James W. Gerard Declares There Are Plenty of Good **Democrats** For Presidential Nomination

(By Associated Press) Portland, Oregon, Jan. 9 .- Democrats exhibited much interest today in the telegram read last night at the banquet here in which James W. Gerard declared that there are plenty of good men for Democratic nomination for the rPesidency from which the party could make its choice, and added that "Herbert Hoover is one of them."

# SEEK SOLUTION **TURKISH PROBLEM**

#### (By Associated Press)

Washington, Jan. 9.-Having aban doned hope that the United States would accept the mandate over Turkey, the Allied Powers are searching for a golution of the problem of expelling the Turks from Europe without causing an uprising among Mohammedan peoples as would endanger control of the European nations over them.

Reports from India, Egypt and other Mohammedan countries insist upon the retention of the head of their church in Constantinople under threats of boycotts of Christian business and trade and even actual warfatu.

#### EXPENSES TO BE **BORNE BY GERMANY**

(By Associated Press) Paris, Jan. 9. - The Supreme Council decided today that the excontrol of the Rhine regions should be borne by Germany as well as the cost of his Army of Occupation.

The Council discussed the first meeting of the executive council of the League of Nations to be called by President Wilson. The date of the meeting will be fixed later.

# NATURAL GAS **MAKES MANY RICH**

Others Anxiously Waiting Out-Near Pittsburg

#### (By Associated Press)

Pittsburgh, Jan. 9 .- Spouting natural gas at the rate of almost 100,-000,000 cubic feet a day, the Snake Hollow field, which is not yet four months old, already has made a large number of persons comfortably rich, while some thousands of others wise as they should be, only one are anxiously awaiting the outcome of their subterranean gamble in more the location of the College, and that than 200 wells where the drills are place is Betsy. The development, which became apparent when a strong flow of gas and all these surrounding counties blew the top off a derrick on September 28 last, covers no more than 100 city. Betsy has no rivals in their acres of town lots in the outskirts of affections. The trustees should note the thriving little city of McKeesport, 16 miles from Pittsburgh. Efforts are being made by important

oil and gas interests to extend the field. If these test wells, now being the statement that while their store drilled, come in gushers, an important addition to the gas producing territory of Allegheny county will ing into our midst of several hunhave been found. If they are "dusters," geologists say, it will not be long until Snake Hollow will be a penses of the High Commission in thing of the past, and dreams of men would not dress anything like wealth be nothing more than memory

Rock pressure, the measure of natural gas at the well, was 1,600 lbs to the square inch when the first well came in. This pressure, experts say, has now been reduced to 600 pounds, indicating that already the immediately. It will be almost imfield is beginning to decline. However, there are some 20 good wells in the field, and every well which reaches the Speechley sand where

FUNERAL OF MARGARET THURSTON

The funeral of little Marget Elizabeth Thurston, who died of membranous croup Tuesday night, was conducted at the home of her parents, Mr. and Mrs. Thomas Thurston on Pearl Street, Thursday afternoon at three o'clock by Rev. J. M. Ormond.

A large crowd attended the funeral and many beautiful floral offerings expressed the affection of many friends for the little girl and sympathy for the bereaved family. Mr. Ormond read a selection from the Gospel of St. Mark.

The quartette, "Jesus, Saviour Pilot Me," was sung by Mrs. Rob Fearing, Mrs. G. R. Barrow, Mrs. Noah Burfoot, Jr., and Mr. W. C. Sawyer. Mrs. Barrow sang as a solo 'I think when I read that sweet story

New York, Jan. 9 .- A system of taking foot-prints of children has been adopted in the New York Nursery and Child's Hospital to prevent infants born there from going to the it is planned to send other deportees wrong mothers. Its adoption was, due to the fact that a soldier's wife who recently gave birth to a baby in that hospital at first denied that the child was hers. The young mother, who had been reading stories of accidental substitution of children at hospitals and similar public institutions, declined to nurse the baby.

