HOOVER IS NOW MAN OF THE HOUR

(Continued From Page One)
—New England, the middle west, the south and the Pacific states— come evidence that a very potent element in the Hoover strength is the belief that he would prove a popular candidate with the woman voters. Hoover boomers are not losing sight of the fact that once he comes into the open as a candidate many guns now silent will be trained on him. As food administrator he made enemies as well as friends, and many of those enemies still have bitterness in their souls. Among his enemies is a very large body of American farmers, who believe he was instrumental in preventing their getting a higher price for wheat. Either party which should nominate Hoover, it is indicated by reports, would have to reckon with an adverse farmer vote—how extensively adverse there is no way of telling.

On the republican side of the pre-convention campaign the week has seen steady progress in the organization of candidates, the situation being that it still is a case of the field against Gen. Leonard Wood. Of those contending against Wood, Gov. Lowden of Illinois is regarded today as having the best chance of beating him under the wire, though it is admitted by those holding this view that they base their belief on the "tactical" or "practical" aspects of the case, disregarding sentiment and psychology. They hold to the view that the Wood movement has reached high-water mark, for the present at least, and that Lowden is in the most favorable position for making the next spurt. They claim there is a very large body of sentiment for him throughout the south, that he has substantial strength both east and west, and that even in states which are counted sure for Wood he is a popular second choice.

This, in a general way, is the view taken by N. O. Messenger, The Star's political specialist, in his weekly review of the situation, and it is supported by the budget of weekly dispatches from political correspondents. Senator Harding, who is reported sure of a solid Ohio delegation, despite efforts of other candidates to hunt on his preserves, and other republican aspirants get favorable mention in numerous states, but Wood and Lowden undoubtedly have held the republican spotlight during the week.

Mention of democratic candidates other than Hoover as possibilities still is scattering. A dispatch from Columbia reports South Carolina democrats as ready to support Bryan, and Jacksonville sends word that the stock of Senator Oscar Underwood is picking up in Florida. Oklahoma woman democrats are to hold a convention January 27 and are expected to endorse the presidential candidacy of Senator Owen, and democrats in Pennsylvania are busy lining up a solid delegation for A. Mitchell Palmer.

But lack of knowledge as to what the man in the White House wants still is a wet blanket over democratic activities.

ROBYN RECITAL TONIGHT AT FORK HIGH SCHOOL

Well Known Character Reciter And Musician to Give Two Hour Program

Two hours of music and bright, clean fun are promised for all who go to Fork High School, near Elizabeth City, tonight. John C. Robyn, who for 29 years has toured the United States as an entertainer will render a program of music and humor which is described by those who have heard it as being far above the ordinary. The entertainment will begin at 7:45 p. m., and the general public is cordially invited to attend. Admission 25 cents for all over 12 years of age, and 15 cents for those 12 years old and under. Come, and bring your friends with you. Mr. Roby has made a decided hit in Currituck and Camden counties, which he has toured during the past few weeks, and this is the first opportunity which the people of this city and county have had to hear him. He is a character reciter, singer, whistler, and musical mimic all in one, and his two-hour program has proved popular in all parts of the country.

HADN'T WELL DAY FOR 25 YEARS

San Francisco Woman Has Gained Thirty Pounds By Taking Tanlac

"I had not seen a well day in twenty-five years until I started taking Tanlac," said Mrs. Virginia Stapp, of 185 Valencia Street, San Francisco, Cal.

"I was beginning to think," she continues, "that I would have to bear my wretched health as long as I lived. I had no appetite, and when I managed to eat a few bites I could not digest it and as I could get no strength or nourishment I fell off twenty-five pounds in weight. I hardly knew what it was to be without a headache. All my life I have been so constipated that every day for years I had to take a laxative. My tongue was always coated and I had a bad taste in my mouth all the time. My condition was so bad that I could get little sleep, but would roll and toss about all night long.

"But all that is changed now, for since taking Tanlac I am able to eat anything I please without any bad after effects and I have actually gained thirty pounds. I haven't had a headache in so long I have almost forgotten about them. My constipated condition has been relieved and I never have that bad taste or coated tongue any more. I sleep nine to ten hours every night, can do my housework with ease and I have so much new life and energy that I just feel fine all the time."

All druggists sell Tanlac. (Advertisement)

USE NORTH STAR FLOUR BOTH PLAIN AND SELF-RISING
This high grade patent is made from the choicest winter wheat grown, blended with twenty per cent of best spring wheat. This flour will make the best biscuits and bread obtainable. The self-rising flour is growing rapidly in favor as it costs less than it would if you bought cheap baking powder, etc., and mix yourself. Ask your retail merchant for North Star Flour and if he does not have it ask him to get it and do not allow him to convince you that he has something "just as good."
It only costs 25 cents to 40 cents a barrel more than the general line of patents sold here.
It's Cheaper In The End To Use The Best.
Buy a small package from your retailer and if you find our statement not correct call on us and we will refund your money.
