**BAYSIDE HOME CLUB MEETS**

Mrs. Preston Jennings was hostess to the Bayside Home Demonstration Club Wednesday afternoon. The program was full of interest and the demonstrations in cooking helpful. Mrs. Preston Jennings read a paper on Food Values, one of the main objects of these clubs being to teach the members the proper balancing of foods in their daily menus.

A round table discussion of household affairs followed, and a discussion of the danger from flies brought out the statement, quoted from a reliable authority, that the progeny of one fly in one season, from April to September, would weigh, taken collectively, 800 pounds.

When the discussions were over the members went to the kitchen where a demonstration of four different ways of preparing sweet potatoes was given by Miss Albertson.

Those present were: Mrs. Preston Jennings, Mrs. W. Q. Jennings, Mrs. Everett Pritchard, Mrs. J. C. Small, Mrs. Pike, Mrs. Don Pritchard, Mrs. Eunice Hall, Mrs. W. G. Morgan, Mrs. E. D. Davenport and Miss Albertson.
