KINSTON'S SLOGAN

"Every back yard a truck farm" is Kinston's 1919 slogan, and gardening is on a boom in that progressive town, according to Kinston's correspondent to the daily papers.

The Advance understands that Elizabeth City is getting ready for a gardening campaign and hopes that Kinston won't have anything on this good home town when roasting ear time comes round.

THE ADVANCE FOR IT

The Advance is heartily in favor of the educational survey to be taken by a Chamber of Commerce Committee. The community needs to get the facts, and then to co-operate earnestly to better conditions each year. The responsibility is upon this generation to see that every child, of whatever race or color gets a square deal, or something akin to it. So the race is improved and the thoughts of men are widened with the process of the sun.

WILL DO GOOD

The Advance received a message yesterday to the effect that the wife of Dr. Cardwell, the well known colored physician here, has become greatly interested in the work of the Elizabeth City Housewives League thru reading this newspaper and has asked to organize a branch of the league among the colored people of the city.

She and her helpers did excellent work for the Red Cross and they can render most effective service for their community by co-operating in this public spirited undertaking.

AN AMERICAN PRIVILEGE

Hallet Ward announces himself in the race for Congress and straightway goes to Raleigh and speaks against woman's suffrage, declaring it to be "a political snare, a sociological delusion and a biological lie." As to that Ward is entitled to his own opinion if he knows what he's talking about. But he goes further and places the blame for the I. W. W. and for various Bolshevistic tendencies in the West to woman's suffrage.

Now, honestly, did you ever hear of anything much more senseless? The Advance has always liked Hallet Ward, but it seems to this newspaper that in this instance he has availed himself of the great American privilege of making a fool of himself.

With every member of the Board of Aldermen elected by the vote of all the people of the whole city, it ought to be possible to elect a board of aldermen with eye single to the public welfare. Certainly it will be possible to elect as good aldermen as Elizabeth City

SUPPORT THE "Y"

"The work that is being done by the Y. M. C. A. ought to be done by the churches," one hears some of the saints say now and then.

Well, if the churches are not running the Y. M. C. A. these days, just who is, The Advance would like to know?

The institution is managed by its board of directors and the men on this board are put there by the churches of the town.

If any one church gets to the place where it is willing to add \$4,000 a year to its budget and a gymnasium, reading room, game room, and so on, with the necessary equipment to its plant, it will be time enough to talk about that church doing for its members what the Y. M. C. A. is doing for the whole town. But as long as the churches of the town do not or cannot make such provisions for its young people, let's support the Y. M. C. A.

The Advance has been handicapped for the past week by the absence of its master printer, Mr. Godfrey Homan, who has been incapacitated by a sprained ankle. Mr. Homan turned up this morning and is again on the job. So The Advance is again ready to handle all the business it can get—and then some.

A public library is a long felt need in Elizabeth City. Can't the Chamber of Commerce start something in this direction?

MAKE YOURSELF SOLID WITH THE FUTURE

To those who have learned by experience the advantage of a building and loan program as a means of accumulating savings no urging will be needed.

But to young men and women who have just become wage earners and may not be familiar with the purpose of a building and loan association, it may be stated that it furnishes one of the best means of systematic saving yet devised.

Shares cost twenty-five cents each per week (payable monthly at the same rate if desired). If continued for 322 weeks each share will be worth \$100.

The investor may withdraw at any time, if desired, but to those remaining in until the shares mature the full rate of earnings, six per cent, is paid.

There is no red tape. Simply make application, get a book, commence paying and make yourself solid with the future.

The ALBEMARLE BUILDING & LOAN ASSOCIATION starts its next year on March 1st, 1919. Make application for your shares now.

J. P. Kramer, President.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe To Bring Back Color And Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.
