

Allies Agree on Remodeling Map

Readjustments to be Made so That Peoples May Live in States of Their Own Nationality

(By United Press)

Washington, Aug. 6.—The Allies have come to full agreement as to the remodeling of Europe's war map after the war.

Taking territory here and straightening lines there, they intend to have such restorations as will tend toward international peace.

While Germany dreams of "Mitteleuropa"—Middle Europe—running from the North Sea to Bagdad under Teuton dominion the Allies have agreed that war shall continue until this dream vanishes.

The first of the Allies proposals is to restore stricken Belgium. Then France is to have Alsace-Lorraine. Constantinople is to be internationalized. Turkey is to be ousted from Europe the Grecian boundary is to be shoved northward while Greece will also get some islands near her in the Mediterranean. Italy will have Trent and Trieste, some straightening of her northern border and a small slice of territory across the Adriatic. Croatia and Bohemia will be made independent states, while Poland will be established as an independent territory as a buffer between Germany and Russia.

It is further proposed to divide Austria-Hungary into two states.

These readjustments are not based on conquest but on the determination that the peoples shall live in states of their own nationality and not under an unwelcome yoke.

The Allies will not return the German-African colonies on account of the tyrannical there.

NEW YORK PORT IS CLOSED TO-DAY

Washington, Aug. 6.—The port of New York was closed today as a precautionary measure after a sea captain reached port with the story that he had sighted a submarine some distance out.

Secretary Daniels has the captain's statement and may issue an official statement.

GOVERNOR THINKS TROUBLE SETTLED

(By United Press)

Raleigh, Aug. 6.—Governor Bickett is confident that North Carolina's threatened resistance to the draft has thoroughly abated as the result of official warning that offenders would be summarily punished.

Dr. H. Q. Alexander, president of the Farmers Union, disavows any intention of hindering the operation of the draft, although insisting that personally he believes it to be unconstitutional.

Mr. and Mrs. F. F. Garrett motored to Hertford Sunday. They were accompanied by Mr. Lloyd Sutton and Miss Minnie Wood.

HENRY HARGRAVES, Prop.

POTATOES IN BREADMAKING

SUGGESTION WHICH MAY BE OF VALUE IN POTATO COUNTRY WHILE WHEAT PRICES CONTINUE TO SOAR

POTATO BREAD ROLLS

- To Make 1 Dozen Small Rolls.
- 8 ounces of 2 tablespoonfuls* of lukewarm water.
- 6 ounces of sifted 2 table-spoonfuls of sugar.
- 1-3 cake of com- 2 tablespoon pressed yeast, ful of butter.
- 3-4 level teaspoonful of salt.

*Two tablespoonfuls of powdered milk, added to the dough, will greatly improve the quality of the rolls. Although milk itself or cream may be used, it must be borne in mind that they will increase the liquid content.

Boil, peel and mash the potatoes as directed for bread making. Add, in order, to this the salt, the powdered milk (if used) the yeast rubbed smooth and mixed with the water, and lastly two tablespoonfuls of flour. Let this mixture stand at a temperature of 86 F until the dough begins to collapse. Add to this sponge the butter, the sugar, and the remainder of the flour and, if necessary, enough more flour to make a very stiff dough. Knead thoroughly until a smooth dough which is no longer sticky has been formed. Set back to rise again, and when the dough has trebled in volume, knead lightly, form into small balls and place, not too close together, in greased pans. Allow to rise until double in volume, as shown by the "indicator," and bake 20 minutes in a moderately hot oven, at about 400 F.

Washington, Aug. 6.—The pressure of war conditions has brought to light the value of potatoes in bread making, both in England and America. As an economy in England potato flour was mixed with wheat and a peculiarly delicious bread resulted. In this country potato flour is not available to the average housewife, and the U. S. Department of Agriculture has therefore devised recipes for the making of bread with simple, plain boiled potatoes mixed with the wheat flour.

This bread is said to be not only a complete success from the economy standpoint, where potatoes are cheap and plentiful, but to supply an attractive novelty in the household menu, and a welcome variation from the usual bread monotony. It has a rich brown crust, is tender and elastic, and the flavor is preferred by many to the bread made wholly of wheat. It contains more moisture than ordinary bread, and therefore has longer keeping qualities.

For the making of potato bread, at the present time, it is advisable to use the early perishable potatoes, since the later varieties are capable of storage until spring. "Culls" also may be so used.

WHO SHALL HAVE CUSTODY LITTLE JACK

(By United Press)

New York, Aug. 6.—Who shall have the custody of little Jack De Saulles while his mother is in Mineola jail charged with killing his father may bring first into court the battle resulting from New York's most sensational society murder in years.

