Reply to The Graphic.

Unpleasantness of any kind is a condition we all dislike. Newspaper controversies pertain more or less to this condition. Hence we reluctantly bring ourselves to reply to an article in the last issue of the Graphic accusing this paper of inconsistency. The article was written in reply to the issue of the Graphic transmitted what we would have considered moral obligations of etiquette in that he must have read our article before publication while paying our office a personal call. We must draw this deduction as it is the only way we can account for his being able to answer the article in our paper before the paper was actually put in the postoffice. We have no feeling about that part of it however, as we are not ashamed of or afraid of the consequences of what we publish whether it is seen before or after publication and really write what we have about that phase of the subject as an explanation as to how the Graphic's reply came out so early than for any other reason.

The Graphic devotes a column and a half of reading matter the substance of which is an attempt to prove that the Record is inconsistent. An examination of the Record shows that the Record is not inconsistent. The Record certainly can see things and draw conclusions that no one else can, so we don't feel convicted at all just because the Graphic says so.

The Graphic bases its conclusions as to our inconsistency on the grounds that this paper endorsed Mr. Arrington's candidacy for treasurer and denied the right of the Graphic to endorse the candidacy of Mr. Winstead. In the first place the pretension that this paper took any such position is entirely erroneous. We have never criticized the Graphic for or denied its right to advocate Mr. Winstead. What we did criticize the Graphic for was its attack on the candidacy of Mr. Arrington. Our position is this: We have never criticized Mr. Winstead's candidacy. The Graphic did criticize Mr. Arrington's candidacy and we think without justification. We think Mr. Arrington has the same right to aspire to the position of treasurer as Mr. Winstead. No more, no less. This has been our position all the time.

The Graphic states that its utterances are not "controlled by any man, set of men, or combination" and later in its article states that a large number of Rocky Mount's business men own stock in this paper. We hope the Graphic did not mean to leave the inference that this paper was controlled by "any man, set of men, or combination" for if it did, it would cause us to leave the track of courteous language and brand the statement what it is. The statement that business men of Rocky Mount own stock in this paper we want to brand here for the benefit of the Graphic and other newspapers. We made that statement in an attempt to insinuate that its utterances are controlled thereby, either false or erroneous. All the preferred stock of The Record was retired over twelve months ago.

We have not received anything for advertising the nomination of Mr. Arrington. We did it because he is a citizen of Rocky Mount, a man who is competent and worthy, and a personal friend. However in doing so we did not say one word reflecting upon any other candidate. The Graphic went out of its path to attack Mr. Arrington's candidacy. We honestly and candidly believe that The Graphic has made votes for Mr. Arrington thereby for the people of Nash county know him well enough to turn a deaf ear to traducers and such attacks will only have the effect to make his friends rally to his support.

PROTECT YOUR VITALITY

Griffin's Drug Store Sensible Advice to Take Care of the Digestion.

Let your stomach think of the duty it has to perform, and to find that your powers may be always at their best.

Just consider yourself a wonderful and complicated machine, perpetually working and wearing out.

The vital part of the human machine is the stomach. When it is strong and acts naturally, so that digested by perfect and the food that furnishes our steampower is stimulated, and the waste properly removed, then we can do our best work and get the most enjoyment out of life.

On the other hand, if the stomach gives out, all the vital organs will soon become weakened and diseased. There will be headaches, back-aches, pains in the sides and limbs, sneaks before the eyes, loss of appetite, sleeplessness, weakness and debility.

Griffin's Drug Store very sensibly advise people to take care of the digestion by strengthening the stomach with Micon tablets, a remedy which they absolutely guarantee is a positive cure for all stomach troubles, except cancer of the stomach, and all it with the understanding that it costs nothing unless it cures.

Death From Lockjaw

never follows an injury dressed with Bucklen's Arnica Salve. Its antiseptic and healing properties prevent blood poisoning. Chas. Oswald, merchant, of Bensonsville, N. Y., writes: "I cured Seth Burch, of this place, of the ugliest sore on his neck I ever saw." Cures Cuts, Wounds, Burns and Sores. See at Griffin's Drug Store.

Cotton Seed Industry.

Published by request.

