stormed the polls at Avon, and voted many of their party, the poll and after repeated attempts to get their men in, gave up. One Re- ed in good nature, and without th busy trying to influence Democratic voters, is reported to have been so ncensed, that he stormed up and down in his store, and swore because he couldn't take part in the primary, he was done with the church, and done with the schools. On the other hand the community of Hutteras has a high type of dyed in the wool Republicans who hold strong to their party integrity. Occasionally one wants to quit his party, and affiliates wholeheartedly and sincerely with the Democrats. But in any case, the Hatteras Republicans will be found fair, and square-shooters, straight up and down, and they never have anything to do with the Democratic

In East Lake, repeating the performace of the 1934 election, the Republicans again went to the box and voted their same number, swell ing a normal Democratic vote of about 57 to more than 100 East Republican leaders having advocated voting for him, with the threat that he would be descried for Grisom, the Republican condidate if nominated, in November.

T Dating from the time the first Coast Guard telephone went into Manteo, Dare County's growth was observed. It got in touch with the outside world, and its influence played a great part n the growth of the county through all the wars.

It is easy to see the great growth in the beaches and tourist travel that has followed with your Jines since they came into Dare County, - Without them you would have very little business jearried-on-in this modern age.

FORD V.8 ECONOMY MEANS

No MATTER how you classify your expenditures for car up-keep it's your total expenditure that counts. How much "dollar mileage" is your car giving you?

Dollars do go farther in the Ford V-8. Modern improved carburction gives you unusual gasoline mileage with brilliant V-8 performance. Most owners of today's Ford change oil only every 2000 miles and add none between changes.

And after the first few thousand miles you begin to understand what Ford V-8 "dollar mileage" really means.

It gives you more miles per dollar be cause it gives you all-round economy low first cost, low up-keep cost, low de preciation and long life - as well as low gasoline and oil consumption. All these are big items if you aim to buy the mo economical car. 🤏
