# Interest Now Centers On On California

As Count Slowly Progresses, And Suspense Continues Through Two Nights and Days

-(By United Press)

tered sweeping gains in California as the count progressed there this morning.

Inasmuch as Hughes aparently must win California to obtain the electoral majority, the situation there is being watched with intense interest.

California's jump came within single hour. Early in the morning Wilson's margin was announced as only 641, when a mistake was discivered in Mendocino County, and 8 new precincts reported, swelling the majority to 4,396, with 400 south ern precincts still missing.

#### IN MINNESOTA

Up to eleven o'clock this morning Hughes was maintaining a lead in Minnnesota of more than 800, with 490 precincts missing.

## IN NEW MEXICO

Hughes maintains a scant lead in New Mexico with slightly more than half the returns received. The miss ing precincts are outlying districts from which the returns must come

## IN NEW HAMPSHIRE

New Hampshire is still exceeding ly doubtful. A few votes either way will swing the state. A contest is in

## REPORTS OF FRAUD

Following rumors of raud the De partment of Justice sent agents to Minnesota posthaste. The Democratic National Committee has ordered the District Chairman personally to see that all ballot boxes are guarded. The Republican headquarters announce that they are taking al ... measures possible to guard against fraud.

#### BOTH SIDES PROBABLY CONTEST

Both sides are apparently preparing to contest the counts in a number of states. In this case, the result may be beclouded for a number of weeks.

New York, Nov. 9. - At eleven o'clock Democratic Chairman Mc-Cormick made the following state-

"It's all over. We have won the election and will clean up with 288 electoral votes Wilson carries New Hampshire by 93 votes."

New, York, November, 8 .- After a night of suspense and uncertainty and conflicting reports, in the early part of which Republican headquaters, confidently claimed a victory which the Democratic chieftains refused to concede, and in the course of which big newspapers all over the land flashed to waiting thousands the news that Hughes was elected, the swing this morning at nine o'clock was strongly toward Wilson.

The President at this time lacked 29 votes of attaining the 266 needful to make his election, a fact,

An hour later the returns coming in had reduced the necessary num-the. President's plurality showly ber to 18, and the country was a grew to 7,500 and then to 9,000. wake to the fact that Wilson's election was not only possible but probable. It was realized too that, the country was in the grip of the closest election since 1876.

All through the morning and in-

# **Bickett Got** Big Majority

Raleigh, Nov. 8-A solid Democra tic Congressional delegation is assured North Carolina in the next Congress. Bickett was given 40,000 majority.

to the afternoon the states of California, Minnesota, New Hampshire, New Mexico, and Oregon hung in the doubtful column.

At half past two in the afternoon Wilson lacked but ten votes of election. Either Minnesota, California, or the other doubtful states would give him these. And still in every one of them the issue hung in the

In all the doubtful states Wilson continued to gain ground throughout the afternoon.

In California a Hughes lead chang ed to a lead for Wilson, and then

In Minnesota at 3 o'clock Wednesday, with over one third of the precincts heard from, Minnesota gave Wilson 92,000 against 83,000 for First Ward

WILSON AND BICKETT CARRY COUNTY BY RECORD MAJOR-ITY OF 1,100.

Pasquotank Democrats proceeded on Tuesday, November 7th to pile up a record Democratic vote and carried the county by an apparent margin of over a thousand votes. At least that seems to be the indication of the partial returns reaching the city last night.

The following vote, though not official, is approximately correct. A number of rural precincts are yet to be heard from.

FOR TWO WEEKS VACATION

The Board of Deacons of Blackwell Memorial church last night voted to give the pastor, Rev. I. N. Lof. tin, a vacation of two weeks, and Mr. Loftin left the city today for a much needed rest.

Mr. Loftin had no summer vacation at all and has recently been very much fatigued by his strenuour work as preacher and pastor. His physicians advised a short rest. but wish to state that a recent report circulated in the city to the effect that Mr. Loftin is suffering with tubercelar trouble is without any foundation, his trouble being a nervous one instead.

The Baptist State Convention which meets the first week in December with Blackwell Memoria! church will require all of Mr. Loftin's nerve force and energy, and it is for this reason especially that his deacons and physicians urge a rest just at this time.

Dr. C. S. Blackwell of Norfolk will fill Mr. Loftin's pulpit during his absence from the city.

#### RETURNS FROM NEW YORK

Mr. S. R. Siff returns today from New York where he has been buying goods this week for the various departments of the S. R. Siff Company's store.

Mr. Siff will have some interesting announcements in The Advance in regard to new goods purchased on this trip at an early date.

It makes no difference who is President, Manhattan shirts will still be the best shirts made. big shipment of new things in Manhattan shirts received at Weeks &

PROTRACTED WAIT FOR ELEC-LAID PLANS

A big crowd gathered Tuesday night November 7th to watch the election returns at the Alkrama theatre.

They watched eargerly and walted long, but so far as satisfying themselves as to the result of the elect on was concerned, they watched and waited in vain.