NEW HANOVER SOLVES PROBLEM

GETS NEARLY A THOUSAND NEGROES TO WORK ON FARMS IN COUNTY AND HELP TO PRODUCE AND HARVEST FOOD CROPS

Wilmington, Aug. 6.—More than 1000 laborers, men and women, mostly negroes, have been placed upon the farms of New Hanover County thru the efforts of the New Hanover Food Conservation Commission. Negro laborers have been leaving Wilmington by the score until recently, when the Food Conservation Commission applied itself to the labor situation and established an employment bureau with the result indicated. A few have since left for the North, but the movement has practically ceased.

Shortly after the Food Conservation movement was started the New Hanover County Commission, in a letter to the State Food Conservation Commission at Raleigh, challenged the other sub-commissions throughout the State to a contest for results, and, while the sub-commissions in many other counties have no doubt accomplished much, no well-informed Wilmingtonian hesitates to declare that the campaign of the New Hanover Commission has not been equalled anywhere else in the State.

At the beginning of its campaign the latter part of April, Chairman W. A. McGirt and the other members of the commission conducted a vigorous campaign to bring the people of the city and county to the realization of the seriousness of the food situation, of their individual responsibility to their community and their country in this crisis, and to increase the acreage and production of staple food and feed crops. Efforts along these lines have been continued, but meanwhile vigorous campaigns have been conducted in the interest of drying, canning and otherwise conserving the food products which were planted.

A large number of canning clubs have been organized in the city as well as in the rural districts and thousands of cans of vegetables which ordinarily would have been wasted have been conserved for human consumption. Much interest has recently been shown in the drying of vegetables and it is probable that before another season comes one or more commercial evaporating plants will be used in this city.

This week has been "Kraut Week" and thousands of pounds of cabbage are being packed in new mallet kegs and barrels. At a demonstration of kraut-making staged at the court house Monday by Mrs. J. C. Pretlow, home demonstration agent, Farm Demonstration Agent J. H. Herring and Mesdames J. P. Herring and Geo. Grant more than 1000 pounds of cabbage were conserved by three methods—kraut in light salt; kraut in heavy salt; and cabbage in brine, or pickled cabbage.

The credit for the very effective food campaign that is being conducted in New Hanover county belongs not only to Chairman W. K. McGirt, County Agent J. P. Herring and Mrs. Pretlow, the home demonstration agent, but also to other members of the food conservation commission and the newspapers of the city and to the people generally who have responded heartily and appreciatively.

BILL THREATENED BY FILIBUSTER

(By United Press)

Washington, Aug. 6.—A filibuster threatens the Food Bill today. Senator Reed who is an out and out antagonist of the bill has planned to fight the conference report and has the backing of a few others.

COMMITTEE REPORTS WAR REVENUE BILL

(By United Press)

Washington, Aug. 6.—The Finance Committee reported out the war revenue bill today, recommending that it be presented to the Senate. The bill carries an appropriation of \$2,000,000,000.

ALKRAMA THEATRE SOLD TO NEW COMPANY

The Alkrama Theatre has changed hands. Announcement of the change in management was made at Saturday night's show, and movie fans could hardly believe their ears. For going to the Alkrama had come to mean, in addition to good pictures and a comfortable place to spend the evening, the genial smile and royal welcome of Mr. Allen K. Kramer, and to imagine the Alkrama without its former master seems quite impossible, something like going to church and finding no preacher there, or going to a party where the eats were omitted.

The new company, however, is quite Krameresque and the name of the theatre remains a fitting one. The members are: U. G. Davis, G. F. Seyfert, Harry G. Kramer, Frank K. Kramer and J. Howard Kramer.

Mr. D. Ray Kramer who has been associated with his father in the management of the Alkrama will continue to run the show for the new company for the next month or perhaps longer, assuring the public of the same excellent service given them in the past.

EXAMINATIONS ARE IN PROCESS

BUT WILL TAKE LONGER THAN BOARD OF EXEMPTION HAD ALLOWED UNLESS WORK RUNS FAR INTO THE NIGHT

At nine o'clock Monday morning the examination of Pasquotank's soldiers-to-be began in the Federal building.

Dr. Griggs, Dr. Peters and Dr. Z. Fearing have been steadily on the job ever since, but it appears that the work will either run far into the night or have to be carried over to another day.

At noon the examination of sixteen men had been completed and seventy-four were to have been examined Monday, seventy-three Tuesday, seventy-three Wednesday and twenty-two Thursday.

It is rather early to ascertain a correct estimate of the proportion that will pass the rigid physical examination or the proportion that will ask for exemption.

BICKETT NAMES PRESIDENT OF R R

West Raleigh, Aug. 6.—Governor Bickett today named S. M. Brinson, of New Bern, President of the Atlantic and North Carolina Railroad Company; T. W. Slocums of Goldsboro, secretary-treasurer; J. M. Davis of New Bern, attorney; T. S. Etheridge of New Bern, State Proxy; Albert E. Rountree of Kinston; George L. Parrott of Kinston, auditor.

