EXPLOSION PLOT ORDERED FROM RUSSIAN RADICAL HEADQUARTERS

John Johnson, I. W. W. Leader in Pittsburg Makes Partial Confession Involving Bomb Maker in Cleveland

Pittsburg, June 4.—Evidence that anarchists responsible for the bomb explosions here Monday were operating under orders from the Russian Radical Headquarters in New York is in the hands of the local police today.

John Johnson, president of the local I. W. W. organization, who was arrested yesterday after a fight with detectives, was the directing genius of the bomb plot in this city.

In a partial confession Johnson is said to have named a Cleveland man as the maker of the bombs exploded here. This man as well as Johnson is said to have operated under orders from Radical Headquarters in New York.

NEW BOARD MUST SEE NEW MANAGER

Does Not Propose To Act Hastily In Important Choice And Will Not Employ Any Man "Sight Unseen"

The new Board of Aldermen of Elizabeth City will not employ a City Manager without a personal interview with him before the whole Board. This seemed the undoubted sense of the Board at its meeting on Wednesday morning, when applications for the position were taken up. No step was taken toward definitely employing any applicant, but correspondence with the applicants who seem best qualified for the position will be continued and they will in turn be invited to come before the Board until the Board has satisfied itself that it has found a satisfactory man. "Everything depends," said Mayor Gaither at Wednesday's meeting, "on our choice of a city manager. He is the man who will make or break our administration."

At this meeting the Board also took occasion to instruct D. Guy Brockett, Clerk to the Board, to put the meat and fish dealers on notice that when their present license expire none will be renewed except upon condition that these dealers do business in the city market, except in the zone west of Harney and north of Parsonage streets. Meat dealers will be permitted in this zone, because of its great distance from the city market, provided they pay the required license and provide the proper sanitary equipment for keeping meats.

On motion of Alderman Leigh Aldermen Cooper, Parks and Sawyer were constituted a committee to make recommendations to the Board relative to the peddling and sale of green groceries in the city. It is the earnest desire of the members of the Board to find a way to encourage farmers to bring their truck to the market and offer it for sale from their wagons at the market house curb.

At the suggestion of Alderman Parks Mayor Gaither appointed a wood committee to look after the cutting of wood purchased and paid for by the city which is still on the stump and which the city will lose unless it is cut and removed by December of the present year.

In answer to a letter from the Housewives League pledging co-operation of that organization with the Board in every movement for the general betterment of the town a letter was sent to the League expressing the Board's appreciation of this pledge and its earnest desire to co-operate with the League in its work.

The Board took a recess to meet subject to the call of the Mayor.

The members of the new Board of Aldermen are: G. F. Derrickson, J. R. Bowden, C. M. Cooper, J. B. Leigh, W. A. Worth, P. C. Cohoon, Bascon Sawyer and H. G. Parks.

Officers elected by the new Board are: W. G. Gaither, Mayor; Walter L. Cohoon, City Attorney; and Dr. W. A. Peters, City Health Officer.

Other City Officials are retained pending the election of a City Manager, the City Charter providing that these shall be elected by the Board on recommendation of the City Manager.

In speaking of the spirit of the children.

Washington, June 3.—Altho the authorities are working in secret in their efforts to run down the plotters who planned the widespread bomb outrages Monday night it was stated today that no tangible clues that might lead to the apprehension of the plotters was found overnight. Department of Justice agents today had radicals of dangerous type under surveillance.

U. S. MARINES AT COSTA RICA

(By Associated Press)
San Salvador, June 4.—American marines have been landed at Puntarenas and Port Limon, Costa Rica, on account of the revolution against the government headed by Gen. Tinoco, according to dispatches printed in newspapers here.

NAVY DOUBTS IT
Washington, June 4.—No information regarding the reported landing of American naval forces in Costa Rica has reached the Navy or State Departments and Secretary Daniels said today that he doubted that any landing had been made. If any men were sent ashore they were sailors as the only marines detachment in the vicinity is the legation guard at Nicaragua and it can't be moved without authority from Washington.

Orange Blossom Tale—just out—prepared to suit the most fastidious taste. Trial box 25c. Large size 35c at the City Drug Store on Water St.

present Board of Aldermen today, a member of the Board, said, "As I interpret the spirit of our Board there is a pronounced desire for the co-operation of every citizen, regardless of sex, age or color, for the uplift of our town in every phase of community life.

"A cordial and sympathetic co-operation of every citizen is necessary if our town is to make the progress, materially and socially, that everyone desires. We must forget sectional differences and realize that this town in which we live, and in which we must rear our children, deserves our best energies, even sacrifices, in its upbuilding. I am impressed with the thought that the result of a prosperous, cleanly town of pleasing social surroundings, is a result that would fully justify the sacrifice of any desirable citizen.

"I believe I voice the sentiment of your new Board in saying that it invites friendly criticism and suggestion and certainly courts friendly co-operation. Your Board of Aldermen is nothing more than a board of directors. The individual citizen and taxpayer is the stockholder in our municipal corporation, occupying the same relation to the Board of Aldermen as the stockholders of either of our banks, or of other industrial corporation. It would be easy to forecast the ultimate failure and ruin of any such a corporation if its stockholders continually made it a point to antagonize its board of directors.