When the faithful few who had remained at the theatre until the end of the show dispersed, they knew that Wilson had lost in New York and Illinois and that Republican headquarters were claiming victory by a narrow margin but they knew little more.

A great mass of telegraphic mat-

ter had drifted in giving the result in states which stood admitted'y in the Hughes or Democratic column, but the news from the pivotal and doubtful states was meager and incomplete-and not altogether convincing. A report would come in giving one candidate the advantage in certain state only too be denied later. Then from a state where the issue had already been decided would come new figures slightly changing the voting but bearing no influence upon the final result of the elect'on. Wearying of endless iteration and reiteration the dwindled and shrunk until there was left a care handful.

Still one thing may as well be admitted. The complexion of the news that came in was not altogether such as to make the Democrats happy; while to the Republicans it was ever and anon a cause of jubilation, especially as many of them had already surrendered themselves too the idea of defeat,

When the Western Union operator, weary with six hours and more of continuous work finally quit the key and the Alkrama had closed its doors for the night The Advance at 2:45 queried the News and Observer at Raleigh to know if any definite news had materialized.

"The result is still in doubt came the answer over the wire. "Hughes is in the lead, but Wilson still has a chance to win. As to the State election the News and Observer confirmed the word of Britt's been among the things hinted at in the mass of testimony which had been heard at the Alkrama. This gives North Carolina a solid Democratic delegation in Congress.

It was at ten minutes past four that The Advance called the office gaining." "Whether Wilson can gain enough votes to win," said the Pilot, "it is impossible to say. last reports Wilson had a majority in that state."

At five o'clock the Virginian Pilot again repoorted "Wilson still has a good show, but we don't know yet exactly what the outcome will be."

At 7:30 Wednesday morning this that indications showed Wilsoon leading with 261 electoral votes and two states yet to hear from California and New Mexico. It was good to hear that Wilson was leading at last but California and New Mexico-these states seemed to offer little hope of Democratic success.

The 7:30 estimate of the Virginia Pilot, however, was based upon the forecast of a New York newspaper.

CURRITUCK, CAMDEN AND PER-QUIMMANS GIVE BIG DEMO CRATIC MAJORITIES

That there is no sign of anything except a continuance of overwhelming Democratic ascendency in northeistern Carolina was abundantly indicated by the results of yesterday's voting in Pasquotank and neighboring Democratic coun-

Phone messages received by this paper from Camden, Currituck and Perquimans told the same story of Democratic success by overwhelming majorities.

A record vote is indicated by early reports from Currituck where leaders claim that the Democratic majority is in the ne ghborhood of 1.000. Camden gave Wilson 368 votes as

against 85 for Hughes, and on the State t'cket the Republicans were able to muster only 66 votes in the entire county.

Four hundred and eighteen votes were cast for the Democratic nominees for county offices, there being no Republican ticket.

Hertford, the county seat of Perquimans out of 238 votes cast gave Wilson 215. McNider was given 212 and Johnson 210 as against 17 foor Morgan, the Republican nominee to the State senate. Bethel, a rural precinct, went Democratic byy a majority of 84 with 118 votes

#### FACTIONAL FIGHT IN CURRITUCK

Considerable interest has been felt here in the outcome of the factional Democratic fight in Currituck county where a split in the party led to the putting of two (lckets into the field.

All efforts to get accurate reports by telephone of the standing of the contestants have proved futile.

However, with five precincts, separated by water from the court house, yet to hear from, it seems that the Johnson-Flora wing of the party is in the lead. .

A report from Currituck court house reaching here Tuesday night stated that Flora, Baxter, Cox and Sanderlin seemed to be leading but that the result was still in doubt. A telephone call to Point Harbor failed to get any answer as to the outcome of the fight except that the candidates were running close. A similar report came in Wednesdefeat in the tenth, which item had day morning by telephone from

A report reaching here from Shawboro, however, claims that in the race for sheriff Flora leads Griggs in the precints so far heard from by a margin of a little over a hundred votes. From the same of the Virginian Piloot at Norfolk source comes the information that for its reprt and was informed in the contest for the treasurer's ofthat the issue was still undecided fice Sande Tin is two hundred votes with Hughes leading and Wilson shead of Gard and is expecting a majority in the precincts yet to be heard from. Baxter is said to have over a hundred votes lead on Bray It now appears that the contest in the contest for the office of regwill be decided in Ohio and at lister of deeds. In the race for representative Cox is reported as leading Barnard by a narrow margin.

Three of the precincts not heard from are on Knott's Island. The other two are at Kitty Hawk and Old Inlet.

At 9:10 The Advance received from paper again got The Virginian the United Press the statement that Pilot on the wire and was informed Wilson was leading Hughes by five electoral votes with 237 against 232. This left 62 electoral votes doubtful asd still included in the doubtful column Indiana (15), Kansas (10). Minnesota (12). New Hampshire (4), Oregon (5), as well as California and New Mexico.

The rest of the story may be found in the United Press report of developments in the later morning and afternoon.
