W. G. GAITHER IS CITY'S NEW MAYOR

Dr. William A. Peters Made Health Officer And W. L. Cohoon City Attorney at the First Meeting of New Board of Aldermen

W. G. Gaither, Cashier and Vice President of the First & Citizens National Bank of this city was named as mayor by the new Board of Aldermen at its first meeting, held Monday night, June 2nd.

Other city officials named by the new Board were Dr. William A. Peters, City Health Officer, and W. L. Cohoon, City Attorney.

With the exception of City Manager Jones all other city officials will retain their positions until a city manager can be elected. Under the city charter these officials, which include the City Auditor, the City Tax Collector, the Chief of Police, the Sanitary Inspector, the Building Inspector and the Street Commissioner are elected by the Board on the City Manager's recommendation.

City Manager Jones tendered his resignation to the Board at this meeting and it was accepted. Under the provisions of the Charter the Mayor is acting City Manager until the City Manager can be elected.

For the position of City Manager the Board already has a number of applicants. A committee consisting of W. A. Worth, J. R. Bowden and C. M. Cooper was appointed to consider these applications and make their report to the Board at its next meeting, to be held Wednesday morning at nine o'clock.

H. G. Kramer, as President of the Chamber of Commerce, expressed appreciation of an invitation from the Board to attend its meetings and pledged the support and co-operation of the Chamber of Commerce to the new Board in its effort to make Elizabeth City a bigger, more beautiful and better city. A letter was also read from the Housewives League expressing confidence in the progressiveness of the new Board and pledging the co-operation of that organization.

The Savings Bank and Trust Company was made City Treasurer for the next two years, it being provided in the Charter that this office shall rotate between the banks of the town.

Aldermen Cohoon, Parks and Leigh were named as a committee to investigate the conditions of the market house with power to make any immediate repairs that they may find necessary. This committee was also directed to consult with the City Attorney as to what steps are necessary to get the meat and fish dealers of the town into the market house and to report their findings to the Board with such recommendations as they may wish to make.

Aldermen Sawyer, Leigh and Derrickson were named as a committee to draft, with the assistance of the City Attorney, ordinances for the city and submit them to the Board at its next meeting.

The Board then took a recess until Wednesday at nine o'clock.

Following adjournment the Mayor and the City Attorney were called on for speeches. Both responded, predicting a new era of progress and prosperity for the Picture City on the Pasquotank. Mayor Gaither pointed to the good roads about to be built in the section as a sign of an awakening of a new and progressive spirit here. The million dollar highway linking Edenton and Norfolk and the half million dollars about to be expended within Pasquotank county for permanent roads, he said, would mean more for the county, the city and the section than paved streets have meant for the town. Mr. Cohoon declared that we have a town that is second to none as a place to live in and the best people on earth. All we need is harmony, he declared, and he saw in the large crowd present, the largest ever attending an aldermanic meeting in Elizabeth City, an auspicious omen that Elizabeth City is going to have harmony. He said that the people are tired spending their energy in useless wrangling and are ready to get together, pull together and work to-

ADVERTISING! WHAT IS IT

Advertising is telling somebody else something about yourself.

GOOD MEETING AT NEWLAND

An interesting meeting of the colored people was held at Newland Monday at noon. There were several hundred present and much interest was manifested.

County Agent G. W. Falls spoke to them on reconstruction work, stressing the value of diversification in agriculture.

Mr. Shoemaker of the Division of Markets, spoke on the value of the study of agricultural problems.

MONDAY'S GAME WON BY INDIANS

Yesterday's game between the Indians and the Pirates went to the Indians by the tally of 8 to 3. Features of the affair were the class A work of Seyfert for the Pirates in center field, and a home run by Bartron, which was not permitted to count, because the umpire decided that Bartron failed to touch second base. The Pirates plan to protest the game.

Perry did effective box work for the Indians until the last inning, when he was taken out and Woodley put in. C. Jones did good work in the box for the Pirates for three innings. Hughes who followed him, tossed over only a few balls and had to give up on account of a sore arm. Chory then finished the game, by his wildness permitting five runs in the fourth, after which the Indians did not again score.

Mr. Cohoon also took occasion to say that Elizabeth City has a Chamber of Commerce second to none in the state and a Chamber of Commerce Secretary unequalled in ability in Virginia or the Carolinas, that no city of Elizabeth City's size anywhere in the Union had a better man.

NEW ORDER BEING ORGANIZED HERE

Mr. M. McRae Faison, of the Loyal Order of Moose is in this city this week to organize a lodge of this order in Elizabeth City.

Organized in 1888 the Loyal Order of Moose has enjoyed a steady growth and today its membership numbers over 700,000.

It has paid out in sick, accident or other benefits approximately ten million dollars and the total assets of the order today are approximately eight million dollars. In the State of Illinois it owns an estate of over a thousand acres, thirty seven miles west of Chicago on the Lincoln highway. On this big estate is Mooseheart, a Home and School for orphaned children of members of the order. This Home was dedicated to its present purpose by Vice President Marshall and over two million dollars has already been spent on its equipment.

Mr. Faison hopes for a membership of 1,000 for the Loyal Order of Moose in Elizabeth City.

ANARCHISTS LAUNCH REIGN TERROR AGAINST GOVERNMENT LAST NIGHT

May Day Follies Followed By Explosions in eight Cities. Pamphlet Found Announcing Plot And Signed "Anarchist Fighters"

Washington, June 3.—The police today believe that they have identified the man blown to pieces last night in the attempt to kill Attorney General Palmer with a bomb as a Philadelphia anarchist.

They also are confident that the nation wide plot against the lives of government officials and prominent business men was laid in that city.

A blood stained conductor's identification check was found in front of Palmer's residence today which showed that the anarchist arrived at Washington at ten-thirty last night. He went directly from the union station at Washington to Palmer's home and only a few minutes before the explosion was seen alighting from a streetcar a few blocks away by C. S. Briggs of Marion, South Carolina.

The police would not reveal the man's name but they feel confident that the facts they have gathered since midnight will lead quickly to the apprehension of the anarchist's associates who they believe are responsible for the May Day plotting which sent infernal machines thru the mails.

The police are confident that the plot to take Palmer's life would not have miscarried if the anarchist had not stumped his toe on the low coping six feet from the front door. The coping tripped the man and he fell. Concussion apparently set off the bomb.

Washington, June 3.—The widespread bomb explosions last night are apparently a sequel to the unsuccessful May Day outrages when infernal machines were mailed to government officials and public men, and are believed by officials here to be another move in the anarchist movement to overthrow the organized government of the United States.

Evidence that the plot was carefully planned was contained in a pamphlet found at the home of Attorney General Palmer whose residence in the fashionable section here was partly wrecked by a bomb. The pamphlet was one of a large number scattered about after the bomb prematurely exploded and blew to bits the author of the crime and was signed "The Anarchist Fighters." It was undoubtedly intended as a signal to show that a reign of terrorism is on.
