

TO THE VISITOR IN HIGHLANDS

We welcome you all to our community. We want you to enjoy yourselves. You can in many ways, as doubtless you know better than the editor does. However, we would like to point out a few of the many scenic attractions around Highlands.

It has been the writer's privilege to see many of the beautiful sights around Highlands. In this section of THE HIGHLANDER we can do little more than merely mention these points of interest. However, the visitor can secure further information from the CHAMBER OF COMMERCE office in the Bank Building. Next week's paper will take up these scenic points more in detail.

If you will see all of our sights, you must visit: Highlands Falls, Whiteside Mountain, Primeval Forest, Sunrise View, Sunset Rocks, Satulah Mountain, Bearpen Mountain, Dry Falls, the famous Robert Ripley "Believe It Or Not" Bridal Veil Falls, Cullasaja Gorge, the abandoned Gold Mine out Horse-cove Road, and the numerous lakes and vistas in and around Highlands.

Highlands is a progressive community. It aims to make all visitors comfortable at all times. It aims to show our friends from other States that here is the ideal vacation spot of Eastern America. No other town in this section is as high as Highlands. And situated as it is, twenty miles from the nearest railroad, its visitors are not smothered with the grime and smoke of trains; nor are they awakened at wee small hours during the night with the infernal screeching of trains going off into the distant night.

Come to Highlands. Visit us, and you will come to stay.

Tuberculosis Survey To Be Conducted

The North Carolina State board of health has arranged for a tuberculosis survey to be conducted in Macon County.

The clinics will be held on August 6 and 7 at the county health department in the Higdon Building, Franklin. Dr. Denholm will conduct these clinics; he is connected with the State health department.

The hours for the clinics on the two days above mentioned will be from 8:30 a. m. to 4:30 p. m. on the first day, which is Friday; and 8:30 a. m. to 12:00 noon on the second day, or Saturday.

All those persons who have been exposed or diagnosed as having had or are having tuberculosis are urgently asked to attend the sessions of the clinics.

Tuberculosis is a dreaded disease, and strikes many times where one does not look for it to do so. Let's do our part to eradicate it from our midst.

If all the hot dogs consumed on a summer Sunday were laid end it would make a lot of bologna.

The two things that make husband and wife one in spirit are having a baby and hating the same relatives.

Another reason why people are not interested in what you say is because you are not interested yourself.

The man who keeps his nose to the grindstone also usually manages to keep it out of other peoples business.

Nothing can be made to sound more profane than the way some fellows honk an auto horn.

NO CHANGE
"A husband like yours must have been hard to find."

"He still is."
"There was a time when people used to say I had more money than brains. They can't say that anymore."

"Why not?"
"Because I'm down to my last dime."
"Yes, but you've got the dime."
