The home garden habit will help you to acquire the habit of happiness.

Now winter has started this business of unseemly lingering in the lap of spring.

Our pages today are still crowded. But we must worry along until we get enough business to ad at least two pages to the paper.

The hens that are working under electric light at Raleigh certainly can't be accused of not doing their bit to bring down the high cost of living.

The Allies have occupied Constantinople. And may the flag of the Turk nevermore float above the towered mosques and minarets of the City of Constantine.

There is really only one obstacle to tax reform in North Carolina today and it lies in the clumsy thinking of uninformed minds—in the economic illiteracy that Mr. Vanderlip rightly says is threatening the entire world today.—University News Letter.

Are our schools doing anything to combat illiteracy of this sort?

We see our hopes of a new earth as a result of war and sacrifice glimmer and fade; but Heaven in infinite pity and compassion, and in a fresh and undiscouraged effort to save the world, sends us a new generation of little children. And looking at the shining ranks of this army marching daily to its task in the school room we thank God and take courage.

The fight against venereal diseases inaugurated by the Government as a result of the revelations of war should be waged to a finish, without truce, without armistice and without parley. Prostitution is a monster of more hideous mien than German frightfulness. The innocent babes that it has slain or maimed would make all the slaughter of the world war seem insignificant.

The Advance finds itself accused of having given its friend, Halot Ward, a raw deal in its report of his speech at the courthouse here this week. Nothing was farther from our purpose. But Ward is a rapid talker and if he wishes to be quoted as saying exactly what he means to say he ought to take the time to provide the newspapers with an advance report of his speech. He may not be sure of the exact language that he is going to use on any occasion but he certainly knows what he wants to say. The first inkling that Ward would speak here last Monday came to this newspaper when the banner announcing the speaking was discovered swung across Main street Monday morning.

**AGONY COLUMN**

(By John Peele)

I'M VERY MUCH INTERESTED IN COURT AND 'MOST ALWAYS I'M STRONG FOR THE JUDGE ESPECIALLY SINCE THE TIME WHEN JUDGE BOND CALLED ME UP TO THE BENCH AND CALLED ME THE LITTLE EDITOR AND SHOOK HANDS WITH ME JUST AS IF I HAD BEEN A GROWN UP EDITOR

AND EVER SINCE WHEN THERE IS COURT I HAVE INSISTED ON TAKING THE JUDGE A PAPER EVERY AFTERNOON ON MY WAY BACK FROM THE EVENING TRAINS

AND THIS WEEK THERE'S A NEW JUDGE AND I LIKE HIM SO MUCH THAT I EMBARRASS MY DADDY BY TALKING TO HIM SO LONG WHEN I TAKE HIM THE ADVANCE AND THE NEWS AND OBSERVER EACH EVENING

AND DADDY TELLS ME THAT JUDGES ARE BUSY MEN AND LITTLE BOYS MUSTN'T BOTHER THEM BUT I'VE GOT TO BOTHER SOMEBODY NOW HAVEN'T I?

AND LAST NIGHT AT THE SUPPER TABLE I KEPT TELLING MOTHER ABOUT THE NICE JUDGE WHO LOVES LITTLE BOYS AND NEVER TELLS ME MY PAPER IS NO GOOD AND I WAS TELLING HER THAT I WANTED TO GO TO SEE THE JUDGE AT HIS HOME WHEN HE LEAVES HERE AND DADDY WAS TRYING TO SAY SOMETHING HIMSELF

Of course we may get no better ice service than we have been accustomed to this summer, but the new delivery wagons certainly seem to promise something.

America is not the loser in the exodus of citizens who brook no interference with the liberty of unlimited consumption of intoxicating liquors.

Immigration should be restricted to aliens of good character and good health who desire and expect to become American citizens. The best are none too good for America.

Three cheers for daylight saving whether we move our clocks back or not. Everybody fall in line.

AND I WAS TALKING SO MUCH HE COULDN'T UNTIL HE SQUELCHED ME BY SAYING THAT MAYBE THE JUDGE WOULD LET ME GO TO SEE HIM AS HE HAD SAID HE WAS IN THE HABIT OF INVITING PEOPLE FROM THE HOME FOR THE poor TO VISIT HIM

AND I LEAVE IT TO YOU IF THAT WASN'T A TIME WHEN A FELLER NEEDS A FRIEND

ANYWAY I THINK I HAVE A RIGHT TO AGONIZE ABOUT IT

I THANK YOU

**GET READY FOR "FLU"**  
Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calotabs, the Nauseless Calomel Tablets, that are Delightful, Safe and Sure.

Physicians and Druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a lazy liver favor colds, influenza and serious complications.  
To cut short a cold overnight and to prevent serious complications take one Calotab at bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickening after effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger. Calotabs are sold only in original sealed packages, price thirty-five cents. Every dollar is authorized to refund your money if you are not perfectly delighted with Calotabs.—(A-1.)

**Here are Two Machines You Need**

**Admiral Mower**  
because it is the only mower that has genuine underdraft, "floating" frame and uniform tilt, the three big mower features no farmer should be without if he values his own time or his teams' strength, and wants the machine that does most work the easiest.

**Steel Hay Rake**  
because every tooth is held individually and has a coil spring to protect it against sudden strains; because it is made entirely of steel and can be depended upon to stand up under constant wear and tear of work in all kinds of fields. Its long life makes it the most economical you can buy.

Take up these claims or convince yourself by examining the machines at our store.

**Their Medicine Chest For 20 Years**

IT is characteristic of folks after they pass the allotted "three score years and ten" to look back over the days that are gone and thoughtfully live for a moment. I find myself, at seventy-one, frequently doing back a quarter of a century, when I see myself in the little drug store I owned at Hovary, Mo., making and selling a sort of compound to my friends and customers—what was then known only as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.  
For many years while I was perfecting my formula I studied and investigated the laxatives and cathartics on the market and became convinced that their main fault was not that they did not act on the bowels, but that their action was too violent and drastic, and upset the system of the user, which was due to the fact that they were not thorough enough in their action, some simply acting on the upper or small intestine, while others would act only on the lower or large intestines, and that they almost invariably produced a habit requiring augmented doses.  
I believed that a preparation to produce the best effect must first tone the liver, then act on the stomach and entire alimentary system. If this was accomplished, the medicine would produce a mild, but thorough elimination of the waste without the usual sickening sensations, and make the user feel better at once.  
After experimenting with hundreds of different compounds, I at last perfected the formula that is now known as Nature's Remedy, which I truly believe goes further and does more than any laxative on the market today. Two thousand letters to me in notes have convinced me I was right, and that the user of Nature's Remedy as a laxative medicine, even though he may have used for two or three years, never has to increase the dose.  
My knowledge of medicine and the results of its use in my own family and among my friends, before I ever tried it for my own use, led me to have great faith in Nature's Remedy from the very first.  
And now as I find myself nearing the age when I must bow to the inevitable and go to another life, my greatest pleasure is to sit each day and read the letters that each mail brings from people as old or older than I, who tell of having used Nature's Remedy for ten, fifteen and twenty years, and how they and their children and grandchildren have been benefited by it.  
It is a consoling thought, my friends, for a man at my age to feel that aside from his own success, one has done something for his fellow man. My greatest satisfaction, my greatest happiness today, is the knowledge that tonight more than one million people will take a Nature's Remedy (N.R. Tablet) and will be better, healthier, happier people for it. I hope you will be one of them.
