be enacted.

Georgia has been building roads with her state convicts for nearly three years and the talk of motorists coming through Georgia to Asheville indicates the enormous value of this policy of road building. Motorists state that they can drive from forty to sixty miles in Georgia without changing the gears of their machine.

Every one admits that good roads attract much capital. Virginia is also adopting the system of working state convicts on their public roads. North Carolina should not be behind in this important movement.

MOYOCK AND CURRITUCK MEET IN DEBATE

Moyock, March 23—The debating team, consisting of Miss Annie Lathaway and Mr. Edward Cox, will go to Currituck Friday p. m. to debate the school there. Mr. and Mrs. W. D. Cox will chaperone the debaters and their friends.

The construction of a new tennis court is under way at the Academy. A very attractive banquet was recently given by the young men of the Wesley Bible class in honor of the ladies of the same class at the Moyock auditorium.