"We brought all the proofs we could muster." explained the superintendent, "but the mother persisted

## (By Associated Press) Copenhagen, Jan. 9 .--- Undesirables according to reports.

If this campaign accomplishes nothing else, good is being done in boosting our fine little citq. Already there is a call for get together meetings now and then in the Alkrama to consider community interests. It reveals our weak place in that we lack "team-work." We must learn to pull together, for "if we do not hang together we'll all hang separately."

#### Doctors and Specialists

Betsy is well provided with up to date doctors and specialists, witness if you please how the Influenza was handled by them. What other town escaped as did ours? Everybody knows that students need special attention from the Eye Doctors? See this advantage Elizabeth City has over these other towns. If the College be located in Ahoskie the students might have to come to Elizabeth City to consult our Eye, Ear and Troat Specialists. Why not locate the College here where all these advantages are offered?

#### The Old Fair Grounds

This is an ideal location for the College. Its picturesque, artistic, and scenic beauty is unsurpassed. At its foot flows the placid Pasquotank affording splendid bathing and boating and swimming facilities, all of which are needed in the development of robust, and charming womanhood. A committee will visit this site to-

woman if other white babies had been born here on the same day."

In order to avoid a similar experience the superintendent engaged a finger-print expert to instruct the head nurse in trying the system on the babies. "We found we couldn't get good prints of their hands," said the official. "Their feet, however, came out beautifully and for greater security the mother is finger-printed also.'

Very young bables, it was said, may look just alike but their feet are quite dissimilar. One child, the superintendent declared, will have a perfectly formed miniature pedal extremity, another's will print mostly vague criss-cross lines and still another will look like "an egg and five toothpicks."

Under the present system, which has been in operation nearly six months, the chlid's foot is inked and stamped on the hospital chart of the mother. Although he may not resemble any one in the family and thought no one can tell where he got his nose or his eyes or his mouth or the color of his hair, a comparison of the footprint taken at birth it was said, will tell whose child he is from among the hundreds of infants in his New York institution.

action in the courts of this County aroused more interest or brought to the Pasquotank County courthouse a more imposing array of counsel. Argument in this, the third, trial of the case was begun Wednesday and for two days the heavy artillery of the legal profession has volleyed a/nd thundered and reverberated through the corridors of the court house.

Representing the propounders, or those claiming the entire estate, as provided in the will were: Small, McLean, Bragaw and Rodman; Ward and Grimes, Aydlett and Sawyer; Thompson and Wilson.

Representing the caveators were: Ehringhaus and Small; Meekins and McMullan and R. C. Dozier of South Mills.

The foundation for the Hinton fartune was laid shortly after the War Between the States. Mr. Hinton had sold his slaves before the war and so lost nothing when slavery was abolished. He had money at a time when money was scarce and com-manded a high rate of interest. And he invested that money in land which continually increased in value. Time with the mounting values of land in this section made what in the beginning was a modest fortune a huge one.

John Louis Hinton was a man of education and breeding. As a young man he was careful of dress and of appearance. But as he grew older and wealthier he gave less and less attnetion to such matters; and it is as an old man of many eccentricities and of almost disreputable appearance that he is remembered in the Elizabeth City of today. The city's principal business block bears his name.

The star witness for the caveators was Mrs. John Cleveland Hinton, widow of the disinherited son of John Louis Hinton. She told of going to her father-in-law, after her husband's death, with a plea for help, to be told that he was as poor as she and could do nothing for her except that he would find homes for her children. It is these children to whom the verdict of the Pasquotank jury Friday, if permitted to stand, would award a share of their grandfather's wealth. They are Mrs. Ada V. Whitehurst, Mrs. Flossy Nosay and Mrs. Sophia Morgan.

The Hinton heirs under the will are R. L. Hinton, E. V. Hinton, W. E. Hinton, Mrs. Ida Sawyer and the children of the late C. L. Hinton, who has died since the proceedings to break the will were instituted. The case will in all probability go to the Supreme Court.
