HUGH F. GALVIN President and Director

Many friends of Dare do business in our sister county to the North, through which we travel, going to other towns to do business. These good friends deserve a share of our business, and they always enjoy having us stop to talk. They also do much business with Dare County's resorts, so we owe them something besides good will. They give dependable service the whole year around, and invite you to visit them on your next trip through their section.
