Lying as it does at the top of the world, Bolivia boasts the highest navigable lake on the globe, Lake Titicaca, and the world's highest capital.

**PEOPLE OF DUCK TO HOLD A BIG PICNIC SUNDAY**

Quarterly M. E. Conference Sunday in Northern Part of County

The people at Duck will hold a big event Sunday at the Methodist church, on the occasion of the M. E. quarterly conference, and several hundred people are expected to attend.

Dinner will be served on the grounds, and the exercises will begin at 10 a. m., lasting until 3 p. m.

Many people will learn for the first time, what a good set of people live in Duck. It is one of the finest neighborhoods in the State, and it has a quiet friendly set of people.

**CAPT. HAYMANTO START SAILING RACES SATURDAY**

Nags Head Soundside To See Revival of Old Times If Plans Made for Next Month Go Through

Saturday is to be a red letter day on the Nags Head soundside, if plans of Capt. Dan. Hayman go through all right. Capt. Hayman is in Dare this week making ready to start his long planned sailboat races.

The races are to begin Saturday and continue through July 4, and expects come additional ones after that. He says he has four able sailboatmen from Norfolk coming down, Howard Carner, Cecil Mercer, Horace Boone, and Tommy White, and so far he has 2 moth boats in the line-up; one knockabout boat, one round-bottom yawl, and one skip-jack proper.

Capt. Hayman's races are sponsored by the American Legion, and will take place on the Morris property, where a huge open air pavilion is to be erected. He says he believes he can make these sailboat races the greatest attraction in Dare County and wants to organize a yacht club to do a year round business at Nags Head.

**Knew Destination**

Reason why the Revolution of 1776 was a success was because the revolutionists knew what they were going to do. Generally, they didn't

## Save Money 3 Ways With Modern Ice Refrigeration

**SAVE in First Cost**  
The purchase price is far lower than those of other types of refrigerators. Good investment, because the depreciation is less . . . and you have no large amount of money tied up in it.

**SAVE in Daily Cost**  
Needs re-icing only once in 4 to 7 days, and ice is low in cost. You can buy foods in quantities, at low prices, and save—they'll keep without drying out.

**SAVE in Future Cost**  
Built for a lifetime of service, not just 3 to 5 years. No cost for repairs, because there's no machinery to wear out.

Buy a Modern Ice Refrigerator at a price so reasonable it will surprise you.
