## EYES OF WORLD TODAY ARE FOCUSED ON PEACE TREATY

### Opinion Seems To Be That Germans Will Accept It But Pressure May Be Necessary To Get Them To Live Up To It

Washington, May 8.—The eyes of the world today are focussed on the treaty of Versailles.

Statesmen and diplomats everywhere are turning over the phrases of the official published summary of terms to form opinions.

In the United States the questions are being asked, "How does it affect America?" "Will the Senate ratify it?" "Will Germany accept it?"

Official Washington, with the President and Secretary of State in Paris, with Congress in adjournment, and many leaders on both sides absent, seems rather devoid of opinion. The general belief, however, seems to be that Germany will accept the treaty but that it may require economic pressure to bring about the fulfillment of some of its terms.

### THE AUSTRIAN TREATY

Paris, May 8.—The Council of Four with Orlando of Italy present today began to arrange for the presentation of peace terms to the Austria-Hungarian and Bulgarian delegations.

The Austrian Treaty has begun to take form. Portions are already drafted.

It appears that instead of Germany being required to pay the entire indemnity demanded by the Allies, a considerable sum will be demanded of Austria, the estimate at present being five billion crowns.

This indemnity provision and the delineation of new states' frontiers will be the main features of the treaty.

### TO CONSULT GERMANY

Intimations reaching the Peace Conference lead to the belief that two or three members of the German peace delegation will probably return to Germany to consult their government, the others remaining at Versailles.

Germany has not yet submitted any communication regarding the peace treaty. All exchanges between the delegation and Berlin are being kept secret. A copy of the treaty was sent to Berlin last night by a courier.

### MANDATORY FOR ARMENIA

It is expected that the United States will be asked to become mandatory for Armenia. Indications are that President Wilson will submit the matter to Congress.

### PEKING CUT OFF

The American Minister, Reinsch, at Peking has informed Secretary Lansing that all wire communication out of Peking has been cut except one wire to Siberia.

### NOT BE PUBLISHED

The full text of the Peace Treaty with Germany is not to be published until after it is signed, the Echo de Paris says today.

### KERENSKY IN PARIS

Alexander Kerensky, former Russian Premier, is in Paris, it became known today. He has not, however, made his appearance in Peace Conference circles.

The French foreign office received the information today that the Austrian peace delegation left Vienna yesterday and would reach St. Germain probably tomorrow.

## HOW TYPHOID REAPS HARVEST

### Public Health Lecture of Vital Importance at Courthouse Tonight Under Auspices of Chamber of Commerce

How deaths from diarrhoeal diseases are greatest in the fly season, how typhoid reaps its harvest during the months when the fly is most in evidence, and how a number of the diseases most deadly to human beings are most prevalent during the summer season, will be brought out in the illustrated lecture to be given by Dr. Zenas Fearing at the County Court House tonight (Thursday), May 8, at 8 o'clock.

Dr. Fearing will show how flies breed only in filth, and the slides will illustrate the process of development. Ninety percent breed in horse manure, and carry deadly germs wherever they go.

The lecture will show how it is not necessary to have flies in the house, or in the city. It will show what has been done in other cities to rid them of the fly curse, and Elizabeth City can do what other towns have done. Effective measures for combating the fly will be fully explained by Dr. Fearing.

No admission will be charged and no collection taken.

## INSPECTION WORK COMMITTEE REPORTS

An interesting report of the work of the Inspection Committee of the Housewives League was made at Wednesday's meeting of that organization by Mrs. E. R. Outlaw, Jr., Chairman of the committee.

On Tuesday the committee was assisted and instructed in the art of inspecting places where food is sold. Storekeepers and marketmen everywhere gave them a cordial welcome and expressed their desire to co-operate in every way with the League for sanitation and good health. Mr. Allen of the State Department of Agriculture who inspected with the ladies was pleased with Elizabeth City and felt sure that suggestions made by him would be carried out and react to the good of the community.

He was given a luncheon by the Inspection Committee at the Y. M. C. A. Tuesday afternoon.

### FOR THE BABIES

At the meeting Wednesday it was decided that a special Milk Inspection Committee be appointed. Since milk is secured from private families and not from dairies here, it would be impossible to inspect all milk supplies, but the committee hopes to be able to find a number of people in the city who will make a special effort to furnish certified milk for babies. This step was taken as a part of Baby Welfare Week work and the committee will report at the next meeting, the fourth Wednesday in this month. Mrs. V. C. Gilmore is chairman of this committee.

### MEMBERS WANTED

A vigorous membership drive will be waged this month by the League. Mr. Allen urged that every woman in the city join this movement for sanitation and health, since the summer season is most dangerous, especially to children, and a few members cannot accomplish for the community what a large and active membership will.

## COL. OLDS HERE ON SATURDAY

### Makes Address at 2:30 at Confederate Monument. Luncheon At 12:30 For Soldiers Old And Young

Col Fred Olds of Raleigh will make the Memorial Day address here on Saturday afternoon at half past two o'clock at the Confederate monument.

The exercises are held under the auspices of the daughters of the Confederacy and the public is very cordially invited to hear Colonel Olds.

At twelve thirty a luncheon will be served in the Y. M. C. A. for Veterans and their wives and for the soldiers and sailors just back from the war.