"The sooner each citizen realizes that he is a component part of this town, with certain individual interests, and that as such he owes a certain duty to this town, the sooner will we achieve the ideal place for his or her abode and a desirable place for the rearing of his or her children."

AN OPEN LETTER TO ELIZABETH CITY PEOPLE

With the approach of the Chautauqua season it will occur to many thoughtful people, "What is the unique value of Chautauqua this year?"

Last year Chautauqua was one of the most powerful of the forces whose part it was to maintain the nation's morale. So successful was it in this task that President Wilson was moved to call Chautauqua "an integral part of the national defense."

Great and important as was the service of Chautauqua during the war, we believe that its opportunity this year is even greater, and if possible, more important.

Out of the chaos of the great war comes the world of 1919. Many of its former leaders are gone, its old standards are shattered, its economic traditions are upset, and its ideals are plastic.

The architecture for this new order must, in the Reconstruction Period, be moulded in a new pattern. The great political and moral problems must be solved by a people well grounded and informed on the questions of the day.

The correct solution of these problems can be arrived at in one way, and in one way only. Those questions must be discussed without partisan or sectarian bias in the various communities of the land.

In no other way can our priceless democracy be preserved. And Chautauqua is the people's university, the one free forum for discussion in America. It creates that community interest which banishes individual selfishness. It calls together the people of the community to discuss with the nation's keenest minds the world's biggest problems. It is a steady force for the right kind of progress in this Reconstruction Period.

Chautauqua is more vital this year than ever before.

Local Chautauqua Committee,

GEO. R. LITTLE, President DR. B. C. HENING, Vice President
GEO. A. TWIDDY, Adv. Mgr.

WILL WEIGH AND MEASURE BABIES

Next Sunday afternoon at five o'clock the Better Babies Committee of Blackwell Memorial Sunday School will weigh and measure the babies in the Sunday school room.

A physician will be present, records will be made of each baby's health standing, Better Babies literature will be given out, and practical instruction given by the physician and his helpers in regard to the babies' welfare.

All babies under three years of age are included and mothers are cordially invited to bring the little tots at this time. The invitation applies not only to the Cradle Roll or to the Sunday school and church. Any babies will be welcomed and an effort made to give assistance and instruction to all.

The pastor, the superintendent, and many others are much interested in the welfare of the babies, and it is hoped that mothers will understand the spirit in which the work is undertaken and co-operate with the committee for good health and good will.

GERMANY HAS NERVE TO THINK THAT AMERICA OUGHT TO TAKE HER PART

Sentiment Grows in Hunland That United States Must Form Alliance With Germany And Become Protector of That Country

Berlin, June 4.—There seems to be a widespread demand on the part of Germany that efforts be made to induce America to enter into a sort of limited alliance with Germany to take the protectorate over this country, giving Germany financial aid and protection and taking in return the lion's share of profits of the country's industrial activities.

This sentiment which first made its appearance last December appears to have become stronger recently.

WILSON RECEIVES AVIATORS TODAY

(By Associated Press)
Paris, June 4.—President Wilson received Read, Towers and Bellinger of the trans-Atlantic seaplane this morning and congratulated them, expressing pride in the work they accomplished during their flight.

J. W. POOL HURT

J. W. Pool was thrown from his bicycle on West Main street Tuesday afternoon about three o'clock and painfully injured.

Mr. Pool lives on the corner of Main and Panama streets and works with Fowler and Company on Water street. He was returning to his work from dinner and near the corner of Main and Dyer streets was struck by a truck owned by the city and thrown against the curbing. He was badly bruised and his left collar bone was broken. He had two bottles of milk in his pockets and tho these were smashed he was not cut by the glass.

The driver of the truck made his getaway as quickly as possible, leaving Mr. Pool lying helpless. Some one saw the accident and summoned a car to take the injured man home. Dr. Kendrick and Dr. Walker were called to set the broken bone. Mr. Pool continues to suffer greatly and slept little thru the night.

BLACKWELL MEMORIAL CLAIMS VICTORY

After a fast and furious game between the Blackwell Memorial and First Methodist Church teams yesterday on the Methodist Church lot it was found that the score was tied. However, the Blackwell Memorial team claimed the score keeper made an error of one run in favor of the Methodists and upholding sacred tradition the Baptists beat the Methodists in the argument and won the game by the score of 13 to 14.

It was a game replete with brilliant stunts and grand stand plays throughout. The playing of Judge Leigh at the third sack was the most brilliant feature of the game.

CUBS LOSE TO GRAYS

Cubs Suffer First Defeat Of Season To Tune of 11 to 9. Umpire's Decision in Seventh Contested

The long winning streak of the Cubs has been broken. At last they have lost a game, and that old thousand per cent is gone, never to return. Hooper, pitching for the Grays, blew up in the third, permitting six runs, but the lead of the Cubs was a very temporary affair, for the Grays established a four run lead in the very next inning, and though this lead was cut down later in the game, the Grays came out victors by a two-run margin, thus handing the Cubs the first drubbing they have received this season. Three pitchers were used by each side in a desperate endeavor to clinch the game, and the umpire's decision affecting the batting order in the seventh was hotly contested by the Grays. The box score follows:

CUBS:	Ab.	R.	H.	E.
