

TRYING TO LEARN WHAT AILS OUR FISH INDUSTRY

Group From Raleigh On Trip On John A. Nelson Here This Week

The welfare of commercial fishermen in the inland waters of eastern North Carolina was the subject of investigation made by the State Department of Conservation and Development in and around Manteo this week.

NOTICE OF CANDIDACY

I wish to announce myself as a Democratic candidate for member of the State Senate from Second Senatorial District, subject to the Primary June 6th.

T. B. ATTMORE
Advt. Mar 20-17

Bruce Etheridge, director of the state department, would enable the board to deal with the problems of commercial fishermen, which it is their duty to do, with a better knowledge of its every phase.

Things dealing with governing activities of the industry through legal protection to legitimate fishermen was one of the items of study.

The study of shad and herring scarcity in the inland waters this season and last season was a major topic into which the board gave much study on this cruise of investigation. While no definite conclusion was drawn for the scarcity of fish so far this season there was a general idea expressed by a spokesman for one of the members of the board that heavy flows of fresh and muddy water out of the rivers that empty into the sounds and the sounds to the ocean have caused the water to become so full of impurities that these migratory fish are not able to find their way into the fresh waters to spawn.

Sparrow P. Midgett Turns Out to be Painter

DARE County folks well know Sparrow P. Midgett, better known to his friends as "Spar". For the past several years he has been fishing at Manteo Harbor, making his home with various employers, and is now with V. G. Midgett, prominent Manteo Harbor man. The interesting thing about this picture of the ship is that it was painted by Mr. Midgett, who has turned to painting pictures in his spare time, and is learning to be a good painter. Spar has been a house painter for many years, and he has done a lot of painting around Manteo. Spar says he is not satisfied with just being a painter, and wants to run for County Judge.

We almost forgot the important thing about the picture, and that is the young lady is Miss Margaret Midgett, a popular young girl of Manteo Harbor who always has a ready smile and a good word for everybody. She is the daughter of Mr. and Mrs. Joe Tom Midgett.

On the second day of the board's tour of another item that has been the subject of considerable discussion was to be investigated. This is the thought that the emptying of refuse waste matters into the waters of the upper Roanoke and Chowan rivers was a direct cause for shad scarcity. It is deemed possible that the spawn of shad in the upper Roanoke River during recent years has been killed by the emptying of sewage and refuse from factories along the banks of this river.

To investigate this possibility the Board of Conservation and Development will take samples of the water from time to time in order to make a careful chemical analysis that would determine whether or not refuse matter is a cause for the existing scarcity of commercial fish, with the purpose of eradicating the condition, as a project of vital importance to North Carolina as well as the nation.

This party headed by R. Bruce Etheridge, director of the Board of Conservation and Development, consisted of: J. O. Gilkey of Marion vice chairman of the board; J. P. Rawley of High Point, Senator E. S. Askew of Merry Hill, Harry R. Lindsey of Lenoirville, Joseph J. Stone of Greensboro, James L. McNair of Laurinburg, Captain John Nelson of Morehead City, Fisheries commissioner; Captain Leonard Nelson of Morehead City, acting skipper of the cruise; Roy Davis of Manteo and Tom Basnight of Manteo, Assistant Fisheries Commissioner.

They were on the fisheries flagship "Captain John Nelson." The first day's cruise took them through the lower Currituck, Currituck, Albemarle and Roanoke Sounds while the second day's cruise took them up the Albemarle sound to Edenton. Currituck people are now talking politics. There will be some lively contests in the primary. Recorder's Representative and Sheriff's Races Arouse Interest This Week. Currituck people are now talking politics. There will be some lively contests in the primary. Recorder's Judge Albert Sumrell is running against incumbent Howard Forbes for Sheriff. A. J. Hartley of Point Harbor, John W. Sanderlin of Shawboro and W. D. Cox of Moyock are running for Judge. Rumor couples the name of E. R. Johnson of Currituck against Chester Morris for Representative. Rumor also has it that there will be some opposition in the primary for the office of Register of Deeds.