## HIGH SCHOOL LOSES TO FIRST & SECOND

Wednesday evening the crack team of the E. C. H. S. was defeated by a fast bunch of players which hail from the First and Second Wards by a score of 6 to 3. Both teams played good ball toward the last but the first Innings showed rotten playing by both sides. Lowery of the Highs thought he would pull off a fine play in the first act and by doing so let the ball through his legs, giving the left fielder a little work to do. Then Holloman on second, or "Fatty Arbutles, Junior," tried to catch a fly and do a little grandstand stunt for line ball and caught it not, as the ball hit the ground letting it run. Then many numerous home-head plays were also pulled off. For the First and Second Wards, Morrisette missed a fine ball in the air. He also must have been sleepy, too, as he was caught napping on first. Then Davis played a fine game of missing at short stop. The features were the misses and not fine plays at all. The Ump's got their too, as usual. Good thing there were no bottles near by for they would give the local doctors a little extra work with sore heads. The crowd was not up to the standard, but the threatened rain was responsible for this. In the last part of the game a little more pep was shown by all the players. The next league game will be played Friday: Cubs vs. Third and Fourth Wards. The Cubs have not been beaten as yet. Come out and see them licked—maybe.

Today the All Stars vs. the Third and Fourth Wards for practice.

## BALTIMORE FOR TREATMENT

Mr. F. F. Cohoon left Wednesday afternoon for Baltimore where he will consult a specialist for ear trouble with which he has been suffering for a number of weeks. He was accompanied by his son, Attorney W. L. Cohoon, who will go from Baltimore to St. Louis on professional business and will be absent from the city for about ten days.

## ROAD EXPERTS HERE SATURDAY

Mr. Geo. A. Ricker, Secretary of the United Cement Association, and one of the greatest experts on road construction in the United States, will appear at the Alkrama Theatre, Saturday morning, May 10, at 11:00 o'clock, under the auspices of the Elizabeth City Chamber of Commerce.

Mr. Ricker will bring with him a Good Roads motion picture and a set of stereoscopic slides, both of which will be exhibited at Saturday's meeting. Mr. Rowell, his assistant, will also accompany him. The Chamber of Commerce hopes that the residents of Elizabeth City and Pasquotank County will avail themselves of this opportunity to hear the Good Roads problem discussed by one of the greatest authorities, and that all who have any questions to ask will have them ready for that occasion.

## WAR REVEALS THE NATION'S WEAKNES

(By Associated Press)

Cleveland, May 8. — America's national weakness as revealed by the stress of war "is discovered to lie in our insecure and bad industrial relations," said Earl Dean Howard, of Evanston, Ill., Professor of Economics and Finance in Northwestern University in an address today before the Federal Council of the Churches of Christ in America. "Industrial autocracy, whether in the form of domination by corporations or by unions is our enemy at home even as German autocracy was our enemy over there," continued Professor Howard.

"The idea of democracy as a method of adjusting human relationships, both politically and industrially, has taken deep root in the world, and this country may not hope to escape the logical consequences of the development of their tendency. The masses of people who depend upon industry for this entire livelihood are losing confidence in the system of free enterprise which is still largely autocratic in its methods.

"Unless the government and business management unite to restore general confidence in our industrial system, it is inevitable that social forces which are already in existence will find our country as unprepared to meet the supreme test as we were to face the war with Germany, and with much less hope of a satisfactory outcome. All of the constructive forces whether on the side of management or organized labor must join to satisfactorily adapt our industrial relations to the needs of the post-war conditions so as to deprive the racial and destructive forces of their power.

"If employers, by collective action or otherwise, are unwilling to assume responsibility for meeting the human needs of workers within industrial management itself, then assuredly responsibility will be assumed by organized labor or by the government, or at the very worst, by the proletariat in a Bolshevik form of government.

"Democracy in industry is even now becoming the foremost topic in economic discussion. It may be translated 'Righteousness in business relations.'"

## NORTH CAROLINA MAY GET CANNON

### Will Be Awarded as Prizes in Victory Loan Campaign To States in Fifth Federal Reserve District

(By Associated Press)

Raleigh, May 8.—The following telegram has just been received from Mr. Edward Robertson of Richmond, Chairman of the War Loan Organization:

"The War Department through the Treasury Department will send to the Fifth Federal Reserve District three captured German cannons to be awarded as prizes in the Victory Loan campaign.

"These cannon will be awarded to the three states leading in the percentage of their over-subscriptions of their quotas.

"In view of the numerous war trophies collected at the National Capital, the District of Columbia has graciously waived all its rights in this competition so that the contest will be between Maryland, Virginia, West Virginia, North Carolina and South Carolina.

"It will be impossible to obtain any more cannon.

"The cannon will be presented to the winning states through their Central Liberty Loan committees to become the permanent property of these respective states.

"Shipment will be expedited as quickly as possible and it is expected that the cannon will be in the hands of the winning states within thirty days after the campaign closes."

### SOLDIER IN JAIL

F. I. Martin, wearing the uniform of the American Expeditionary Forces, is in jail here in default of \$200 bond. He was convicted of the larceny of clothing and a razor amounting in value to \$100. He had the razor in his pocket and the clothes in his suitcase which had been taken from O. R. Bell.

The same fellow was here last December with a stolen pony and was taken to Norfolk to answer for that offense.

On this latter visit he had been stopping at the Southern Hotel for a week and was recognized by the police when brought to trial.

### MAIN DEFEATS CEDAR

The Main Street ball team defeated the Cedar Street team by the score of 18 to 4 on Wednesday afternoon.
