ELIZABETH CITY DISTRICT FAIR OPENS UNDER FAVORABLE AUSPICES

Exhibits Now Practically Complete, A Daily Program of Free Attractions, Good Races And Clean Amusements Promised.

The Elizabeth City District Fair, under the auspices of the Albemarle Agricultural Association, opened its gates at the new fair ground on Tuesday morning, November 12th.

Early visitors out at the ground before noon found the exhibits taking shape or already in place and the midway attractions ready to open.

A number of race horses were on the track warming up for the afternoon races which begin at half past one each afternoon.

New exhibits were coming in all the time and the prospects are good for a successful fair. With fair weather there is every reason to believe that the section will have a good fair.

Secretary Goodwin emphasizes the idea, however, that good weather or bad each day's program of races and free attractions will be carried out as planned.

Though the fair was open in all its departments Tuesday, Wednesday, November 13th, is down for the really red letter day of the fair.

Wednesday is the day set for Elizabeth City's patriotic demonstration inaugurating the active work of the War Work fund campaign. The demonstration staged is the most elaborate thing of the sort ever planned in Elizabeth City.

The school children are to have a holiday. The townspeople are expected to be spectators of or participants in the parade. Out of town visitors are expected here in great number. And when the war work demonstration is over the whole crowd is expected to go out to the fair.

There are five free attractions for those who attend.

There is horseracing every afternoon at 1:30.

There are splendid exhibits of agricultural products.

And in the exhibition building the Red Cross is prepared to serve attractive and tempting lunches at most reasonable prices.

TEN DOLLARS IS THE PRIZE

Ten dollars is a lot of money in these days, but that is the sum Mr. W. P. Knowles has generously donated the Thanksgiving Demonstration Committee, to be awarded the owner of the most beautifully decorated car in tomorrow's great parade.

So fine a prize ought to stimulate a lot of interest, lead many auto owners to decorate their cars, and fall in line at the appointed hour tomorrow.

MEETS TO-NIGHT

The November meeting of the Chamber of Commerce membership will be held at the County Court House tonight (Tuesday) at 7:30 o'clock.

The October meeting was not held because of the influenza epidemic, and tonight's reports will cover the activities of the Chamber for two months.

The general public is invited to attend the meeting. It is not necessary to be a member of the Chamber to be sure of a welcome to the monthly meetings. The organization not only invites, but urges all interested persons to attend any of its gatherings.

RED CROSS NEWS

Let no one suppose that the work of the Red Cross is finished. Millions of American boys are still under arms. Thousands of them are sick or wounded. Owing to the shortage in shipping, it may take a year or more to bring our boys home from protecting arms must be about them and their families over the whole period which must elapse before the normal life of peace can be resumed.

Our soldiers and sailors are enlisted until the Commander in Chief tells them there is no more work for them to do in the war. Let every Red Cross member and worker show our returning soldiers and sailors that to care for their health, welfare and happiness, we are enlisted for no less a period than they are.

The cessation of war reveals a picture of misery such as the world has never seen before, especially in the many countries which cannot help themselves. The American people will expect the Red Cross to continue to act as their agent in repairing broken spirits and broken bodies.

Our spirits must now call us to show that it is not the roar of cannon or the blood of our own alone that directs our activities, but that a great people will continue to resist and opportunity to serve mankind greatly and freely to its obligation.

The Chapters are instructed also to hold until further notice unfinished supplies of surgical dressings except Army orders. You are assured surgical dressings in our warehouses that there are ample supplies of in this country and in France.

The BIG NEED at present is rush work on REFUGEE GARMENTS. Surgical dressings workers should be urged to enlist in this work because we will be asked to make many more refugee garments in rush time, as winter is near at hand and one garment will be of infinitely greater service in saving life than many garments in three or four months.

DOUGHBOYS ARE FILLED WITH JOY

With the American forces, France, Nov. 11. (Night).—Hostilities are over in accordance with the terms. Cheering doughboys passing groups of prisoners at work on the roads today invariably asked, "Well, whaddya think of it now?"

The prisoners with never a come back, worked sullenly on. Truck drivers unearched flags and decorated their trucks. Troops yelled boyishly at the passing stacks full of daunting officers, and all salutes were forgotten.

HEADQUARTERS SOON TO METZ

Paris, Nov. 12.—It is generally believed that the French general headquarters will be transferred to Metz within ten days.

The Petit Parisienne says it understands that all Allied Premiers will soon meet at Versailles to consider peace, and there is a strong probability of the peace conference being held there.

J. C. SAWYER IS NEW CHAIRMAN

Mr. A. B. Houtz, Chairman of the United War Work Campaign in Elizabeth City, is confined to his home by an attack of influenza. The many friends of Mr. Houtz will greatly regret his illness, and hope for his speedy recovery. And the War Workers are sorry to lose so valuable and efficient a worker in the present drive for the city's portion of the United War Work allotment.

The illness of Mr. Houtz has necessitated the appointment of a new City Chairman, and Mr. J. C. Sawyer has patriotically consented to act. It is certain that Mr. Sawyer will spare no effort to raise the city's quota. He has a reputation for putting his heart and soul into whatever he undertakes, and so great a cause as that of the support of the Y. M. C. A. and allied organizations, is one that deeply appeals to him.
