Fatal Explosion Aboard American Submarine

Five Killed And Three Injured on A-7 Navy Department Announces Today.

(By United Press)
Washington, July 25.—Five were killed and three injured in an explosion aboard the U. S. submarine A-7 at Cavite, Philippine Islands, the Navy Department announced today.
The dead are Arnold Marcus, lieutenant; H. H. Lang, machinists mate; C. Hopewell, gunners mate; J. M. Cyrrt, chief electrician; K. A. Kunt, machinists mate.
The injured are; C. Schallie, chief electrician; A. M. Jacobs, fireman; I. P. Nixon, machinists mate. All three were burned above the waist.
Secretary Daniels statement is as follows: "The cause of the explosion from preliminary examination appeared to be the collection of gasoline fumes in the pocket within the boat. The cause of ignition has not yet been determined. The explosion occurred at 4:40 P. M. yesterday."

BREACH BETWEEN FINLAND AND RUSSIA

(By United Press)
London, July 25.—A diplomatic breach between Finland and Russia is believed to be imminent, according to dispatches received here today. The Finnish parliament has already passed on the third reading a bill for the independence of the province.

MISS COURTNEY JONES ENTERTAINS CLASS

Miss Courtney Jones entertained her Sunday School class of Blackwell Memorial Church Tuesday night in the annex.
Many games were played and refreshments were served, after which a "Donkey Party" contest took place, in which Norma Trueblood and Guy White were the winners.
The members present were: James Clifford, Randall Holloman, William Overman, Norman Peal, Roscoe Smith, Conley Chappell, Norman Trueblood, and Guy White.
Visitors present were: Misses Pearl Munden, Elizabeth Chappell, and little Miss Evelyn Pritchard.

CAMPS ARE NOT YET COMPLETED

(By United Press)
Washington, July 25.—Practically 10,000 National Guardsmen who have been called out for training will be held at their home quarters for a week or a month because the Southern camps are not yet completed.

PICNIC AT ARNUESE

There will be a picnic and lawn party at Arnuese Creek landing Friday, July 27th beginning at ten A. M., and lasting until ten thirty P. M.
Come early and stay all day and do not forget your pocketbook, as it will be convenient for you to get your lunch without staying in the kitchen half the day when you could spend that time at Arnuese.
Don't forget the date, Friday July 27th. Come and tell your friends to come.

At The Alkrama

(By The Press Agent)
Alkrama Theatre makes announcement extraordinary. Douglas Fairbanks tonight in "The American".
A typical Fairbanks Picture. Full of action and fun. It has been a long time since the theatre goers of this city have had an opportunity of seeing Douglas Fairbanks, the most widely talked about motion picture star on the screen today. Not only is Douglas a drawing card, but the picture is a strictly number one production.

PASQUOTANK'S QUOTA:

The 220 men first named below will be summoned before the Pasquotank Board of Exemptions for Examination early next week. Men holding corresponding numbers in other counties may also be on the alert for call under the first draft.
Some of the next group of eighty will be called out a little later unless Pasquotank's quota of 110 men is filled from the 220 first called out. If the proportion of exemptions is above the average in this county a sufficient additional number will be called out to make up for it.
The next two hundred, and all of the eighty who are not called out on the first draft, are in line for call under the second draft. This statement takes it for granted that the second draft will be as large or perhaps larger than the first.
Those whose names are listed beyond the first six hundred may feel reasonably safe, it is thought, for the space of time required to train the first two armies. However it is well to bear in mind that if the war is long drawn out all who are registered will eventually be called out.
The Advance regrets that it has been impossible today to get all the names on Pasquotank's registration roll into type. This work has been hindered through unavoidable and unlooked for causes. All names that appear today, however, are given in the order listed.
Tomorrow the entire list will be carefully compared with the official numbers that have been mailed out from Washington and an earnest effort will be made to have every name appear and in its proper place. This paper will be worth preserving. Orders for extra copies, to be sure of being filled, should be listed early.

AMERICA MUST GIVE HER ALL

Returning Army Officers Declare That Country Must Awaken Now Unless Germany is to be Virtually A Victor.

(By United Press)
Washington, July 25.—America must give her all if she would turn the fortune of war in Europe.
This is the sole emphatic message which returning army officers bring back here.
They say that as things now stand a deadlock is the only thing in sight on the West front. They report to the war college that the outlook is anything but optimistic and privately say that the United States must awaken right now unless Germany is to virtually be a victor.
The Russian situation they regard as nearly hopeless.

TAKES YEAR TO MAKE SOLDIERS
Six hundred thousand Sammys is the largest number that the United States can send abroad by September 1st, 1918.—this statement was made semi-officially to the United Press today along with the declaration that not more than 100,000 can be in Europe by January 1st. The new national army will not be in the cantonments before October 1st, at the present rate of camp construction and it takes a year to turn a civilian into a good soldier; hence the second section of the new army will not be called out before next summer, it is believed.

AMERICA'S WAR BILL.
About \$7,000,000,000 is America's war bill this year, estimates Senator Smoot, and this includes an additional loan of \$2,000,000,000 to the Allies, and the \$5,000,000,000 war budget to be submitted by McAdoo this week. Appropriations to date are \$9,226,000,000.

WAVE OF ENLISTMENTS
America's men of fighting age are flocking into war service today.
An unprecedented wave of enlistments in the Army, Navy and Marines is sweeping the entire country, according to reports gathered by the United Press.
Men whose names are far down on the draft list are enlisting for fear they won't be drafted.

SHIPS WILL BE BUILT AT ONCE

AND THE NEW CHAIRMAN OF THE SHIPPING BOARD SAYS THERE WON'T BE MUCH TALK ABOUT IT EITHER.
(By United Press)
Washington, July 25.—"Ships will be built at once, both wood and steel, and there'll be little talk about it."
This is the decision of Chairman Hurley of the Shipping Board and General Manager Capps of the Emergency Fleet Corporation, who have now settled in their new positions and are ready to take up the great marine construction problem where it was stopped by the Denman-Goethals row.

KERENSKY ON ARDUOUS TASK

(By United Press)
Petrograd, July 25.—All Russia must join in backing up the traitors and malcontents, urges Russia's Lloyd George, Premier Kerensky.
Kerensky has stopped all leaves of absence from the front and sent soldiers everywhere to hunt down deserters and spies.

TARNOPOL IS STILL BURNING

(By United Press)
Amsterdam, July 25.—Tarnopol, which was abandoned to the Teutons by the Russians in their Galician retreat, is still burning, according to the Berlin Lokal Anzeiger, which says:
"The Russians violently resisted the German advance. South of Dvinsk the enemy assumed a strong offensive over a wide front indicating that they did not lack munitions. Fighting is developing in the direction of Vilna."

COMMANDS RUSSIAN BALTIC FLEET

Petrograd, July 25.—Admiral Rozhanski was today appointed to command the Baltic Fleet.

GERMANS ARE FLUNG BACK

(By United Press)
Paris, July 25.—Once again the French flung back the powerful German assaults last night against the Californie plateau. This is the sixth successive night that the Germans have tried vainly to batter their way through the Chemin Des Dames line.
WIPE OUT SIX DAY'S WORK
With the French Armies Afield, July 25.—In one short stroke the French today wiped out all that Germany had gained in her six day's prodigal sacrifice of blood, steel and powder along the Chemin Des Dames.

WEATHER

Probably local thunderstorms.
