THE BOY SCOUTS

This month's issue of Physical Culture has an article on the Boy Scouts that all boys and parents will find interesting. The article is entitled "What to do with your boy," and the answer is found in the Boy Scout activities. Here in Elizabeth City a small band of Boy Scouts have found out what to do with their spare time how to make work a pleasure and how to make fun profitable. They go on hikes and learn about the great outdoors. They take Sunday afternoon walks together. They meet Tuesday nights and stand their Scout tests. Now they are having talks from local men on various trades. One night soon we are going to tell them about printing and editing a newspaper. They will have a talk on forestry. They have organized a camera club. It's great sport being a good scout. We hope you will read the article in Physical Culture, and we hope you'll get acquainted with the home town scouts.

Do you know, by the way, that the chief reason there aren't more Boy Scouts here is that it's so hard to find men to lead them? Once there were two troops. Now they have only one. Seems a pity that we let such good material go begging for leadership. Of course everybody is busy. But Mr. Combs is about as busy as anybody in town, we notice, and he does it, weather or no, with the assistance of Scoutmaster Pendleton.

WEAR 'EM AND WORK

One man makes this suggestion as a plank in the platform of the Overall Clubs. "If you are going to wear overalls, why work. Don't dress one way and act another." We pass it on. There's quite a lot in it. We certainly need more real workers and fewer people who spend money thoughtlessly without any realization of the labor required to gratify their personal desires. If everybody who dons the denim will go to work, nobody will have a word to say against overall clubs.

APPLIED KNOWLEDGE

We had an excellent news letter from South Mills in yesterday's paper. It was written by a school girl in the senior class of the South Mills School of which G. W. Lassiter is principal. It seems to us one of the most practical lessons in English that could be given, and the pupil applied her knowledge to the task more ably than many far older and wiser than she.

MARINE ENGINEER AT
PORT TAMPA FLORIDA
SAYS WORK WAS BURDEN

Boltze, Employed on Dredge "Barnard At Port Tampa, Suffered Six Years From Stomach Trouble.

"MY MOTHER ADVISED ME TO TRY TANLAC

Declares Condition Has Improved So Since Taking Tanlac He Can Stand His Work Better Than In A Long Time

"I have just finished my first bottle of Tanlac and have already improved so much that I am ready to tell everybody about it," said Frederick W. Boltze, who is engineer on the government dredge "Barnard" at Port Tampa, and whose address is R. F. D. No. 3, Tampa, Florida.

"It is certainly unusual medicine to do so much for me in so short a time," he continued. "I have been taking it only ten days, and shall make it a point every opportunity I have to say a good word for it."

"I have had the worst sort of trouble from indigestion for the past six years. My appetite was very

very irregular. Some days I felt like eating and other days I had no desire for food of any kind, but no matter what I ate, or whether it was little or much, my food would ferment and the gas from it would keep me suffering for hours. Nothing helped me so I kept losing strength and getting worse until three or four weeks ago I got so played out that my work was a burden to me.

"My mother advised me to try Tanlac, as she was taking it with fine results, and realizing that I must either get something to get me right or soon stop trying to work, I bought a bottle. Well, it may sound unreasonable and you may believe it or not, but it's a fact. I am now feeling as well as I ever did in my life. I can eat just anything I want at any time and never feel a touch of indigestion. I sleep as sound as a child at night, get up in the mornings thoroughly and am able to stand my work better than I have in a long time. I am going to take several more bottles of Tanlac, and can't help praising it for the good it has done and is still doing me."

"Tanlac is sold at the Standard Drug Company.

UC What U Get

Did you ever feel just a little doubtful when buying gasoline as to the amount you were getting? You knew what you were paying for but there was the most human little doubt still gnawing at your pocket book.

We have the visible glass five gallon measure and you see the oil as it is measured right before your eyes.
