VOL. 4

ELIZABETH CITY, NORTH CAROLINA, THURSDAY EVENING, JULY 3, 1919.

No. 157

PLANS AND PROGRAM NOW COMPLETE FOR BESS CITY'S BIGGEST DAY

Schedule of Events Insures The Biggest Celebration Ever Pulled Off in Picture City on Pasquotank

Plans for Elizabeth City's Good Will Day for everybody and Welcome Home Day for soldiers, sailors and marines are now complete. The final draft of the program for the day was put in the hands of the printer this morning.

J. T. PERRY
Manager of E. City Cubs

THREE BALL GAMES FOR GOOD WILL DAY

J. T. Perry, scrappy manager of the Elizabeth City Cubs, will lead his team in three battles for supremacy on the local diamond as part of the program for Good Will Day, Friday July Fourth.

The Cubs will first lock horns with the Portsmouth Rangers at ten o'clock in the morning. Manager Perry is confident of victory in this game as the battery slated for this contest, Woodley and Caddy, has a long string of victories to its credit.

At three o'clock in the afternoon the Cubs will play a second game for the Rangers, and again Manager Perry is confident of success. He has a surprise in store for those who attend this game, he says.

At five o'clock in the afternoon the Cubs will play their regular scheduled game with the Grays of the Twilight League.

All these games are to be played on the baseball diamond near the Norfolk Southern Passenger station at the end of West Main street.

ALLIED TROOPS TO HUNGARY

Expected That Such Move will Be Necessary to Assist in Relief Work There

(By Associated Press)
Paris, July 3.—The report from the Inter-Allied Food Council on the tactics of Bela Kun, Foreign Minister of the Hungarian government, in obstructing relief work in Hungary, will be submitted to the Council of Five this afternoon.

It is understood that recommendations will be made to Bela Kun that if he persists in his tactics a small force of Allied troops will probably be thrown into Hungary to assist in relief work.

GUN CLUB SCORE

Following is the score of the Elizabeth City Gun Club Wednesday afternoon:

D. D. Gallop	50	25

The program is replete with action from start to finish and it insures the biggest celebration of any sort that has ever been staged in Elizabeth City. Ten o'clock is the hour to be along the waterfront, as the two hydroplanes from the Naval Air Station at Hampton Roads are expected somewhere around that time. The Chamber of Commerce received a message from the Commanding Officer of the station last night as follows:

"Weather permitting we will send two planes to Elizabeth City on July Fourth to participate in the celebration. Planes will leave here at nine o'clock in the morning."

At eleven o'clock the parade will start from Pennsylvania Avenue. Units for the parade are requested to assemble at 10:45.

Races at the new Fair Grounds on Euclid Heights Road begin at two o'clock. At three o'clock there will be a wrestling match on the Fair Grounds and a game of ball between the Cubs and the Portsmouth Rangers at the baseball park at the west end of Main street. At five o'clock the Cubs will play the Grays in their regular scheduled game of the Twilight League series.

At eight o'clock in the evening will occur a big feature, the Welcome Home service for returned soldiers, sailors and marines at the First Baptist church. Lieut. Paul Rochat, who will speak for the French High Commission at this service has a remarkable war record. He was twice severely wounded and lost his father and two brothers who were killed in battle. He spent nearly two years with an American division, the Seventy-ninth, as Liaison officer to Brigadier General Evan M. Johnson. He was cited in the orders of the Division and awarded the Croix de Guerre and the Cross of King Leopold of Belgium.

M. Rochat says of the work of our soldiers abroad: "I saw the American boys in the midst of battle. I knew them well before the war, as I had been several times in your beautiful country, but there I learned to admire and love them more than ever."

Boat races, swimming contests and fireworks, all of which can be seen from the waterfront will complete the program of Elizabeth City's biggest Good Will Day.

Tom Aydielt of Jarvisburg is here for the Fourth.

INDIANS WIN FROM GRAYS

Woodley's Fast Ones Mystify Gray Batters; Clean, Fast Game Won by Score of 4 to 2. Today's Game Between Indians and Pirates

The Indians bested the Grays yesterday by the score of 4 to 2 in what was one of the classiest and snappiest games ever played on an Elizabeth City diamond. Both teams played real baseball, and there were few errors to mar the contest.

Woodley, pitching for the Indians, shot his well-known fast ones over the plate in a cool and steady way that never slackened, and Reid of the Grays was pretty effective most of the time, the ten hits of the Indians being scattered, so that not more than one run was scored in any inning. The whole game was clean and well played by both aggregations, though the Indians had the better of it after the first inning, in which Beveridge at second made the three putouts for the Grays.

The first Indian run was scored in the second inning, Bagley coming home from third when Henderson threw wide to first. They made a second run in the next inning, after Armstrong, having reached first in safety, stole second and third and came home on Stanley's clean single to center. In the fifth Homan brought in the third run of the Indians, and in the seventh Armstrong crossed the plate with the fourth and final tally.