Hot weather, which causes folks to sit down longer in the shade to rest and chat has renewed political discussion in Dare County. The only announced recent candidates are C. C. Duvall of Buffalo City and C. W. Mann of Manteo Harbor who wish to be County Commissioner. Carl D. Mann, popular and experienced commissioner of Manteo Harbor has been reported as not a candidate to succeed himself this year. This leaves one vacancy on the board as it now stands, with three candidates in the field, the third being Capt. Thomas P. Midgett who is now sick.

PEOPLE ALONG BANKS SUPPORT RED CROSS CALL

More Than \$200 Raised To Help National Flood and Hurricane Sufferers

Dare County has contributed a total of \$209.00 to the American Red Cross for flood and hurricane relief since the call was sent to all sections of the nation several weeks ago. This report was furnished by Mrs. Rennie Williamson Dare County Chairman after she had received reports from all subordinating committees. Mrs. Williamson report shows that Roanoke Island contributed \$132.26 of the amount while the other was contributed by outlying sections. Kitty Hawk and vicinity turned in \$26.25; Rodanthe, Salvo and Avon, a total of \$50.00, and \$40.05 was contributed by the CCC camp on Roanoke Island.

Mrs. Williamson states that she is well pleased with the response from Dare County people and wishes to extend thanks to every worker as well as to each contributor. When the call for aid came to the Banks, it found Mr. Gray, of Salvo, assistant chairman of the American Red Cross for Dare County, sick and unable to carry on but straightway he realized that it meant immediate action and in order to carry out a drive he appointed working committees.

These committees were: Rodanthe, Mrs. Calvin Midgett and Mrs. John Herbert; Avon, J. E. Williams, Buxton, C. P. Gray; Salvo, Mrs. William E. Whitbee. Each of the committees except the Buxton committee had reported on Tuesday and a total of fifty dollars had been turned in. The Buxton committee, according to Mr. Gray, was expected to increase the sum considerably. Mr. Gray was especially anxious to thank each of the committee members for their work as well as each member of the Red Cross and every contributor whether they were members of the Red Cross or not.

TWO BIG CATCHES DRUM

One Party of Three Virginia Visitors Get Fifteen

The record catch of drum by any one party from Manteo so far this season came on Tuesday of this week, when A. P. Cutchin, Jr., and party of two friends of Hopewell, Virginia, returned with fifteen large ones. Another party on the same day came in with twelve nice ones. This was L. B. Elliott and a party of friends from Bowling Green, Virginia.

According to Plan

In a modern factory every step in production is carefully planned. Everything is run according to schedule, so that no effort is wasted. A good many people have discovered that the same principle also applies to saving money, that casual, haphazard saving doesn't accomplish as much as planned saving according to a schedule. Work out a plan of your own. Then stick to it for one year. At the end of that time, you will be more than pleased with the steady growth of your bank account.

and Chapter 491 of the Public Laws of North Carolina 1933, the school also described below, having become unnecessary for public school purposes, the undersigned will on the 27th day of April 1936, at 12:00 noon at the Courtroom door in Manteo, North Carolina sell to the highest bidder for cash the following described property:

1ST TRACT: Adjoining the lands of T. S. Gray, South, beginning at a stake in the last line of said Church land, with said line north 21 degrees West 200 yards to a stake; thence North 75 degrees East 30 yards to a stake; thence South 22 degrees East 30 yards to a stake; thence South 50 degrees West 30 yards to the point of beginning, containing 1.50 of an acre more or less.

2ND TRACT: Adjoining the lands of Thomas E. Mann and others and beginning at a white oak tree running a South 10 degrees East 40 feet; thence a Westerly course 40 feet; thence a South 10 degrees East 40 feet; thence an Easterly course 10 feet to the first stake, containing 1.12 of an acre more or less.

The old school building will be sold with these tracts.

The bidding will begin at the sum of \$27.50, the amount bid by Robert T. Hille. This is the 15th of April 1936.

ROBERT T. HILLINSON, Supt. of School of Dare County.

I hereby announce my candidacy for the State Senate, subject to the Democratic primary to be held in June, 1936.

Respectfully,
WILLIAM B. RODMAN, JR.
