SUBSCRIPTION RATES:
One Year\$1.00

TO COUNTRY READERS

Since June 1st The Advance has been issued in Elizabeth City as a daily paper.

We are now ready to issue the daily edition to those country subscribers who would like to get a home paper more often than twice a week.

The price of the daily by mail will be two dollars and a half a year. In order to introduce the paper, however, we will send it to you for the rest of the year for one dollar.

Now with the Mexican situation threatening at every moment to involve this country in war and with a presidential election ahead of you you are more than usually anxious to keep in touch with the news of the day.

The Advance will give you the telegraphic news accurately and promptly and at a cost of but a fraction of that of the large daily which carries pages and pages of news in which you are not interested.

You are invited to call at the Advance office on the Fourth at any time after two o'clock and get a copy of the evening paper free.

It will give you "Today's News Today" and if you are pleased with it we will be glad to send it to you regularly.

This offer is for Good Will Day, July Fourth. It will be to your interest to take advantage of it.

An auto-truck loaded with seven gum logs and making easy progress on country roads after a heavy rain on country roads soon after a heavy rainfall was seen in Northampton county last week by our friend, D. H. Tillitt of Camden. Had Tillitt been an unmarried man nothing that met his eye in the county would have made a more vivid impression upon his mind, and as it is he was on his way home last Saturday a more enthusiastic good road man than ever. Mr. Tillitt says that the set of the good roads of Northampton county is the frequent use of a road drag.

This mention of the auto-truck recalls to our mind this paper's frequent argument that a system of good roads on which the auto-truck could be used to advantage would solve many of the transportation problems in upper Pasquotank and in adjacent counties as well. It seems to us that with good roads and the use of the auto-truck, the areas in this section in which Irish potatoes and sweets can be grown at a profit would be greatly increased.

P. N. Bray of Snowden was in the city Friday.

Miss Beulah Bowden has returned from Wrightsville where she attended the Baptist Seaside Assembly last week.

Miss Ella Selby has returned to her home at Columbia after a visit to her sister Mrs. R. E. Quinn.

CHILDREN DAY AT JARVISBURG
Jarvisburg, N. C. June 27—Sunday June 25th, was red letter day for the Christian Bible School. The school has been growing steadily since its beginning some few years ago, and yesterday was 'Children's Day.'

There was an all day service with dinner on the grounds. The children's program was excellent. The subject matter was well chosen—everything presenting some phase of China and her religion. The rendering of the program also showed untiring effort on the part of the ladies—Mrs. S. H. Dutcher, Mrs. C. B. Mashburn and Miss Alice Gallop—of whom special mention is needed, besides others aided faithfully.

All the community seemed glad and spoke in highest terms of the performance.

Special features of the program were: A solo by little Miss Janie Gallop; a recitation by little Miss Newbern and a Review of Missions by Mr. Dempsey Marmon.

The dinner was tempting, palatable and bounteous.

The entire community did itself honor.

MAN FOUND DEAD IN BED

Belvidere, June 26.—Last Tuesday morning Agram Lamb a man of this place was found dead in bed. Mr. Lamb lived with a family Mallen Chappelle. On Tuesday morning Lamb did not appear at the usual hour of rising, after waiting a while, a member of the family went into the room to see if he was sick and found Lamb dead.

The County doctor Smith, was called at once and after a close examination found that Lamb had taken alcohol.

Lamb had been a habitual laudanum drinker for several years, and it is thought that he had got out of laudanum and took the alcohol in the place of it.

The funeral services took place Wednesday at three o'clock. Rev. S. A. Wood conducted them and the body was laid to rest in the family burying ground.

Mr. Lamb is survived by three brothers.

ARE OPPONENTS FOR PEACE OR WAR

This the Question Which President Wilson Puts Squarely Up to Republicans

(By United Press)

Washington, D. C. July 1.—President Wilson has taken the administration's Mexican Policy as the Democratic campaign issue and has put that issue squarely up to his political opponents.

This is the opinion of official Washington and is the view taken of the intent of the President's recent Philadelphia and New York speeches which showed unmistakably that the President won't countenance war with Mexico except as Mexican border troubles.

However the President has made it equally as plain that no steps will be omitted in complete preparation for the worst while hoping for the best. Those closest to the President do not believe that Pershing's expedition will be withdrawn and are convinced that until the establishment of satisfactory conditions in Mexico the strength of the army along the border will be constantly increased at the most rapid rate possible.
