**GO OUT TONIGHT**

Go to the Court House tonight and hear the Stereopticon Lecture by Dr. Zenas Fearing. The lecture will be beautifully illustrated, and will demonstrate that eternal vigilance is the price of health. It will begin at 8 o'clock.

Dr. Fearing is giving the lecture because of his interest in making this a healthful community—a city of healthful homes, and healthy, hearty boys and girls, and men and women.

The "Curse of the Fly" is the name of the lecture, which shows how the fly carries fifth and germs from the manure pile, garbage can, privy vault, spittoon, and sick room, to the milk, to baby's lips, baby's bottle, to the food of adults—direct, in fact, to all who harbor the vile insect.

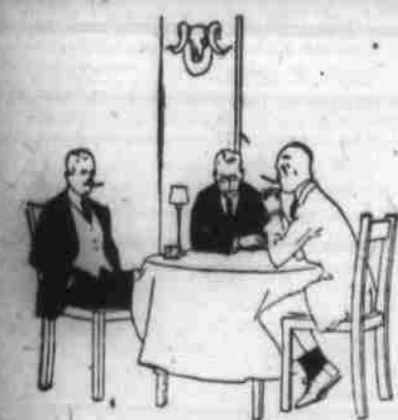

It will also bring out the startling fact that one wintered-over female fly produces a progeny in the eight months which, if placed end to end, would circle the earth 880 times, and that now is the season to effectively fight the great enemy to the race.

No admission will be charged. The lecture is for the public, and the Chamber of Commerce bears the expense of it.

**ALL OF UKRAINE IS BOLSHEVIKI**

(By Associated Press)  
London, March 20.—Virtually all of Ukraine is now in the hands of the Bolsheviki, according to advices reaching London today.

In heavy fighting at Kikolaiev, northeast of Odessa, the Bolsheviki lost between five and eight thousand men, but forced the French garrison, after fierce fighting, to withdraw to Odessa.

J. L. Decormis of Shawboro was in the city Wednesday.