It is to be regretted that so many farmers and others who do not know have an erroneous idea of the profits in the cotton oil industry. A very small profit per ton of seed crushed if the mill were to run every day in the year would pay a good profit on the investment. As it is, the longest season of any mill is five months; most mills run only four months. For the balance of the season the mill is forced to stand idle with the salary of the bookkeeper, manager and superintendent going on, as though the mill were to be carried all the year, the cheaper labor, such as lintermen, pressmen and seed shovellers, being picked up and let out with the opening and closing of each season. The taxes and insurance, too, go on just the same, while the plant is idle. One of the most expensive items in the manufacture of cotton oil is that of press cloth. This cloth is made of camel's hair and costs at present about 60c per pound. There are but two factories in the South which make this press cloth. It is worth the while of any planter to be shown through an oil mill and have every item of cost pointed out to him; then also see the immense piles of dirt, gravel, etc., taken from under the linters, which the mill has to buy at so much per ton. These are some of the items that have helped put about one-third of the cotton seed oil mills in the South on the ragged edge for the past year.

Deadly Scent Bites.

Are as common in India as are stomach and liver disorders with us. For the latter however there is a sure remedy: Electric Bitters, the great restorative medicine, of which S. A. Brown, of Bennettville, S. C., says: "They restored my wife to perfect health after years of suffering with dyspepsia and a chronically torpid liver. Electric Bitters cure chills and fever, malaria, biliousness, lame back, kidney troubles and bladder disorders. Sold on guarantee by Griffin's Drug Store Price 50c."

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy.

The world and the name of Swamp-Root is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a

Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Not the wealth of J. Pierpont Morgan or of John D. Rockefeller, but several large fortunes have been spent in bringing to a point of perfection and developing the product known as "Bromonia."

The present company, after a long and tedious litigation, have acquired all right and title to the trademark "Bromonia," assets and good will, &c.

In a comparatively short time "Bromonia" will be known everywhere—even to the remotest parts of the civilized world.

The proof of the pudding is in the eating. The mere statement that "Bromonia" is of such tremendous efficacy and so beneficial that it should be in the home of every citizen in the civilized world is not enough nowadays to convince the sceptical public, deluded as it has been in the past by the myriads of fakery and heartless charlatans, who have taken the public's money in exchange for dangerous, insidious and habit-forming drugs. The invalid in these enlightened days wants some evidence of sincerity on the part of the owner of a proprietary remedy before investing money.

We propose to see that every man, woman, or child, who desires to try our remedy at our expense can do so without one cent of cost. We are capitalized at Four Millions of dollars, this amount being thought necessary in order to carry out our plans.

Read the following carefully: If you have consumption or some of the contagious forms of blood poisoning we cannot cure you. We don't pretend to cure you. You need the individual treatment of some skilled specialists; but if you are run down in general health, if you have dyspepsia, are subject to fainting spells, a victim to insomnia, biliousness, kidney or liver trouble, catch cold easily, if your system is in that condition that you may become an easy prey to the disease germs of pneumonia, la grippe and the various epidemics, if you are bothered with constant headache, loss of memory, generally impaired vitality, we can help you, and, if you follow our direction, render you immune against sickness. Most skin disease can be cured by the use of "Bromonia."

"Bromonia" is to the human system what the scrubbing brush and soap are to the dirty washbowl. It aids Nature to resume normal action. It increases the strength, the fighting ability of the phagocytes of the blood; it promotes the healthy flow of the salivary and gastric secretions. If your stomach is in good condition, you are well. The Chinese are a wise people. They accost each other with, "How is your stomach?"

We don't ask you to invest a cent at our expense. A single bottle oftentimes works wonders. Cut out the Coupon at the bottom of this column.

Write name and address plainly. Be careful to address BROMONIA CO., NEW YORK.

FREE BROMONIA COUPON. I hereby declare that I have never before had a free bottle of "Bromonia." Kindly send me one without any cost to me whatever.

him all it is worth for the raw seed. When this is done most of the misinformation and exaggerated ideas of a cotton oil mill being a gold mine will pass away. A fair return on the investment is the due of every crusher and he should be a very great factor in the advancement of the agricultural interests in his community and a proper and intelligent discussion of the issues confronting both producer and crusher of seed would undoubtedly bring about a much clearer understanding and one that would be mutually beneficial.

ROTEBEAU EXPORT BEER IS A PURE LIQUID FOOD CONTAINING LESS ALCOHOL THAN OTHER BEVERAGES. 4% ALCOHOL. BEER 6, TURNIPS 9, EGGS 12, CHAMPAGNE 23, SHERRY 45, WHISKEY 51, RUM 72. Dr. Wm. Wiley, Chief of the Bureau of Chemistry of the U. S. Department of Agriculture, agrees with Pasteur, that BEER is a veritable food product. He dwells particularly on the fact that the small quantity of alcohol contained therein must be regarded as a food ingredient, saying: "It has been clearly demonstrated that when given in moderate quantities, the volume of the alcohol injected into the stomach is converted into heat during the process of digestion and assimilation."