The Grays scored the first of their two runs in the third inning, when Reid singled to right and went to second on Pappendick's failure to field the ball. Cropsey, running for Reid, scored on Twiddy's one base hit. Their second run was scored in the seventh, Williams going to first on Homan's error, stealing second, and having advanced to third on Reid's single scored on a ball which passed the catcher.

Today's game between the Pirates and the Indians will take place at the usual time, and it's up to the Pirates to show some real class if they hope to hold down those fast and ferocious tomahawk artists. The official score of Wednesday's game:

INDIANS:			
Armstrong, 2b.	4	2	0
Stanley, c.	2	0	0
Ferrell, 1b.	3	0	1
Bagley, s.s.	4	1	2
Ferry, 3b.	3	0	1
Pappendick, r.f.	2	0	0
Woodley, p.	3	0	0
Kooper, l.f.	3	0	1

OPPORTUNITY IS WORKING OVERTIME

"Opportunity hasn't missed a working day since the Garden of Eden was laid out in building lots." So wrote a popular writer six years ago. But that was before the war. Today — opportunity is not only putting in a full day's work, between sun-up and sun-down, but it is working overtime. The country has never been so prosperous. Take advertising, for instance. There's opportunity right here in these pages—for the men who sell,—for the men and women who buy. Don't miss the advertisements. They are guide posts to better buying. They will save you money.

Paris, July 3.—M. Bratiano, Prime Minister to Rumania, left last night for Bucharest to submit to his government the text of the Treaty regarding that country.

Public opinion in Rumania and Transylvania is such that M. Bratiano considers it impossible to take upon himself the responsibility for signing it first without referring the matter to the government gauging popular sentiment.

SANITATION IS MOST IMPORTANT

And The First Matter That Should Claim The Attention Of A Community Says City Manager

"Sanitation is the most important matter in municipal welfare today," said the new City Manager, Fred W. Simonds, addressing the Housewives League Wednesday afternoon.

"Sanitation is the first thing which should claim the attention of a community," continued Mr. Simonds, speaking very quietly but with unmistakable conviction.

"The reports of the work of your committees this afternoon have been most gratifying to me. You women understand that public health is the basis of the welfare of a community."

"Sanitation,—the meaning of the word covers more than we ordinarily think. It means clean streets, clean alleys, clean sidewalks. It means that these must be perfectly clean. And it costs money. The work of making this a clean community will begin with cleaning the streets. Your streets are not clean enough. It will go on and on and into the yards and the houses of the people. We will beautify the town and we will make it sanitary. We will make it possible to get clean milk for the babies of the community. Already plans are being made for a new dairy near your city that will furnish you pure milk."

"I want to say that the analysis of your city water shows that it is all right from a health standpoint. I think the color can be improved and we will work to that end."

"I believe that a city should own its public utilities."

"I believe that we must get compulsory sewerage. There are 1,800 outhouses in the city. That is the most serious fault that I have found. We are going to try to remedy it. We want a perfect sewer system. We must get the State Board of Health to order us to get it."

"I want to recommend a Deputy Sanitary Inspector, a woman, on Monday to the Board of Aldermen. I think that the Inspector should be a man and look after the streets and outhouses, but there should be a woman also who can talk to the women in the home. If the League can help me in suggesting a woman who can and will do this work, I shall appreciate it."

"I want to thank the women for their co-operation and help. We are going to work for real sanitation, a really clean community. I suppose I shall have to make enemies. I have made them before."

The League was greatly pleased with Mr. Simonds' brief talk. For so long the women of the city have struggled against odds to do their bit for a cleaner town, and at last there seems a chance to accomplish something worth while, something that will mean lives saved and a better, happier Home Town.

Mr. Simonds plans for a Clean Up Week this month, and the League hopes to secure the co-operation of the Boy Scouts in conducting Fly-killing and ratkilling contests.

The playground committee was unable to report that grounds could be secured yet, but hoped to report at the next meeting. The Milk Committee reported much work done, but little accomplished because milk is obtained from private families instead of dairies, which makes inspection practically impossible.

Mrs. E. R. Outlaw, Jr., Chairman of the Inspection Committee, reported that the following firms have been given cards of approbation from the League: Standard Pharmacy, Albemarle Pharmacy, Apothecary Shop, Scott & Twiddy, M. P. Gallop Co., G. W. Twiddy, D. R. Morgan Co., Hersey Williams, Pappendick and Love, Pappendick's Meat Market, Dawson's Ice Cream Factory, Morrisette & Raper and M. M. Sawyer. Mrs. Outlaw leaves her work in the hands of Mrs. J. A. Spence while she goes away for the summer.
