SUBSCRIPTION RATES: DAILY 12 months by mail or carrier-\$4.00 SEMI-WEEKLY

A STERN NECESSITY

Very regretfully The Advance finds itself compelled to again increase its advertising and subscription rates.

In a desperate effort to meet rising costs without such an advance, men on The Advance force have been working day months without extra pay; and yet despite this endeavor the paper finds itself hardly able to keep enough money coming in to meet its running expenses, to say nothing of liquidating debts and accumulating a reserve against a day of business depression.

We published yesterday a dispatch from St. Paul setting forth the advertising rates arrived at by a committee of experts who have studied the situation as those that should be charged by the smaller newspapers of the country if rates are to be based on the cost of production. These rates, away above those charged by The Advance, are as follows:

5.00	OL	TOBS	circulation	n 200c
1,000	or	less	circulation	25c.
1.500	or	less	circulation	30c
2,000	OF	less	circulation	
2.500			circulation	400
3.000	0.1	1088	circulation	430
3.500	01°	10.58	circulation	160
4,000			circulation	490
4.500	111	Tess	circulation	5.2e.
5,000			erreulation	55c.

The report of the committee continues:

After a thorough study of the 2 Gal Ready to Use present situation, the members of the committee were unaumous in the opinion that the prevailing rates for advertising in community news Kramer Brothers papers are much too low-and tha these rates do not compare with the increased cost of other commodities

In the mechanical departments labor costs have increased from fifty per cent to 150 per cent, the committee found; machinery and materials have advanced in keeping with the rising costs, and the newspaper publishers have not followed in the procession but have been deluding themselves into the belief that their future is secure as their past apparently has been.

It was found upon investigation that most publishers have a very inadequate filea of the cost of producing the publications. Most of them have considered that the increaed price of paper stock was the one item which should principally concern It is the one subject over which they have been especially alarmed.

The committee felt that although the item of the increased cost of print paper should have serious consideration it was of minor importance as compared to the increase costs of labor, machinery, materials, rent, insurance and the various other items of expense which are standard.

It was found that a number of publishers who own their own building are not charging the items of rent in figuring what their publicators are costing, nor have any considerable number been including interest upon the money invested in their plants as a part of the production cost of their newspapers. Others have been failing to put themselves upon their own payrolls for any adequate salary such as they might easily earn elsewhere. and from year to year have been laboring under the false delusion that they were making money. They have not taken into consideration the depreciation of plants and of the tremendously increased cost of replacement of machinery, and still they have continued to sell space in their publicatons at rates which have prevailed for years. The report concludes:

"The committee is strongly of the opinion that disaster and ruin faces thousands of publications unless they immediately adjust themselves to the new conditions and rigidly adhere to the rates which the committee of in-

vestigation recommends." The committee which met in Chicago, January 29, consisted of President Edward Albright, Gallatin, Tenn

R. T. Porte, Salt Lake City, Utah; Is It Patriotism, K. Whiting, Owatonna, Minn; H. Balley, Princeton, Ill; George T. Haubrich, field secretary of the Colorado Press Association; O. O. Buck field secretary, Nebraaka Press Association; G. L. Caswell, field secretary Iowa Press Association, Ames. Iowa, and H. C. Hotaling, field secretary of

the National Editorial Association. The committee also had in consultation, in an advisory capacity, B. S. Herbert, National Printer-Journalist Chicago; Harry Hillman, Inland Printer, Chicago; and N. A. Huse lee-president, American Press Asso iation, New York.

Mr. Caswel concurred in the report at stated that he personally believe that the charge for newspapers having 2,000 circulation should be 33 cents and upward, as follows:

2,500 ... 36 cents 4,000 ... 45 cents nou ... 49 cents 4.500 ... 48 cent 42 cents 5,000 ... 50 cent

The Advance will not Adcance to the rates recommended by the committee of editors but a slight increase in both advertising and yearly subscription rates is necessary. The weekly rate by carrier, however, will not be changed for the present.

Advertisers and subscribers and night for the last five are urged to watch the paper for an announcement of the new rates between now and want in Furniture. Put the problem June 1st.

> Come out to the courthouse tonight and hear Robert N

Well, didn't we tell you that it would be worth your while to hear Horace Williams?

Despite repeated frosts the boughs of the fruit trees, we observe, have begun to bend under the weight of growing fruit. You can nearly always depend on an Eastern North North Carolina peach crop.

You won't find any body saying that Bob Page is not a big enough man for Governor.

Need of Money, Or Fear of the Law?

Is the "Cut Rate Sales" craze prompted by patriotism, need of noney, or from fear of the law?

Mr. Riley, one of the Government' profiteer probes, is quoted by the Dry Goods Economist, of New York, is hisving quoted John Wanamaker, the first merchant to offer twenty per cent reductions this season, as sayin ; that he was making a fair profit even after reducing prices 20 per

Were we to reduce our prices ten er cent, to say nothing of reducing hem, 20 per cent, and were to continue to do so very long, we would go dead broke!

Our prices are marked down to he very lowest cbb in the beginning Cansequently the I the season, Cut Rate Sales" prices rarety, if ver get as low as ours, quality of nerefaindise, considered.

If you want the Best Clothing, furnishings and shoes in America for he price, come to see us.