J. M. Allen of Goldsboro, W. M. Webb of Morehead City, Finance Committee; Thomas H. Hyman of New Bern, Chas. S. Wallace of Morehead City; J. K. Dixon of Trenton, D. C. McCotter of Cash Corner, Pamlico County, C. E. Taylor of Wilmington, W. E. Drake, Jr., of Raleigh and W. H. McElwee, directors.

JAPAN WILL NOT CO-OPERATE FURTHER

(By United Press)

Tokio, Aug. 6.—The admiralty denied today that Japan will take any further steps to co-operate with the Allies in the Mediterranean. Such help is not needed, it was stated.

TEN MILLIONS FURTHER CREDIT

Washington, Aug. 6.—Further credit of \$10,000,000,000 for Italy was announced by the Treasury Department today.

Potent Factor In Fighting Germany

America Enters Fifth Month Of Participation In World War With Many Important Steps Taken.

(By United Press)

Washington, Aug. 6.—Entering its fifth month America finds itself advanced as a potent factor in overcoming Germany.

While many of its processes were in the formative stage the remarkable transformation from peace to actual participation has occurred.

Around 400,000 National Guardsmen are under arms ready to move to the Southern Camps, opening on August 15th, for intensive training.

The regular army has been gradually filled with volunteers until it is only 3,000 or 4,000 short of its complete quota, while the American Expeditionary Force is rapidly shaping for actual trench service.

American destroyers prowling in the North zone while scores of new destroyers are building here.

These are minor things which have taken place in the construction of the great war machine. Others are the registering of 10,000,000 youths; the seizing of 91 German ships and repairing them; the authorization without a single dissenting vote of \$7,000,000,000 appropriation; \$750,000,000 for Merchant shipping; \$640,000,000 for aviation; agreement to loan to the Allies \$3,000,000,000, half of which has been advanced. A commission has been sent to Russia and to France. Thirty-two camps have been constructed; an embargo has been established to keep food from Germany; a great food conservation measure has been launched; and the Liberty Loan has been fifty per cent oversubscribed.

MAY BE AIRED IN CONGRESS

LATE CHAIRMAN OF SHIPPING BOARD WANTS TO GIVE DETAILED PUBLICITY TO DENMAN-GOETHALS ROW

(By United Press)

Washington, Aug. 6.—The late Denman-Goethals shipping row may be aired in Congress.

William Denman late chairman of the Shipping Board, has announced that he will furnish the California delegation the details of his differences with Goethals and will ask to have them printed in the Congressional Record.

Denman says that he has President Wilson's permission for this action.

Seeking vindication before the public Denman opened his campaign with the statement that his policies have been adopted by the new shipping board under Admiral Capps and Chairman Hurley.

Sensational disclosures are promised in his statement to Congress.

VIRGINIA TO CHOOSE GOVERNOR ON TUESDAY

(By United Press)

Richmond, Aug. 6.—Three men are laboring mightily to be Virginia's war governor.

Tomorrow the Democrats will choose in the primary whether this shall be Ellyson, Foltard or Davis. They are apparently running neck and neck.

The Davis forces will hold a rally here tonight.

All headquarters are claiming an overwhelmingly plurality.

DRAFT WILL NOT DELAY THE HARVEST

Washington, Aug. 5.—The draft will not interfere with harvesting the nation's crops General Crowder announced today.

Farmhands will be called out last it is stated.

FOUR OUTBREAKS ELIMINATED

DR. OWEN AND HIS HELPERS BRING PLAGUE UNDER CONTROL WITH SIMULTANEOUS SERUM TREATMENT

Dr. F. D. Owen and his assistant serum administrators during July brought under control four outbreaks of hog cholera in this district, one in Currituck two in Pasquotank and one in Gates.

The farmers co-operated in the observance of the necessary sanitary laws and cholera was practically eliminated in these communities.

During July Dr. Owen inoculated 3,109 swine on 172 farms, with the help of his assistants. He personally treated 724 animals, visited 84 farms and had 234 interviews with farmers. He taught eight demonstrators to use the simultaneous method of serum treatment, held meetings, made post mortem diagnoses, and altogether travelled 837 1-2 miles in his work.

RUSSIANS ARE PREPARING BATTLE

(By United Press)

Berlin, Aug. 6.—The Russians have prepared for battle between the Dneister and Pruth Rivers, the war office here announced today.

LOSE LESS THAN THREE U-BOATS

(By United Press)

Copenhagen, Aug. 6.—Between February and August (the average of submarines lost each month was slightly less than three, according to official statements from Berlin received here.

Against these losses many more submarines are being built it is said.

NOTICE TO THE PATRONS OF

NORFOLK & CAROLINA TELEPHONE & TELEGRAPH COMPANY.
