PEOPLE WE DON'T CARE TO MEET

Oh you Circus fan.

Who's Pugh, —and Why?

Circus Day! Will you ever forget your first circus?

Don't let the Salvation Army committees do all the work. They need your help without delay.

If you want to keep up with the Twilight League baseball games this year, subscribe to The Daily Advance.

Remember the date, May 28th. Robert N. Page speaks here and you want to hear him before making up your mind about who is going to be the next Governor of North Carolina.

Here it is almost the Fourth of July and we haven't seen those public drinking fountains yet. Not that it troubles us but visitors in town would like to have a cup of cold water on the warm days of the summer season. We can't blame 'em much if they go away saying that we took their money gladly but showed little evidence of having ever heard of the golden rule.

The Cubs and the Elks had better look to their laurels. We understand that the suffs and the antis are both on the verge of organizing a baseball team to represent their respective views, the one to be known as Jesters, and the other, as Jokers.

When it can be announced that the new aspirants for the Twilight League pennant are ready to make their debut on the diamond, clad in middy-and-bloomer uniform, The Advance looks for attendance on the games to take a jump.

wash soap of the world. Without any rubbing or scrubbing it cleans everything from overalls to shirtwaists. It's the fastest working, best working wash soap you ever saw. See it work—and it's your friend for life!

Here's how it works!

Soak the clothes overnight. Cut up 1/2 bar of Clean Easy in 4 1/2 gallons of water and let it dissolve. Boil and put clothes in and stir for ten minutes. Rinse, blue and dry. You'll have the finest batch of clean clothes you ever saw; done in the shortest time, in the easiest way and for the least expense.

Besides, Clean Easy can't hurt the clothes. It doesn't wear them out like a wash board does. Its whole action is on dirt, grime and germs. And it does the work in any kind of water, any old time and in double quick time!
