**ENTHUSIASM IN ATHLETICS**  
HIGH BASKET BALL TEAM WILL WELCOME GUTCHIE GIRLS

Hertford, N. C., Nov. 4.—A great deal of enthusiasm is being displayed by the High School girls in the development of this season's basket ball team. Sixteen candidates are trying for positions on the team, and the indications are that some of the veterans of last year's line-up will have to work hard to hold their places. The first regular line up was held on Friday afternoon when the Varsity defeated the Scrub 14 to 2.

The Scrub put up a hard fight in the first half holding the regulars to 2 points. In the second half the regulars settled down and developed a better attack.

The Hertford girls will open the season on Friday, Nov. 17 on the Hertford court with Elizabeth City as their opponent. Elizabeth City won the series last year, and Hertford will put forth every effort to wipe out the past defeats. A Field Day will be held prior to the basket ball game, and the Betsy City girls will be entertained by the Hertford team Friday night.

The line-up of Friday's game follows:

Varsity: Forwards, Marjory Nixon, Annie R. Morgan. Centers, Mary Sumner, Alice Fulford. Guards, Louise Gaither, Capt. Dorothy Nixon.

Scrubs: Forwards, Mary L. Tucker, Bertha Beasley; Centers, Hannah Mae Fleetwood, Eugenia Blanchard. Guards, Alice Elliott, Mattie Newby, Helen Newbold.

Field Goals: Marjory Nixon 5, Annie R. Morgan 2.

Goals from fouls, Mary L. Tucker 2.

**BUFFALO BILL IN THE SADDLE**

LINKING THE PRESENT WITH THE PAST COL. WM. CODY IN INTERESTING FIGURE

One of the purposes of announcements relative to shows in general and tent shows in particular, comes the interesting news that Col. Wm. F. Cody, "Buffalo Bill" one of the last of the real border scouts, is again in the saddle.

The time will come, no doubt, when Buffalo Bill, whose name is so closely associated with the history of the West and the Indian warfare of the Borderland, will be a tradition. Today he is an institution linking the present with a past that will always stand out as an historic cameo in the story of "the making of the West." Buffalo Bill belongs to the history of the United States, and no story of the subjugation of the wild Indian tribes is complete without a record of his

participation in it.

Buffalo Bill was the first to realize the romance and picturesque of Indian and cowboy life from an exhibitional standpoint, and he introduced the life of the mountains and prairies to the people of the East. He visualized the dangers of the overland trail, the savage incursions of the Indians upon the settlements of the white pioneers, the outwary of the border, the stage coach hold-up, the buff to hunt, the round-up, the sports and pastimes of the cowboys and cowgirls, and all the other incidental features of life in the far West; and the picture

**DEBATES AT HIGH SCHOOL**

More than usual interest is being manifest in the High School student body this year along the line of debating. Fourteen students have entered for the debate in March, and trial debates will be held all through the year preparatory to this event. One of these debates will be with the Hertford School debaters. The others have not yet been arranged.

**INFANTILE PARALYSIS VICTIMS ESCAPED**

(By United Press)  
New York, Nov. 4.—The infantile paralysis epidemic which swept New York city during the summer married many but not all of its victims, for 112. The home cases show a higher percentage of serious after effects than those of hospitals.

According to a Health Bulletin just issued, sixty-six per cent of 658 discharged from city hospitals showed evidence of paralysis, sixteen per cent showed that paralysis had entirely disappeared and the remainder, sixteen per cent had not shown effects of paralysis at any time.

Of 2,715 cases followed in the homes, 1,885 were found seriously paralyzed in either one or both legs and are unable to walk. Five hundred and thirty, though partially paralyzed in the legs can walk. Two hundred and seventy-three suffer paralysis in one or both arms.

The youngsters are being fitted with braces and are being scientifically taught the use of their crippled arms and legs.

**OPENFACED SUITS GO UP**

(By United Press)  
New York, Nov. 3.—Joining in with the increasing cost of living, loving and dying, the cost of society is now about too advance—a dress suit combine is in the making and if put through will spell ruin to many a socially inclined but swathed and gallant.

Heretofore the rental of a "two-tailed tormentor and trimmings" has stood at \$1.50 per night. Part of the time the owning company, when it did business wholesale, such as outfitting a group of young statesmen from the more rugged political zones for the annual hop, had to take out some of the money in program advertising. Nothing doing hereafter.

"Two dollars or you boys wear your sweaters," is an epitome of the battle shout of the owning firms. They have united to make good of the shout.

**KIDDIES TAKE HYGIENE WITH THEIR MUSIC**

St. Paul, Minn., Nov. 3.—Toothbrush movies took a bit of the joy out of life for St. Paul kiddies today. When all the school children of the city met to witness or participate in a oretta this morning, at a downtown theatre, the school board rushed in and showed movies of proper mouth hygiene, between the acts.

E. E. Walker of Currituck was here on business Friday.
